REPORT OF CIVIL SOCIETY

June 2012

Prof Nceba Gqaleni
Reporting

• We recognise that there is a need for an integrated reporting template which takes into account the work of civil society
• We have participated in the design of the new reporting template
• We agreed that all civil society sectors must report through the DACs
Strengthening WACs

• Where appropriate each sector representative will spend most time to ensure that operations at ward level are well organised

• Wards are the front line for our response
Coordination with DACs

• We encourage DACs to appoint a Deputy Chair who is a member of Civil Society

• Such a Deputy must be a member of the PCA

• In this way we will ensure a seamless relationship of the KZN PCA civil society with DCAs
Forum for sharing of experiences

- We recommend that a forum must be established to allow discussion of civil society across all districts

- This could at least be held once a year
An example of UGU District Municipality

• The Municipality has created a forum of this nature that brings together civil society formations from all local municipalities
Constitutional review

- We will review the PCA constitution and establish a mechanism to ensure that civil society is properly structured to deliver on its work with a view to strengthen the wards
- Differences among the sectors will be accommodated
Recommendation 1

• We recommend that the KZN PCA formalises three key committees that are critical in carrying out some of the important tasks of the PCA, viz:
  1. Behavioural change and prevention
  2. Treatment adherence
  3. Research
Recommendation 2

- A task team to review our constitution and align it to our plan and report back in the next meeting
Recommendation 3

• DACs must appoint a Deputy Chair who will also attend PCA meetings
Recommendation 4

• That a Provincial Civil Society Forum for Sharing be established to meet at least once a year with all districts
