

# **HARRY GWALA DISTRICT PRESENTATION QUARTER1 2015/ 2016 TO THE KZN PCA MEETING 11 / 10/ 2015**

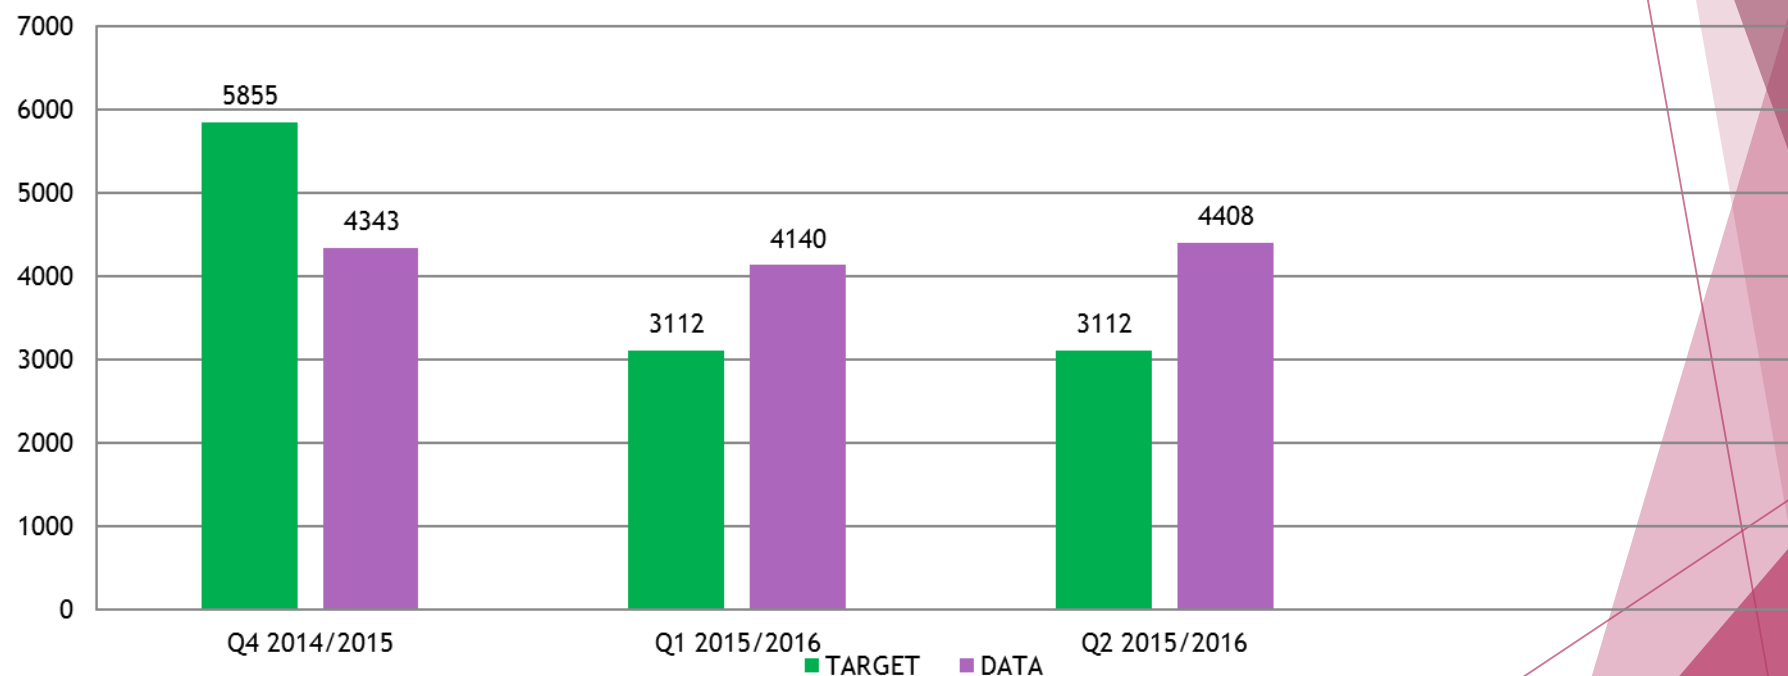

PRESENTED BY CLLR M.E. NDOBE  
MAYOR OF HARRY GWALA DISTRICT MUNICIPALITY  
AND CHAIRPERSON OF HARRY GWALA DISTRICT MUNICIPALITY

## Strategic Objective 1: Addressing Social & Structural Drivers of HIV & AIDS, STI & TB Prevention Care & Impact Orphans & Vulnerable Children

## Strategic Objective 1: Addressing Social & Structural Drivers of HIV & AIDS, STI & TB Prevention Care & Impact Orphans & Vulnerable Children

### NUMBER OF REGISTERED OVCS RECEIVING CARE SUPPORT

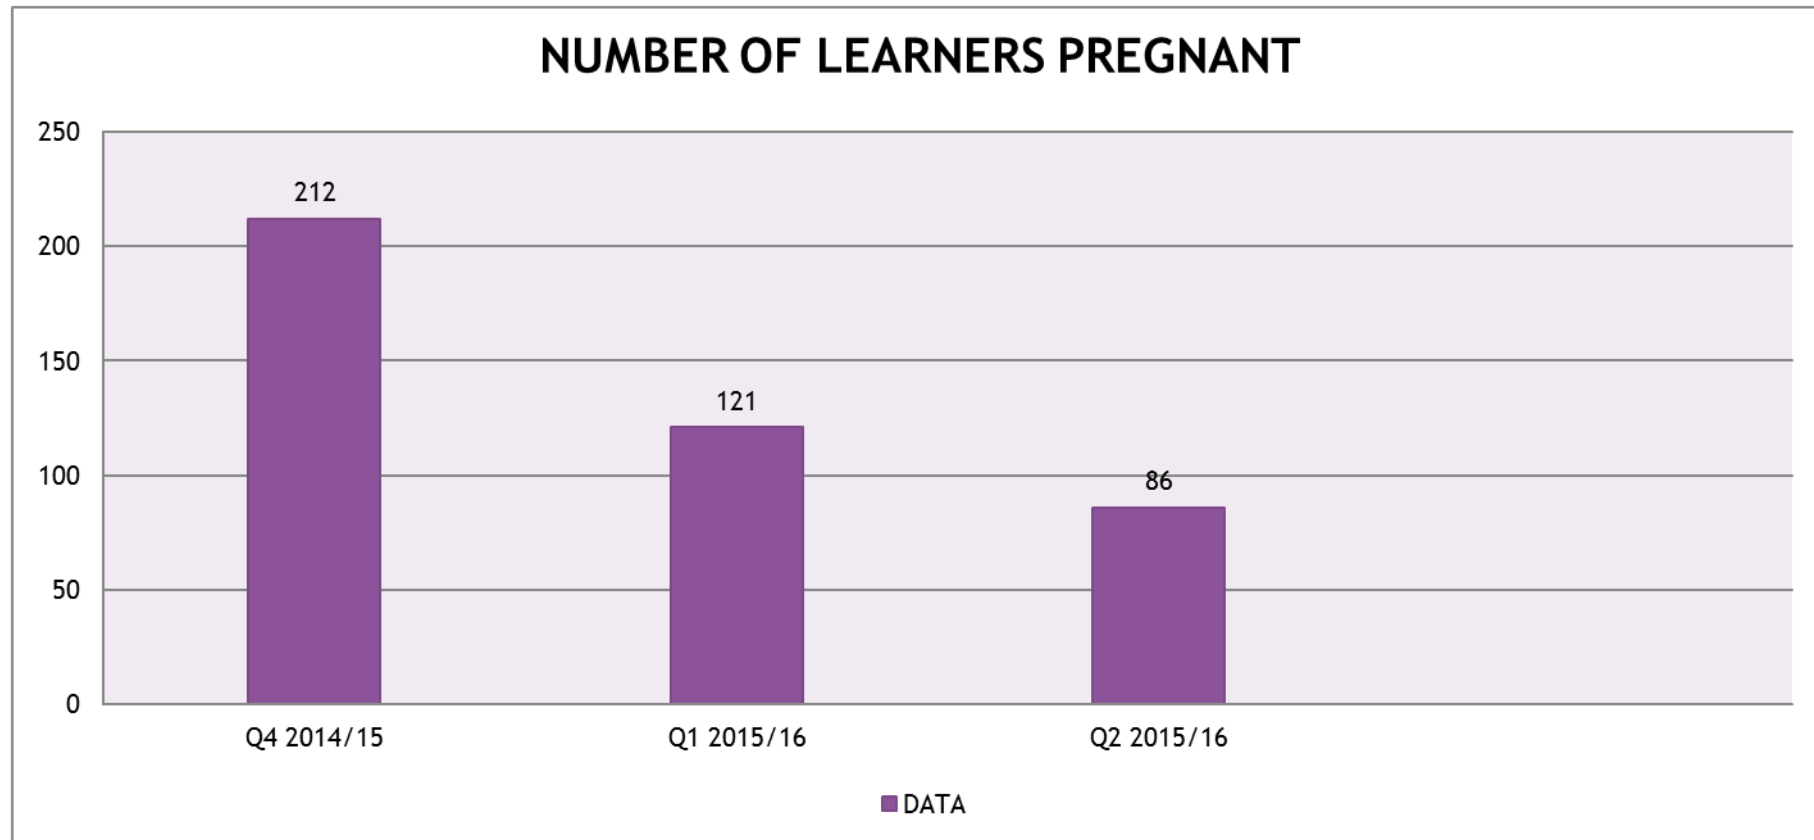

# DISCUSSIONS

- ▶ Number of registered OVCs receiving care and support target reviewed from 5855 to 8012 this financial year (increased by 2157)
- ▶ Target not met less by 3,872 ( 48.3%)
- ▶ Care and Support performance target over reached due to child protection launch at Kokstad.
- ▶ Care and support services include beneficiaries of cooked meals, school uniforms and food parcels.

# RECOMMENDATIONS

- ▶ Care and Support performance will be monitored in the following quarters
- ▶ Continued monitoring of the performance of registered Orphans Vulnerable Care Services (OVCS).
- ▶ Household profiling will assist to improve performance.

## Strategic Objective 1: Addressing Social & Structural Drivers of HIV 7 AIDS, STI & TB Prevention Care & Impact

# DISCUSSIONS

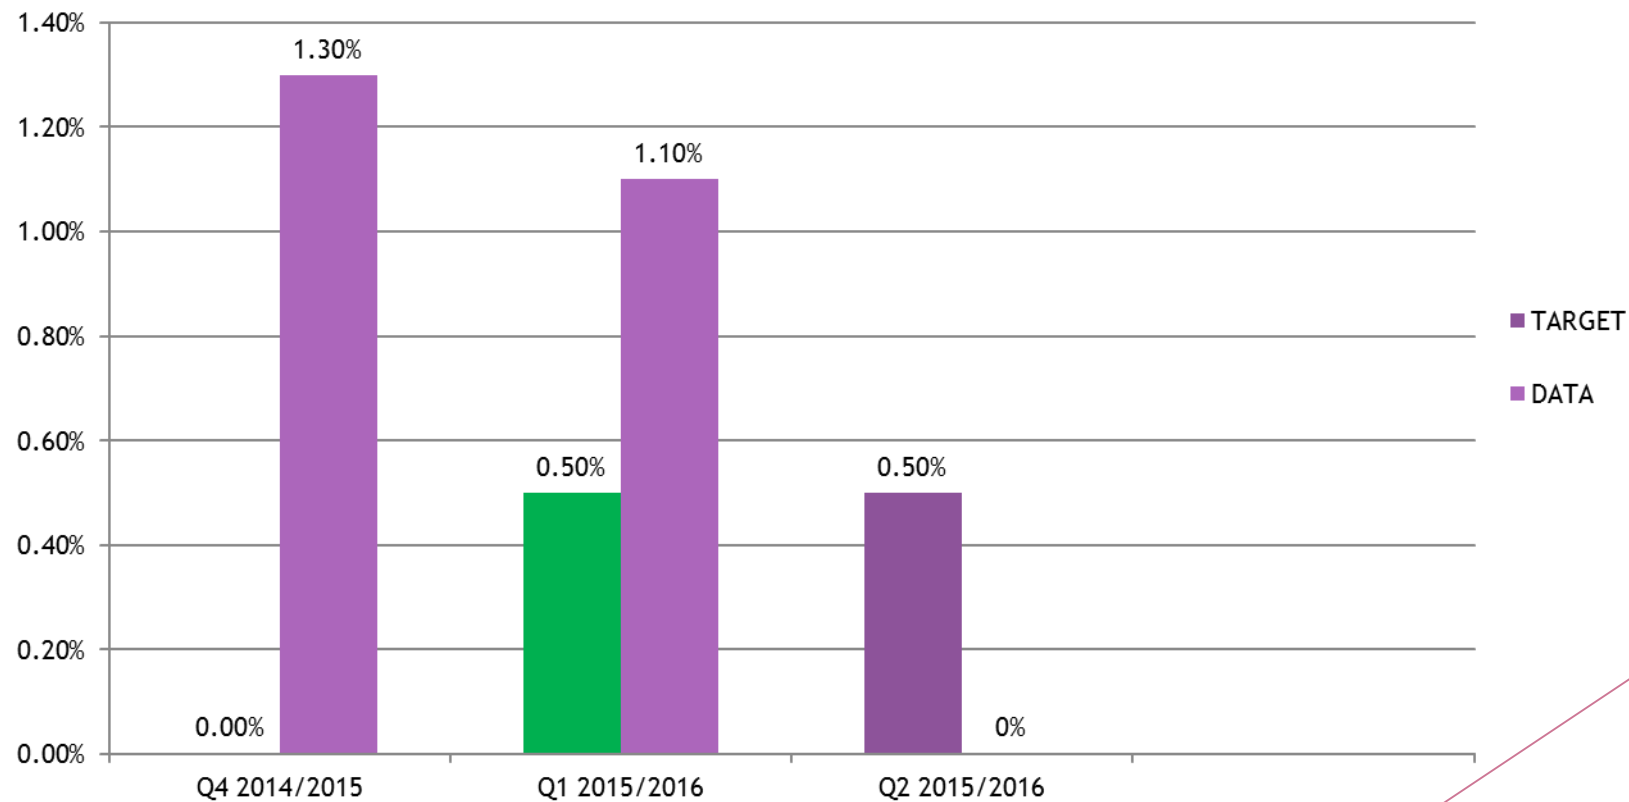

- ▶ The information presented in the slide was received from the District Office.
- ▶ Still experiencing challenges from other Local Municipalities.
- ▶ Only Ubuhlebezwe Local Municipality reported with 13 pregnant learners

# RECOMMENDATIONS

- ▶ Requesting intervention of the DAC to encourage all Local municipalities to report on this objective .
- ▶ Continue monitoring the impact of Youth friendly clinic and dual protection campaigns on the reduction of learner pregnancy .

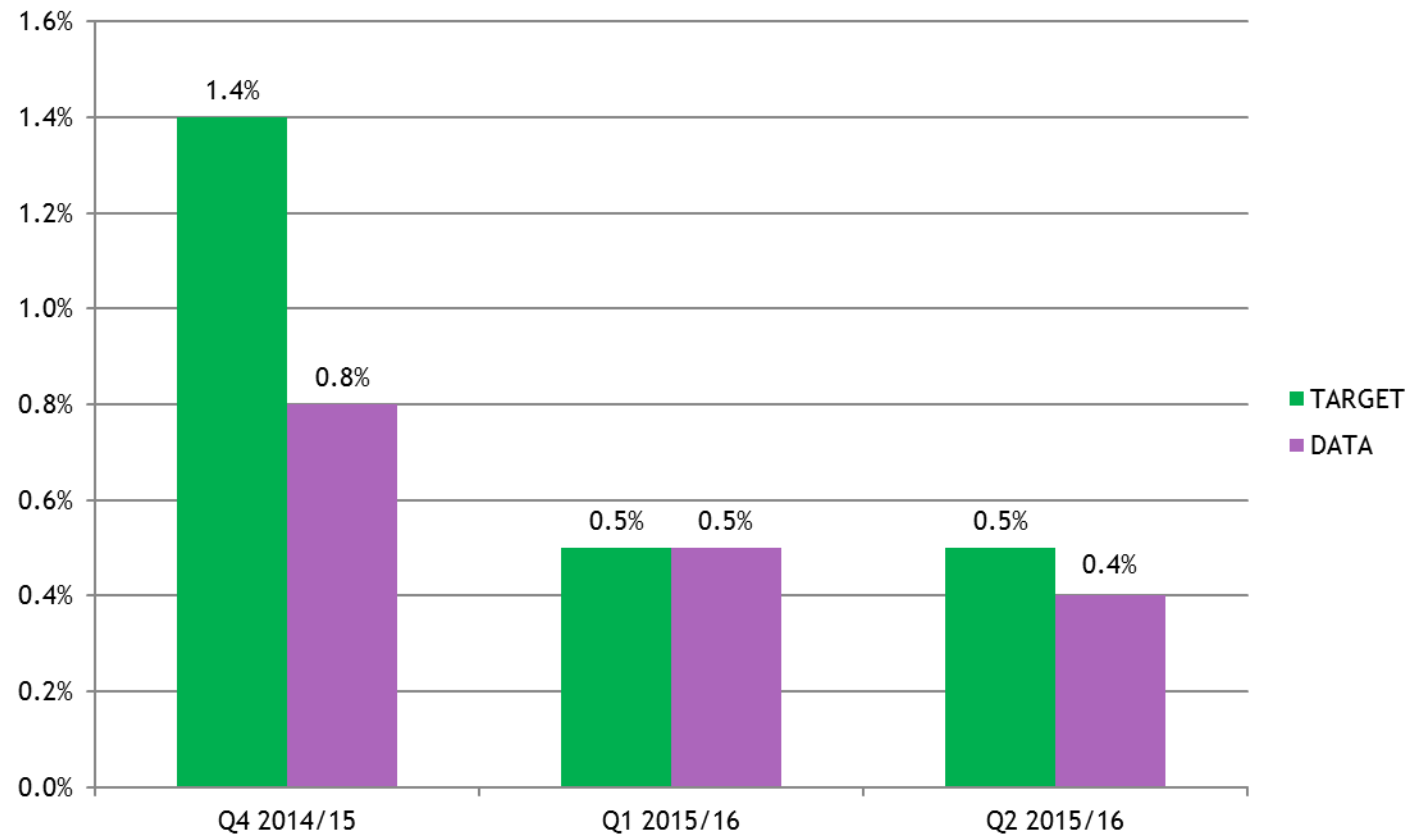

## Strategic Objective 2: Prevention of new HIV, STIs and TB Infections PMTCT

### Baby PCR tested positive around 6 weeks

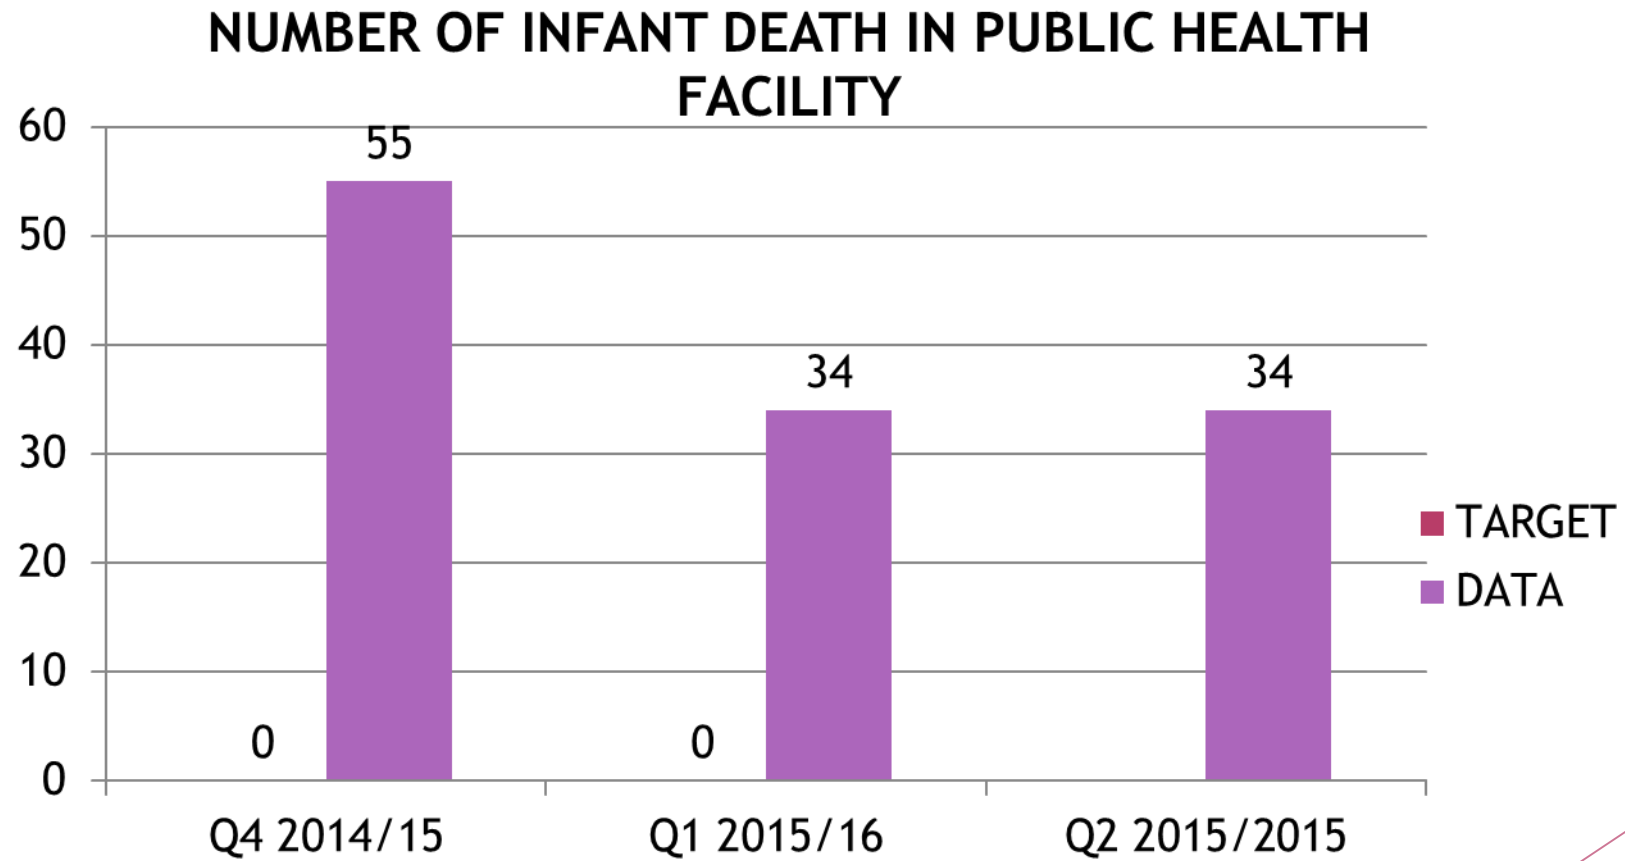

## Strategic Objective 2: Prevention of new HIV, STIs and TB Infections PMTCT

**Baby HIV antibody test positive at 18months rate**

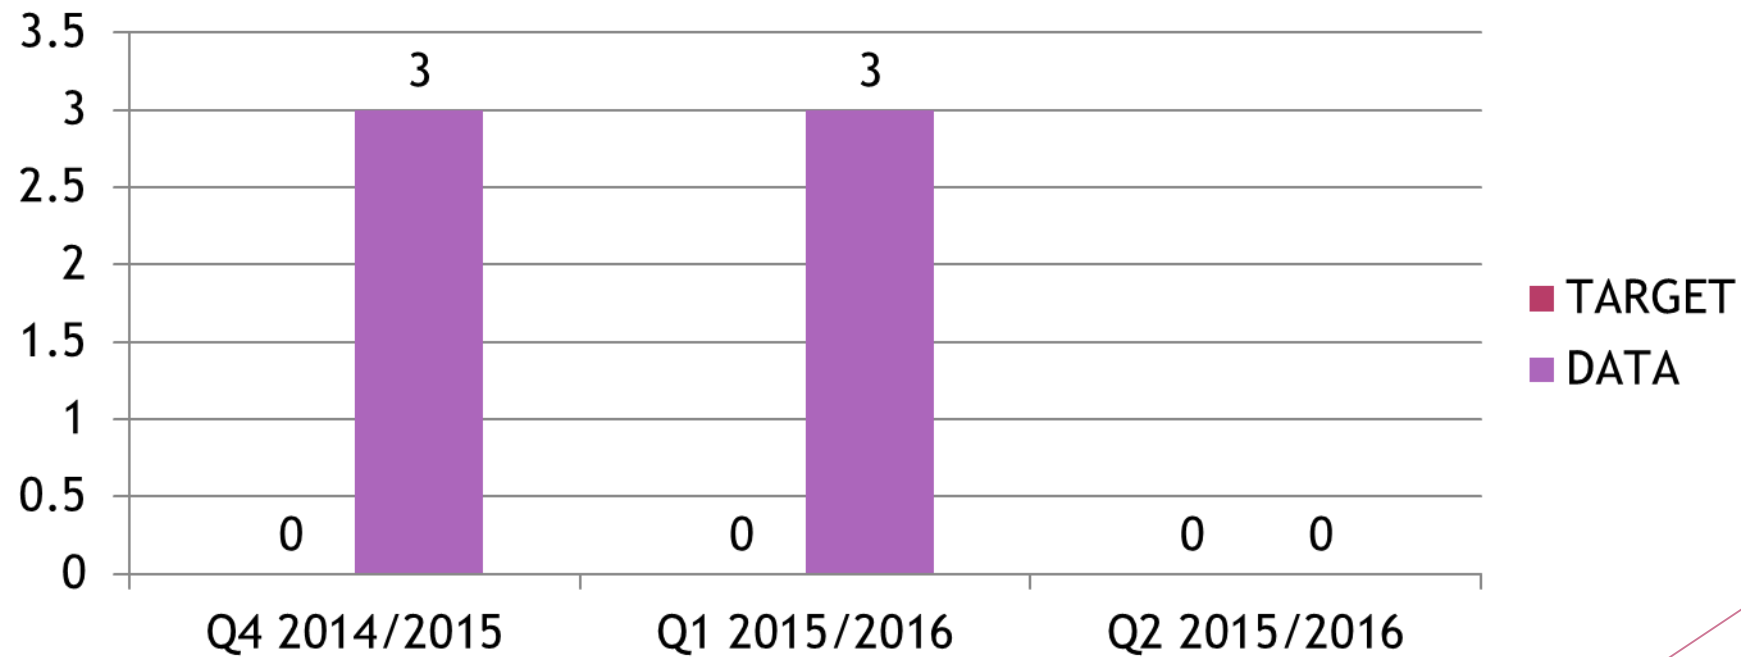

## Strategic Objective 2: Prevention of new HIV, STIs and TB Infections PMTCT

## Strategic Objective 2: Prevention of new HIV, STIs and TB Infections

### PMTCT

#### NUMBER OF MATERNAL DEATH IN PUBLIC HEALTH FACILITIES

# DISCUSSIONS

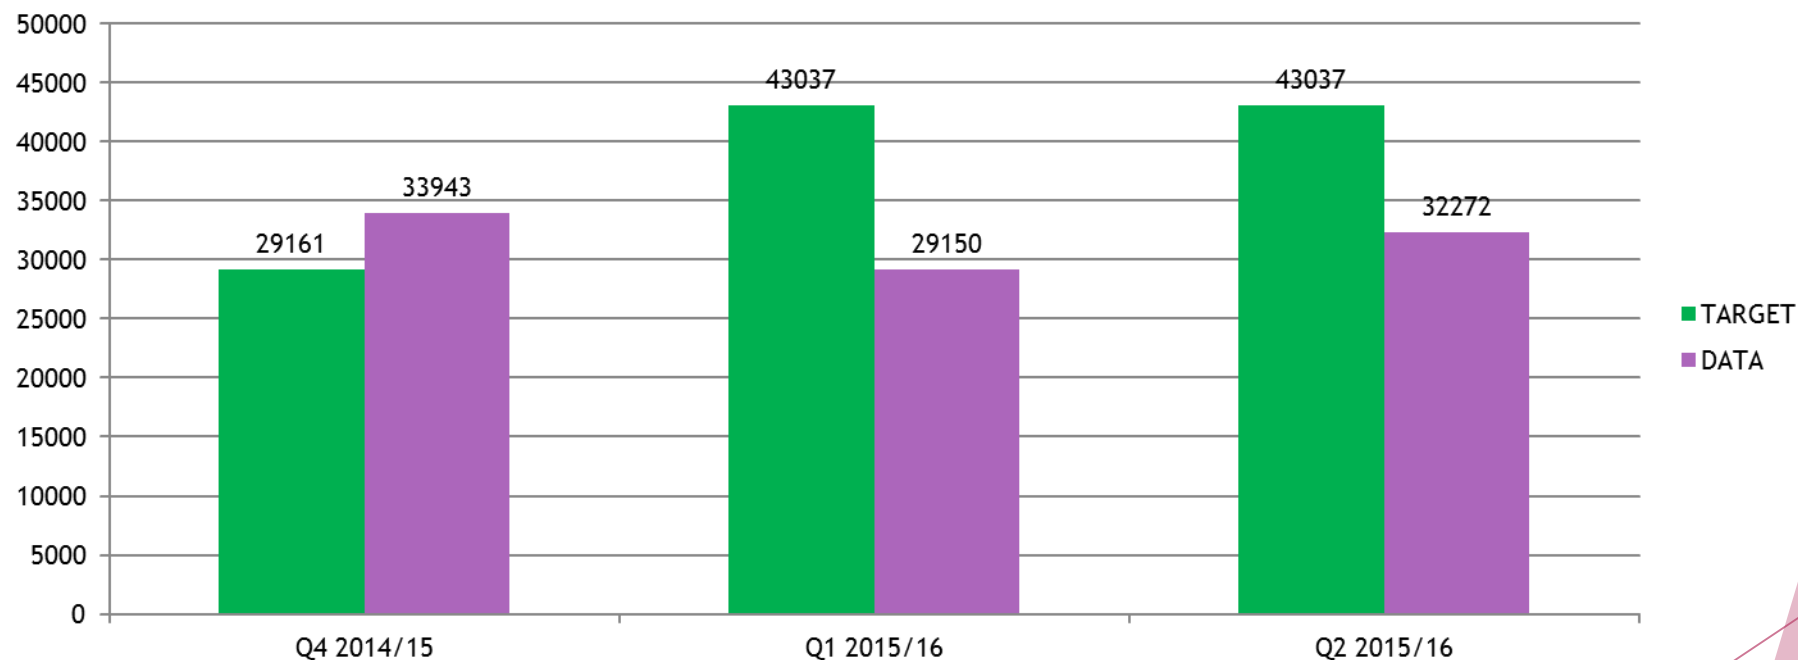

- ▶ The District failed to meet the target although it reported an improvement from last quarter
- ▶ 855 Babies were PCR tested after 6weeks of birth
- ▶ 13 tested PCR positive .
- ▶ 1631 babies done rapid test after 18 months post delivery.
- ▶ 8 tested positive.
- ▶ A reduction in the number of infants deaths was reported.
- ▶ Preterm babies contribute a bigger proportion to Early Neonatal Deaths in Harry Gwala
- ▶ Number of maternal deaths remains 3, contributing local Municipalities ,Ingwe=1,Ubuhlebezwe=1 and UMzimkhulu=1.

# RECOMMENDATIONS

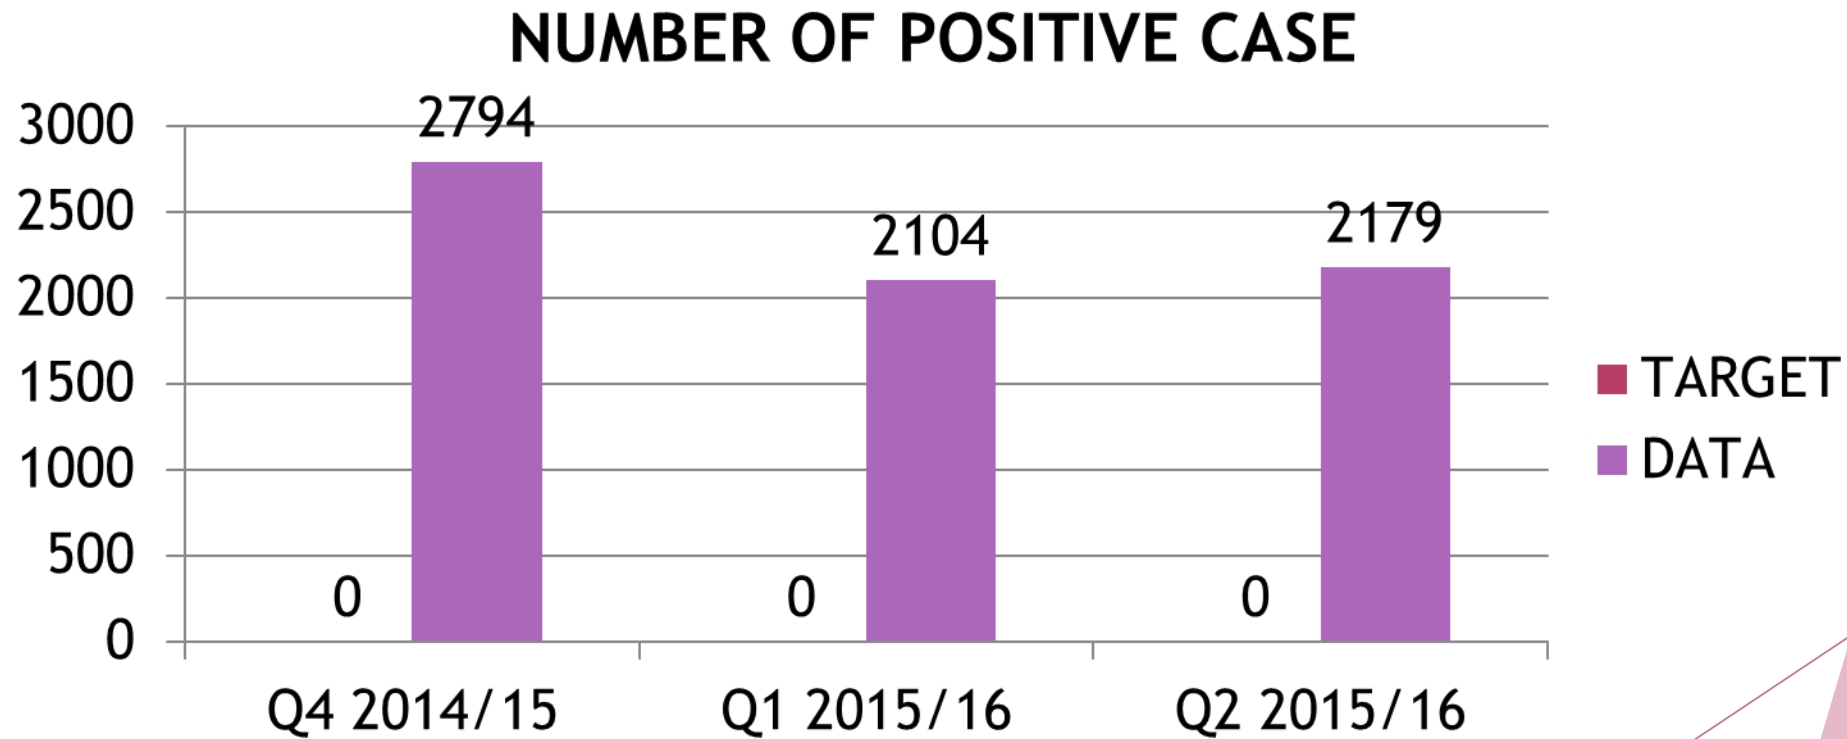

- ▶ Strengthen intergration of PMTCT into mother neonate child and women health services
- ▶ Improved HIV case findings at child health care entry points
- ▶ Improved clinical mentoring of IMCI (intergraded management of childhood illnesses)
- ▶ Community based women empowerment activities to assist in improved health seeking behavior hence the District has recently launched the women's sector.
- ▶ Involvement of all stakeholders in the campaign for :
  - ✓ Reduction of unplanned pregnancy / Adequate spacing of babies (Dual protection , First things first campaign)
  - ✓ Awareness Campaigns for Antenatal Bookings before 20 weeks .
- Improve access to maternity services
- Ensure skilled health professionals at all levels to Improve child survival .

## Strategic Objective 2: Prevention of new HIV, STIs and TB Infections HCT & TB Screening

### NUMBER OF HIV TESTES CONDUCTED

Strategic Objective 2: Prevention of new HIV, STIs and TB Infections HCT & TB Screening

# DISCUSSIONS

- ▶ Number of HIV positive cases reduced by 690
- ▶ TB screening also done , but more effort to be placed on intergration of HCT & TB screening services.

# RECOMMENNDATIONS/BCC ACTIVITIES

UNAIDS 90-90-90 targets for 2020

- ▶ 90% of all people living with HIV will know their HIV status
- ▶ 90% of people with diagnosed HIV infection will receive sustained ART
- ▶ 90% of all people receiving ART will have viral suppression

THE TREATMENT TARGET

diagnosed

on treatment

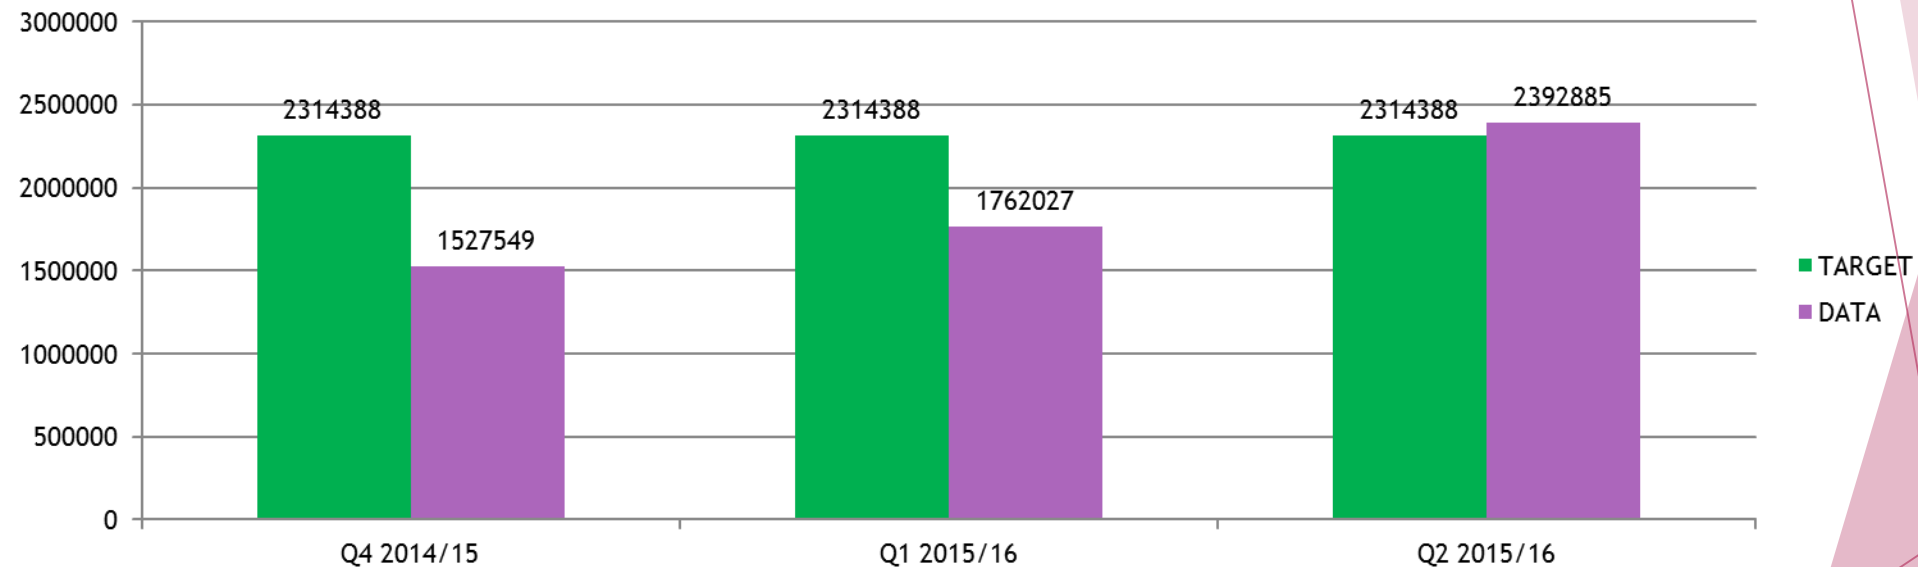

virally suppressed

## Strategic Objective 2: Prevention of new HIV, STIs and TB Infections

### Condoms Distributions

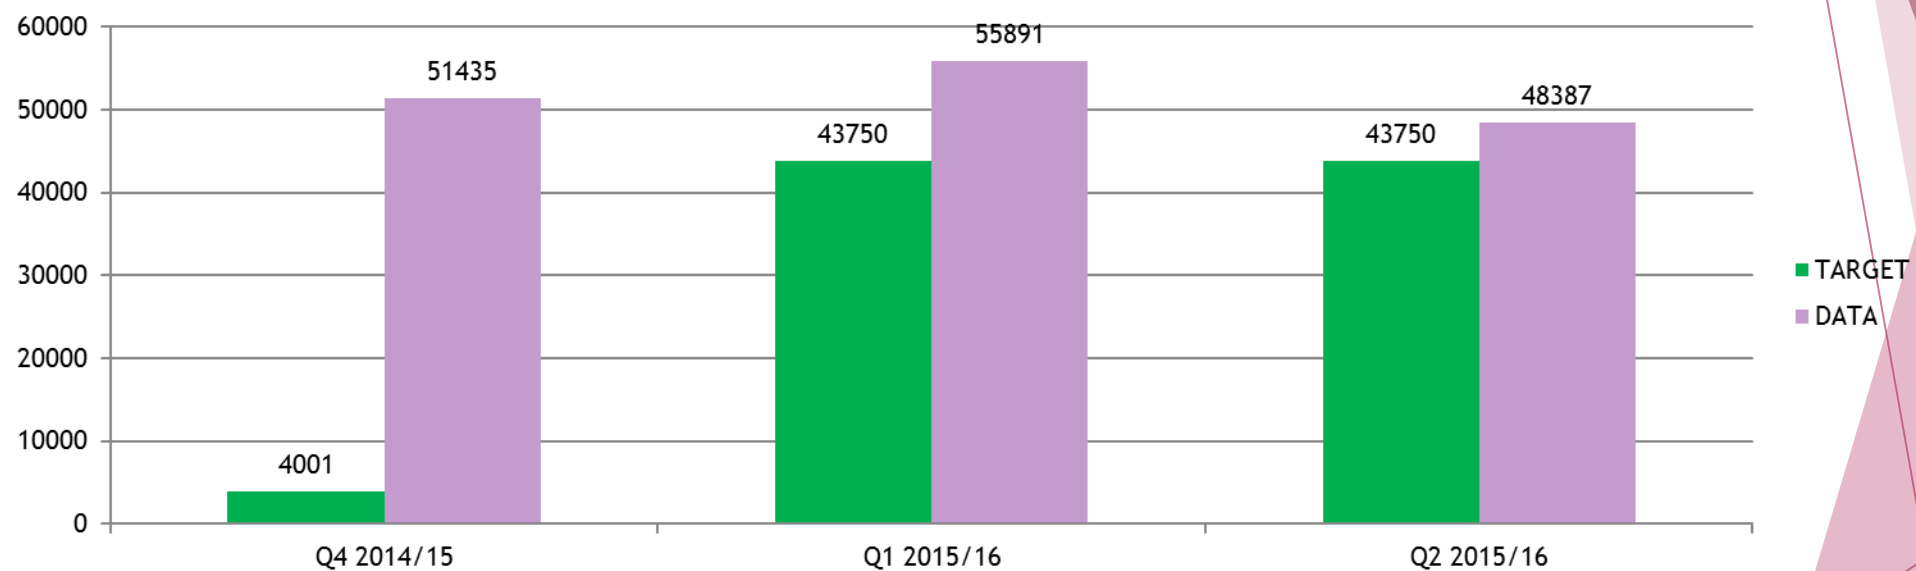

#### NUMBER OF MALE CONDOM DISTRIBUTED

## Strategic Objective 2: Prevention of new HIV, STIs and TB Infections

### Condoms Distributions

#### NUMBER OF FEMALE CONDOM DISTRIBUTED

## Strategic Object 2: Prevention of new HIV, STIs and TB Infections

### Condoms Distributions

	Number of secondary distribution sites
Annual target 2014/15 (Jan-March)	500
Q4 2014/15 (Jan-March)	500
Q1 2015/16 (April-June)	500
Q2 2015/16 (July-Sept)	500

# DISCUSSIONS

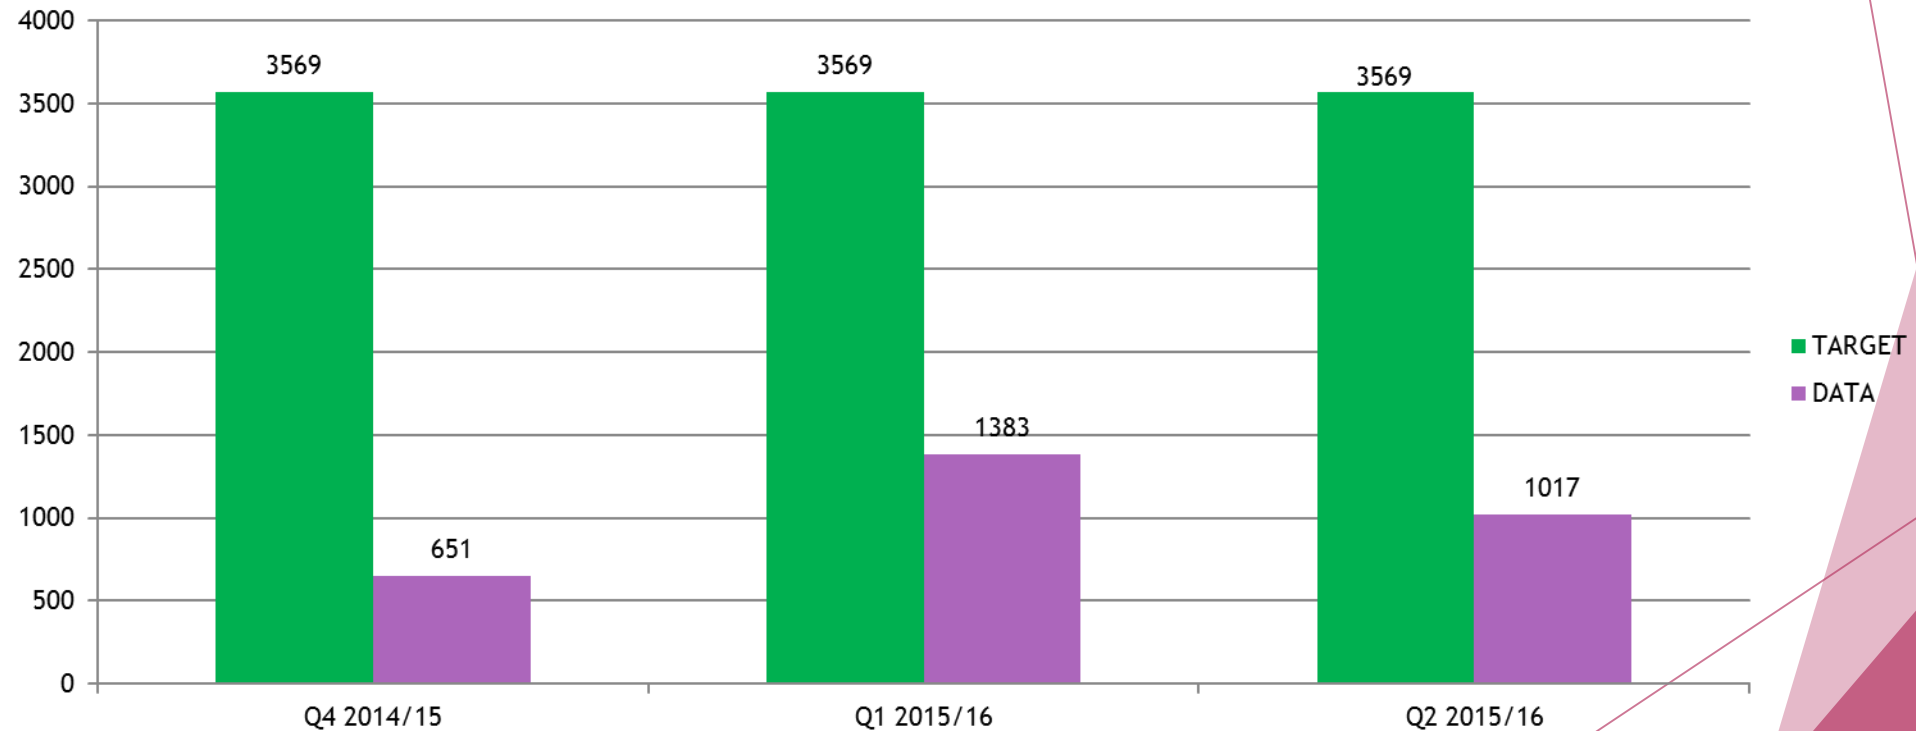

- ▶ Performance exceeded the revised district target .
- ▶ . Ubuhlebezwe below target as it reported 0.7%

# RECOMMENDATIONS

- ▶ DoH to monitor performance of service provider
- ▶ Monitor availability of condoms in secondary distribution sites including war rooms.
- ▶ Ubuhlebezwe to be supported to develop an Improvement plan to strengthen condom distribution.
- ▶ poorly performing areas identified to focus attention and support .
- ▶ The District to monitor the performance of all its facilities and NGO partners supporting the distribution of condoms.
- ▶ Civil society and Supporting Partners to be consulted.

## Strategic Objective 2: Prevention of new HIV, STIs and TB Infection Male Medical Circumcision

### NUMBER OF MALES AGED 15-49 CIRCUMCISED

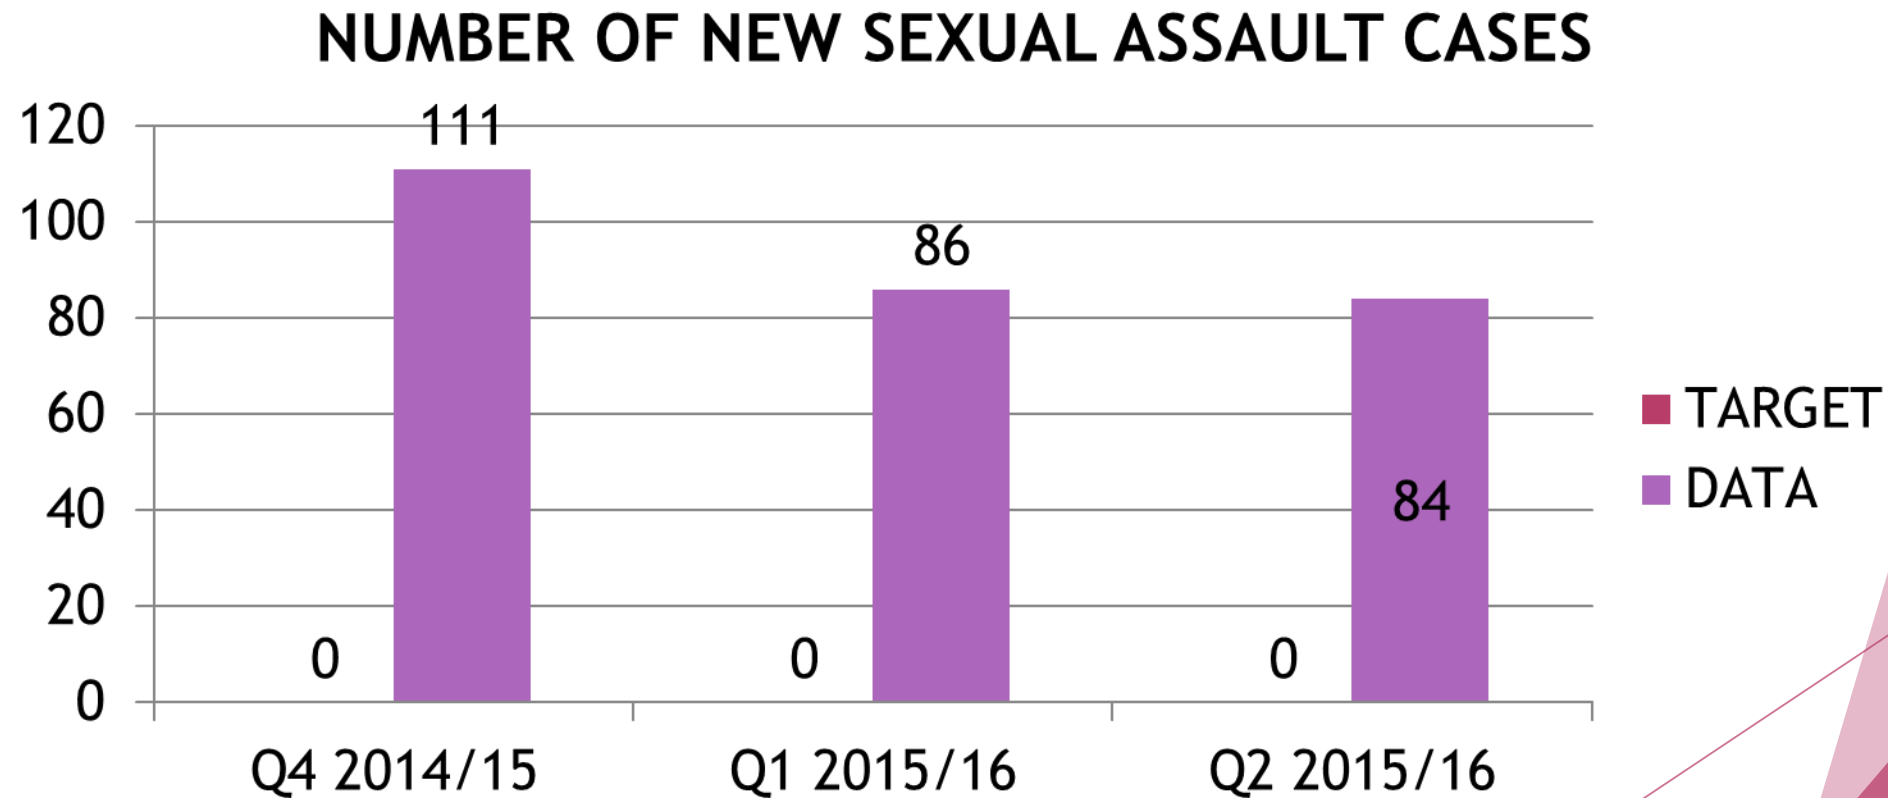

# DISCUSSIONS

- ▶ District failed to meet target although performance is on an upward trend .
- ▶ New target for mmc translated to increase to the quarterly target hence gross under achievement of 1383 out of 5816 =24%
- ▶ Poorly performed local municipalities Kwasani and Greater Kokstad .

# RECOMMENDATIONS

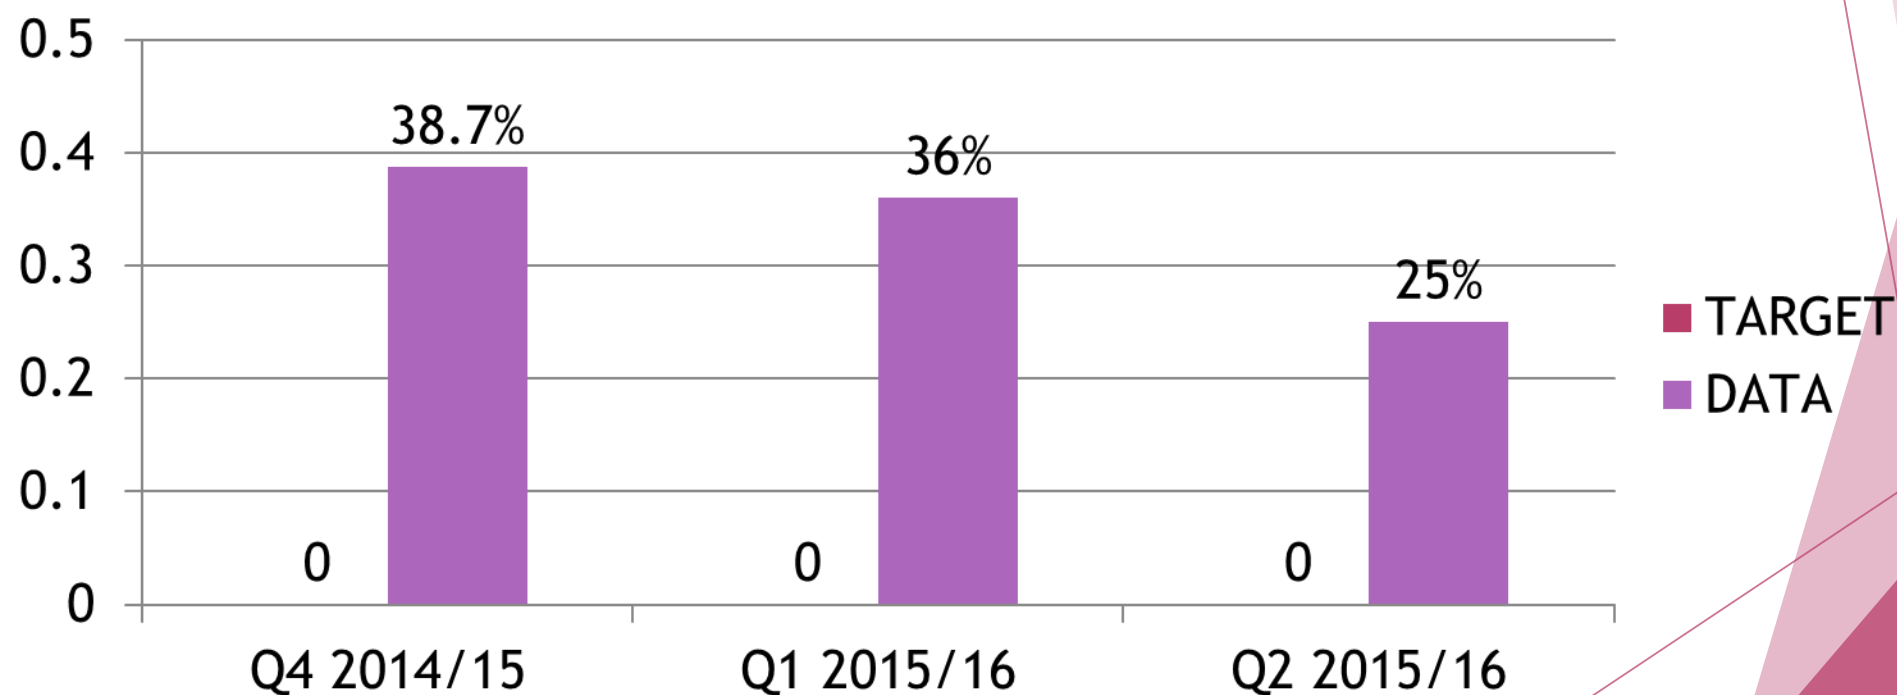

- ▶ Care works has joined the district for the Mobilization with 6 mobilizers placed at sub-districts but TB and HIV Care partners may exit by the end of September due to funding coming to an end .
- ▶ 3 day MMC course at Northdale conducted to improve the skills of medical personnel.

Strategic Objective 2: Prevention of new HIV, STIs and TB Infections  
Prevention of Exposure to transmission from occupational exposure, Sexual  
Violence

Strategic Objective 2: Prevention of new HIV, STIs and TB Infections  
Prevention of Exposure to transmission from occupational exposure, Sexual  
Violence

## CHILDREN UNDER 12 YEARS SEXUALLY ASSUALTED RATE

# DISCUSSIONS

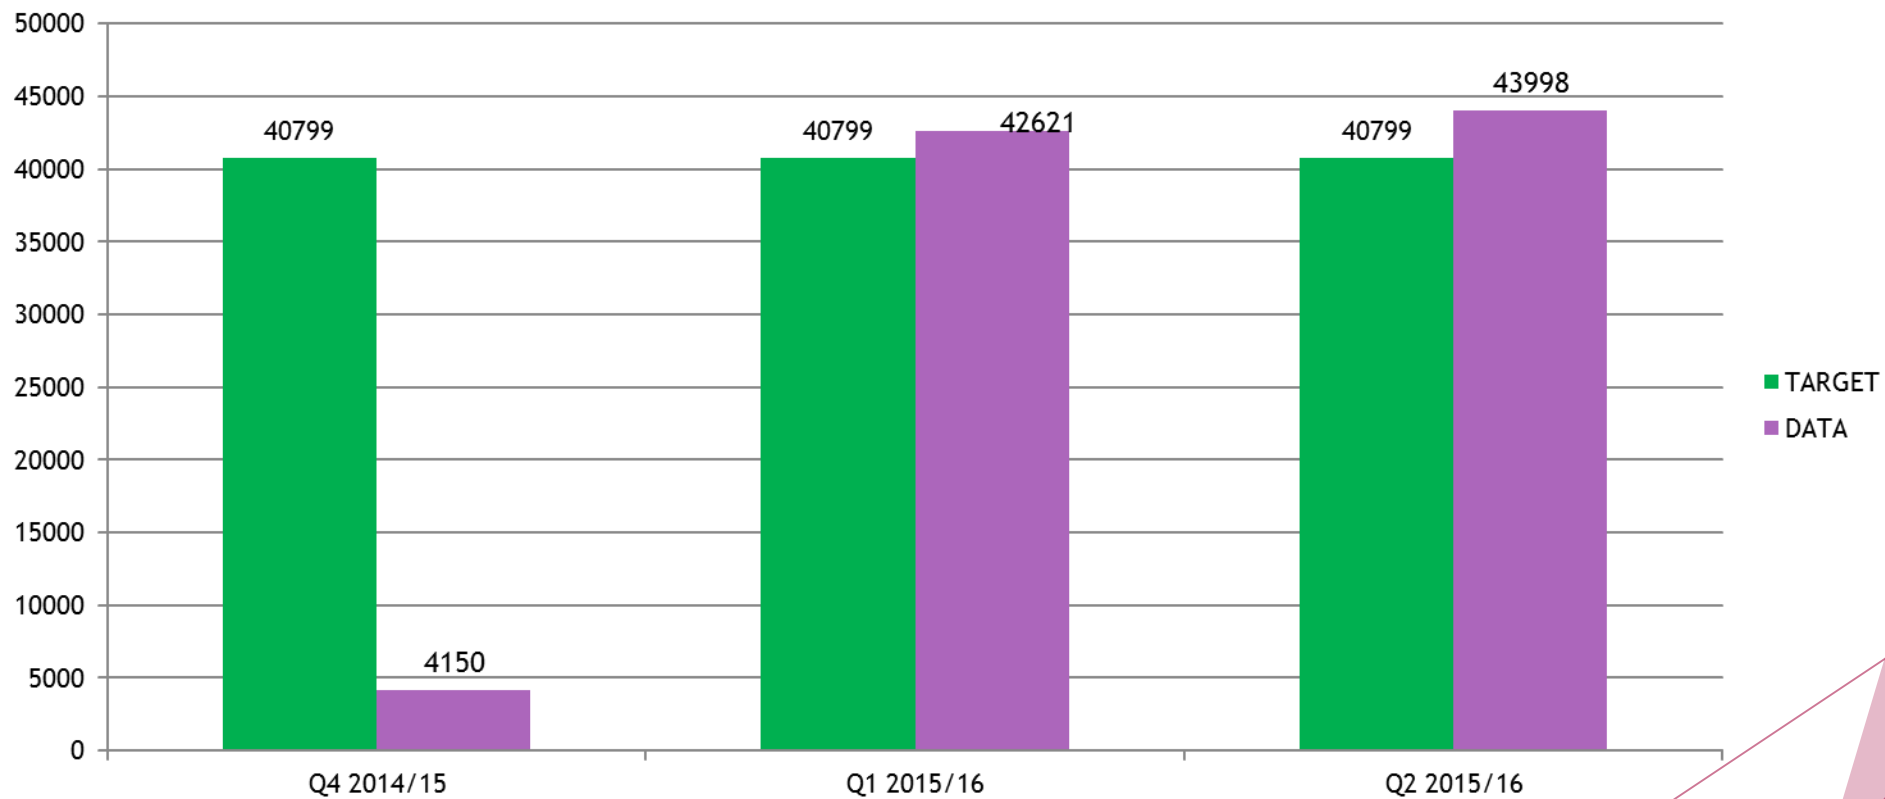

- ▶ Data reported less by 2.7 % .
- ▶ The slow decline is a worrying factor considering all campaigns by Political Leadership, Civil Society and Officials in structures of Operation Sukuma Sakhe.

# RECOMMENDATIONS

- ▶ Increase awareness campaigns on gender based violence especially directed to women and children.
- ▶ Improved access to services for victims of sexual violence
- ▶ Multi -sectorial involvement to root out incidences of violence directed to children.
- ▶ Continue engaging Men's Forum.

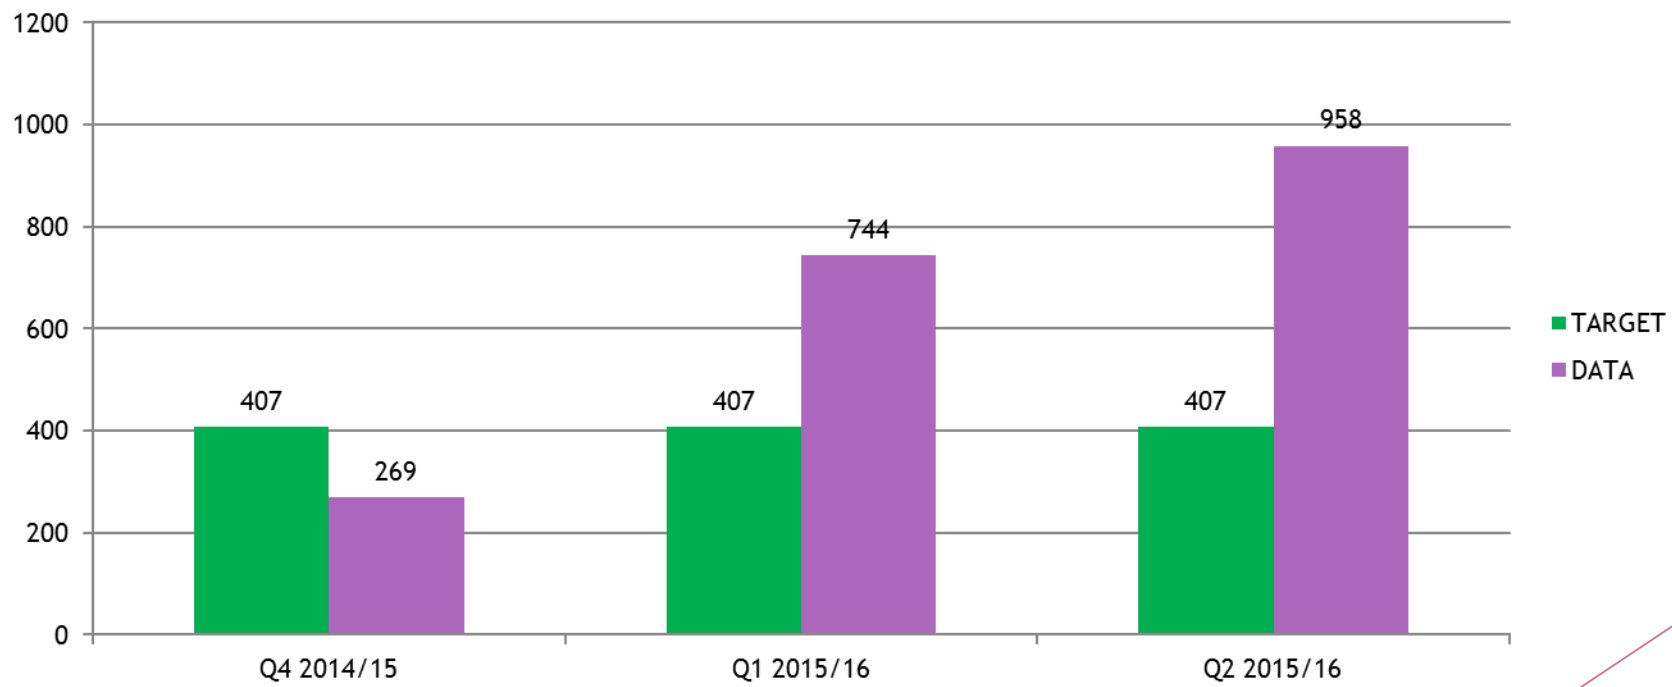

## Strategic Objective 2: Prevention of new HIV, STIs and TB Infections HCT & TB Screening

Total number of patients on art

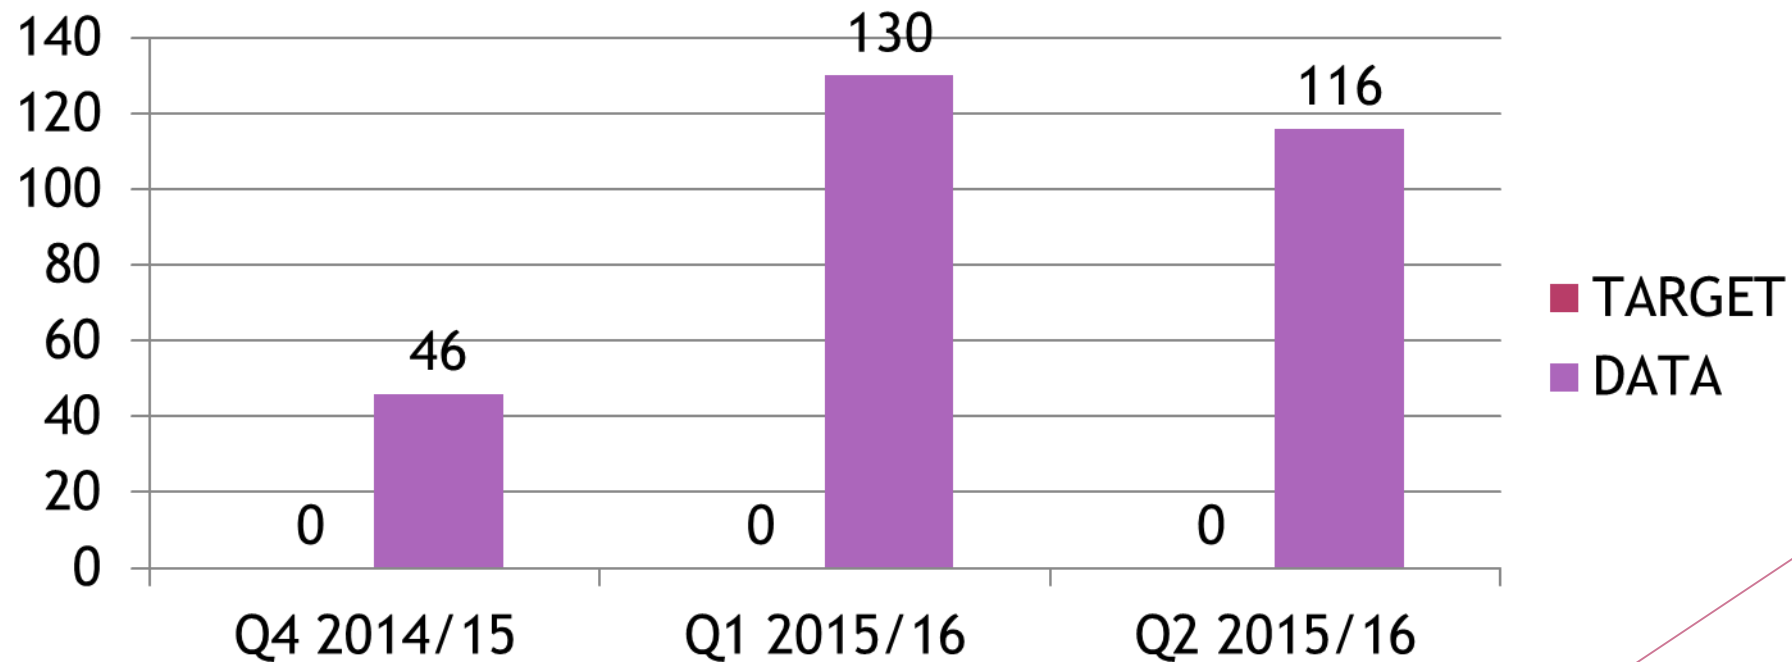

### Strategic Objective 3: Sustain Health & Wellness Comprehensive ART services

Number of Art clients de-registered due to loss to follow up

### Strategic Objective 3: Sustain Health & Wellness Comprehensive ART services

#### NUMBER OF ART PATIENTS DEREGISTERED DUE TO DEATH

# DISCUSSIONS

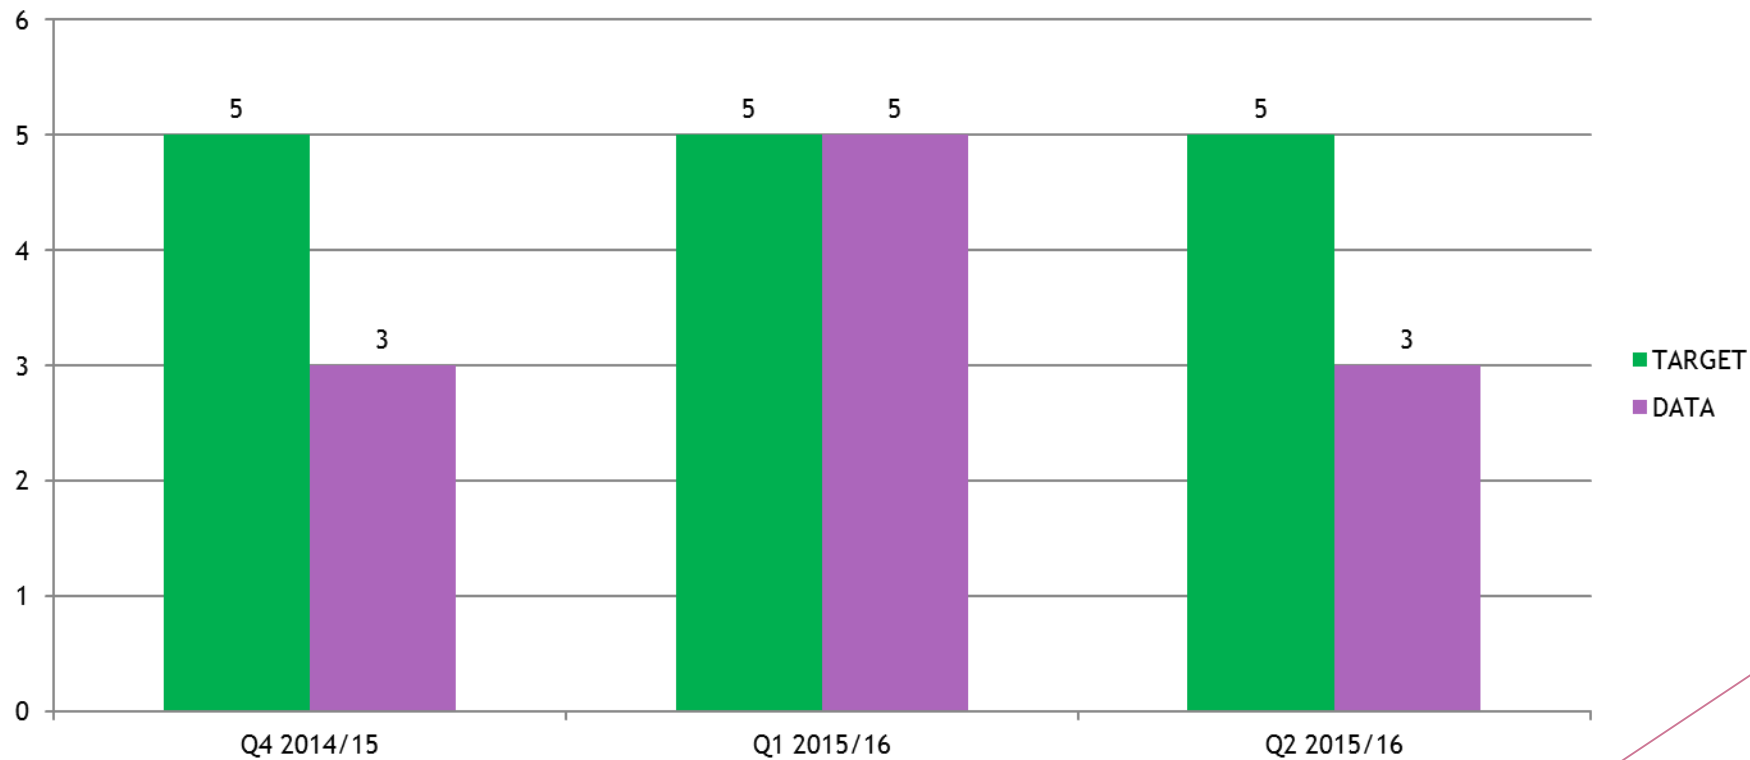

- ▶ Figures show an increase in the number of clients on art compared to last quarter where the figures were below target.
- ▶ District surpassed the target of 40 799
- ▶ Greater Kokstad 8 571 Ingwe 7 867 KwaSani 2 302 Ubuhlebezwe 10 650 and UMzimkhulu 13 231 = Total district 42621
- ▶ Also an Increase in the number of clients deregistered due to loss to follow up as well as deregistration due to death is noted.

# RECOMMENDATIONS

- ▶ Improve access to care through Integrated Clinical Services Management ( ICSM) and Central Chronic medication Distribution Centers ( CCMDCC)
- ▶ Implement District improvement Plan:
  - Ward based outreach Teams and CCGs
  - Accurate addresses and contact details
  - Linkage to care
  - Tracer Teams

## Strategic Objective 5: Coordination, Monitoring & Evaluation Coordination, Monitoring & Evaluation

Number of LACs submitting reports to DAC

# DISCUSSIONS

- ▶ An improvement was noted in LAC performance, hence all 5 local municipalities reported in this quarter.
- ▶ Gaps still noted in some data elements e.g. pregnant learners .
- ▶ Only three Local Municipalities reported this quarter compared to Quarter one. Contributing Local Municipalities being Kokstad LM and Umzimkhulu LM.
- ▶ Government Departments delay to submit reports to LM's thus LM's failing to report timelessly.

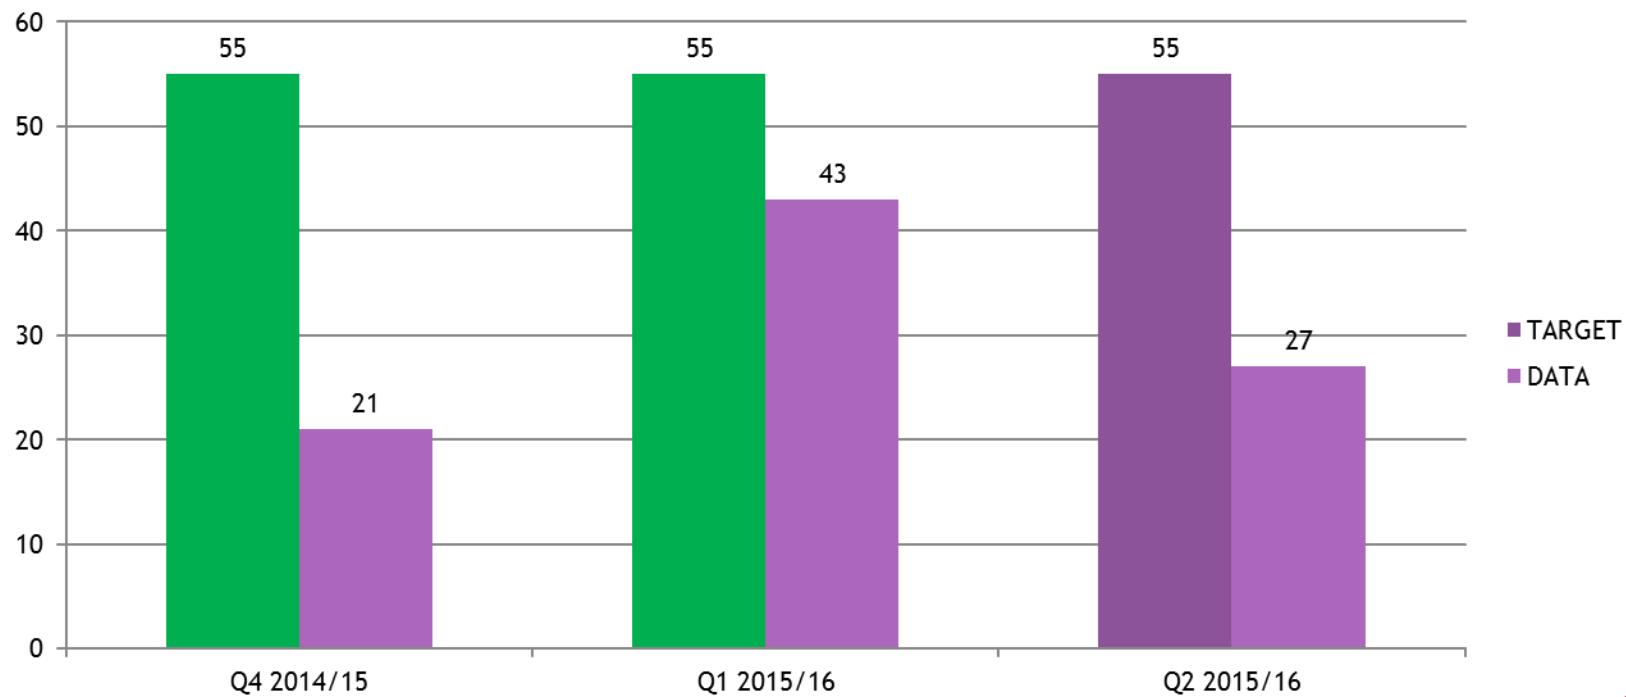

# RECOMMENDATIONS

- ▶ To maintain the status quo in LAC reporting.
- ▶ Unavailability of data in pregnant learners to be reported in DAC team for DOE (Department of Education) remedial action.
- ▶ Government Departments to draw remedial action concerning reporting.

## Strategic Objective 5: Coordination, Monitoring & Evaluation

### Coordination, Monitoring & Evaluation

**NUMBER OF WACs submitting reports to LAC**

# DISCUSSIONS

- ▶ Great improvement had been noted in WACS submission of reports.
- ▶ There is still a room for improvement since 46 WACS reported out of 55 WACS in the District.
- ▶ Out of 55 WACS only 27 WACS reported this data is from the three Local Municipalities that have reported this quarter.

# RECOMMENDATIONS

- ▶ Monitoring and evaluation to be strengthened in WACS pertaining submission of reports.
- ▶ Good performance in WACS reports is attributed by mentorship training done by Broad reach.
- ▶ The District has to do a follow-up and support on LACs to improve their reporting.
