Development of the KZN PSP for HAST 2017-2022

To be the centre of governance, providing leadership towards achieving KZN Vision 2035

Outline of the Presentation

- KZN HIV and TB epidemic profile
- Goals of NSP 2017 - 2022
- PSP Development Process
- What informs the PSP
- Governance and oversight structures
- Roadmap

KZN HIV and TB Epidemic profile

- 1.8 million people are HIV positive
- 62,000 new HIV infections every year
- Approximately 500 adolescent girls and young women are infected with HIV weekly
- Over 1 million people are on antiretroviral therapy
- TB incidence is 678 per 100,000
- TB is the leading cause of death among People living with HIV

NSP Goals 2017 - 2022

1. Accelerate prevention to significantly reduce new HIV, TB and STI infections
2. Address the social and structural drivers of HIV, TB, STI infections and linking them to NDP goals
3. Reduce morbidity and mortality by providing easy access to treatment, care and adherence support for all

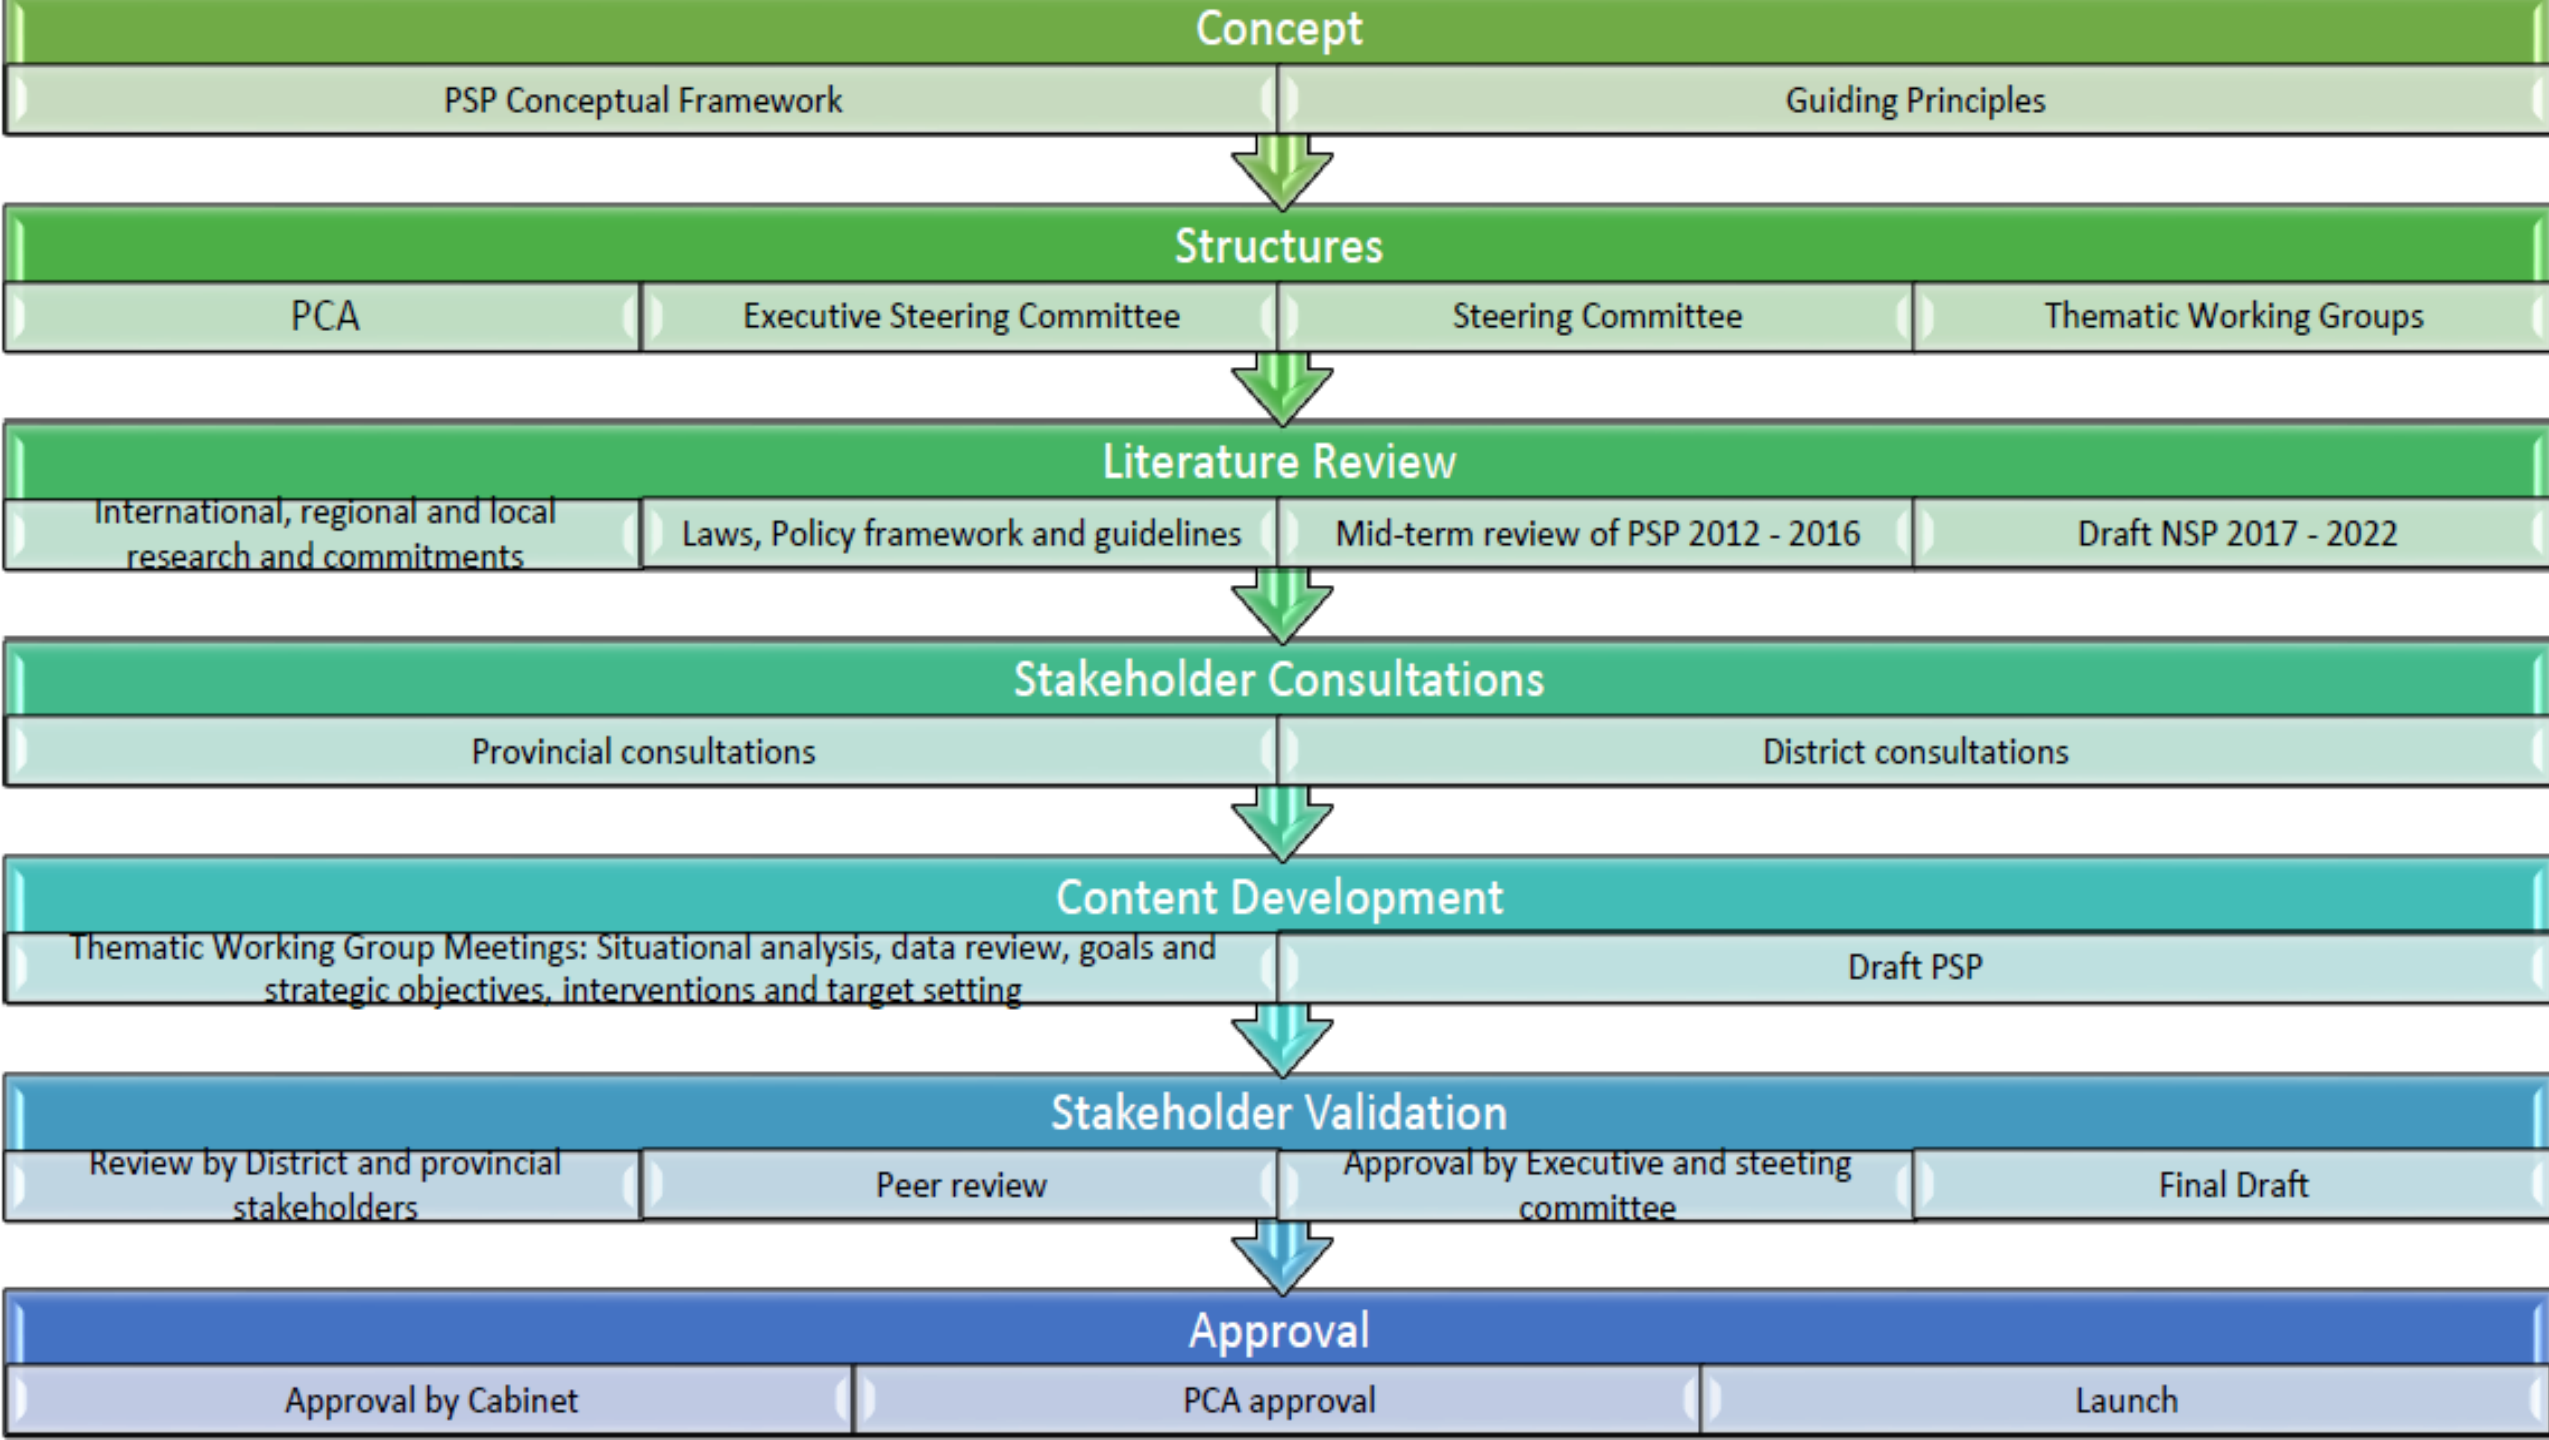

NSP Goals 2017 - 2022

4. Reach all key and vulnerable populations with customised or focussed and targeted interventions
5. Protect human rights, increase access to justice and reduce stigma and discrimination
6. Mobilise leadership at all levels and promote shared accountability for a sustainable response to HIV, TB and STIs

PSP DEVELOPMENT PROCESS

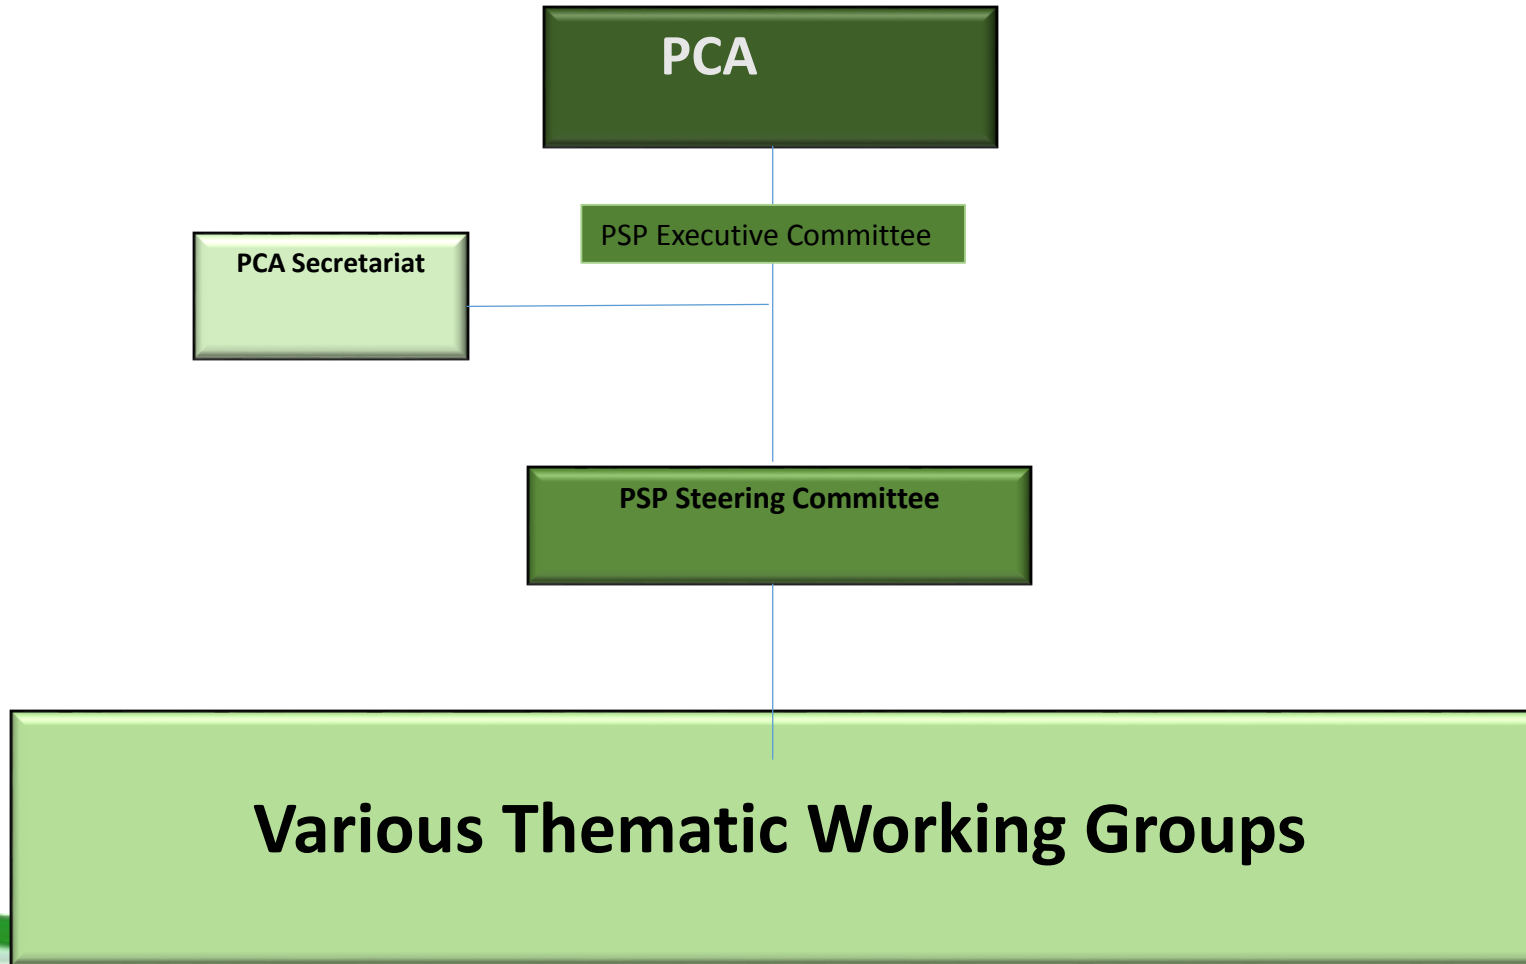

What Informs the PSP

To be the centre of governance, providing leadership towards achieving KZN Vision 2035
