LIFE SKILLS CONT.....

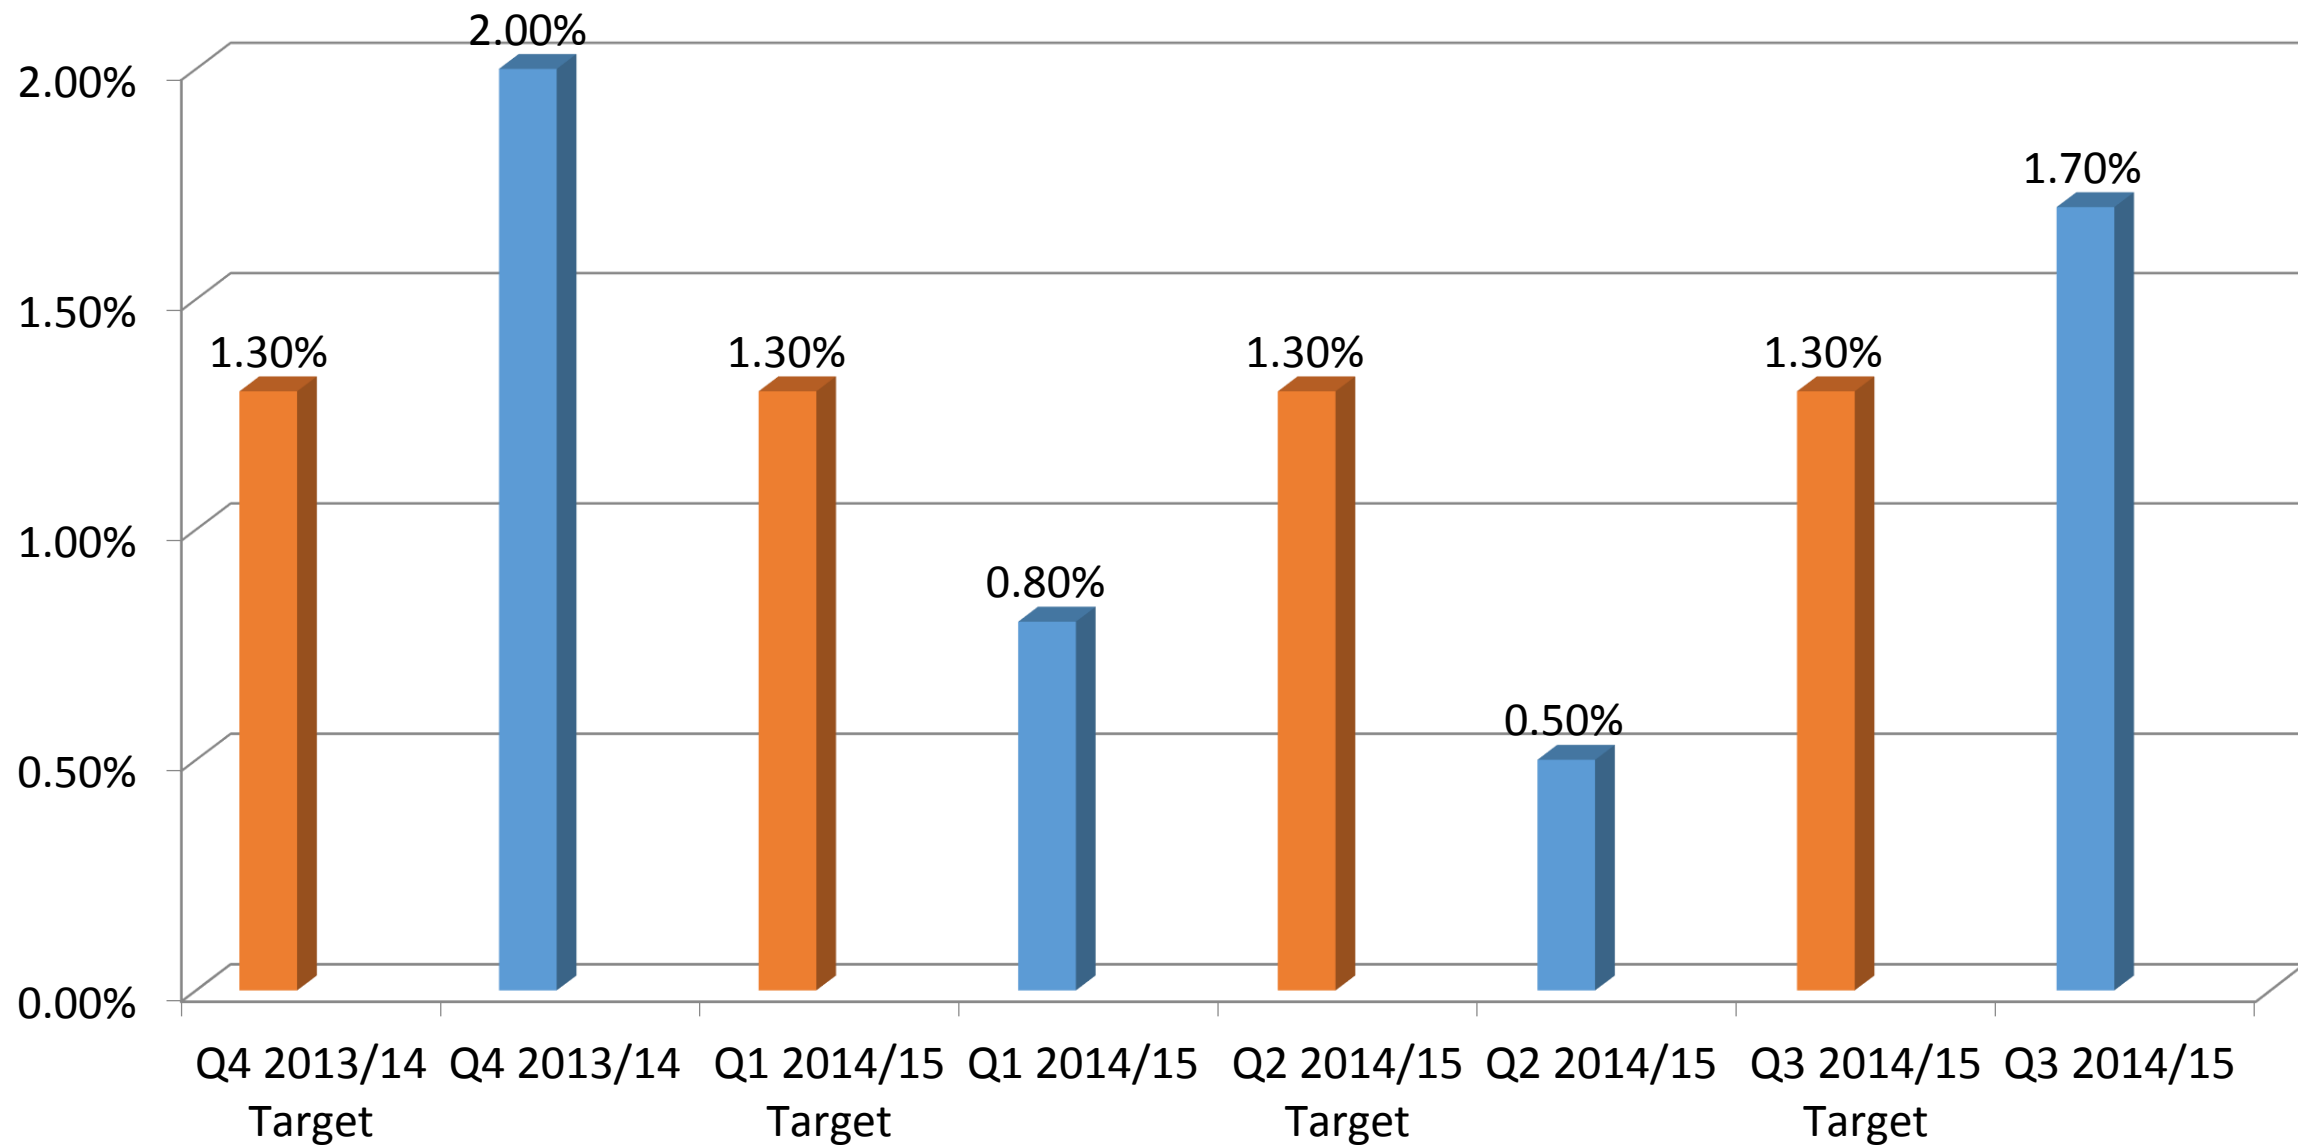

LIFE SKILLS

- The total number of learners pregnancies in the quarter is 289
- This number is not acceptable to us as the District the DAC has program of anti sugar daddies campaign, community dialogues and reed dance
- The back to School campaign program also plays a major role.
- My life my future program is aiming at eliminating high pregnancy rate

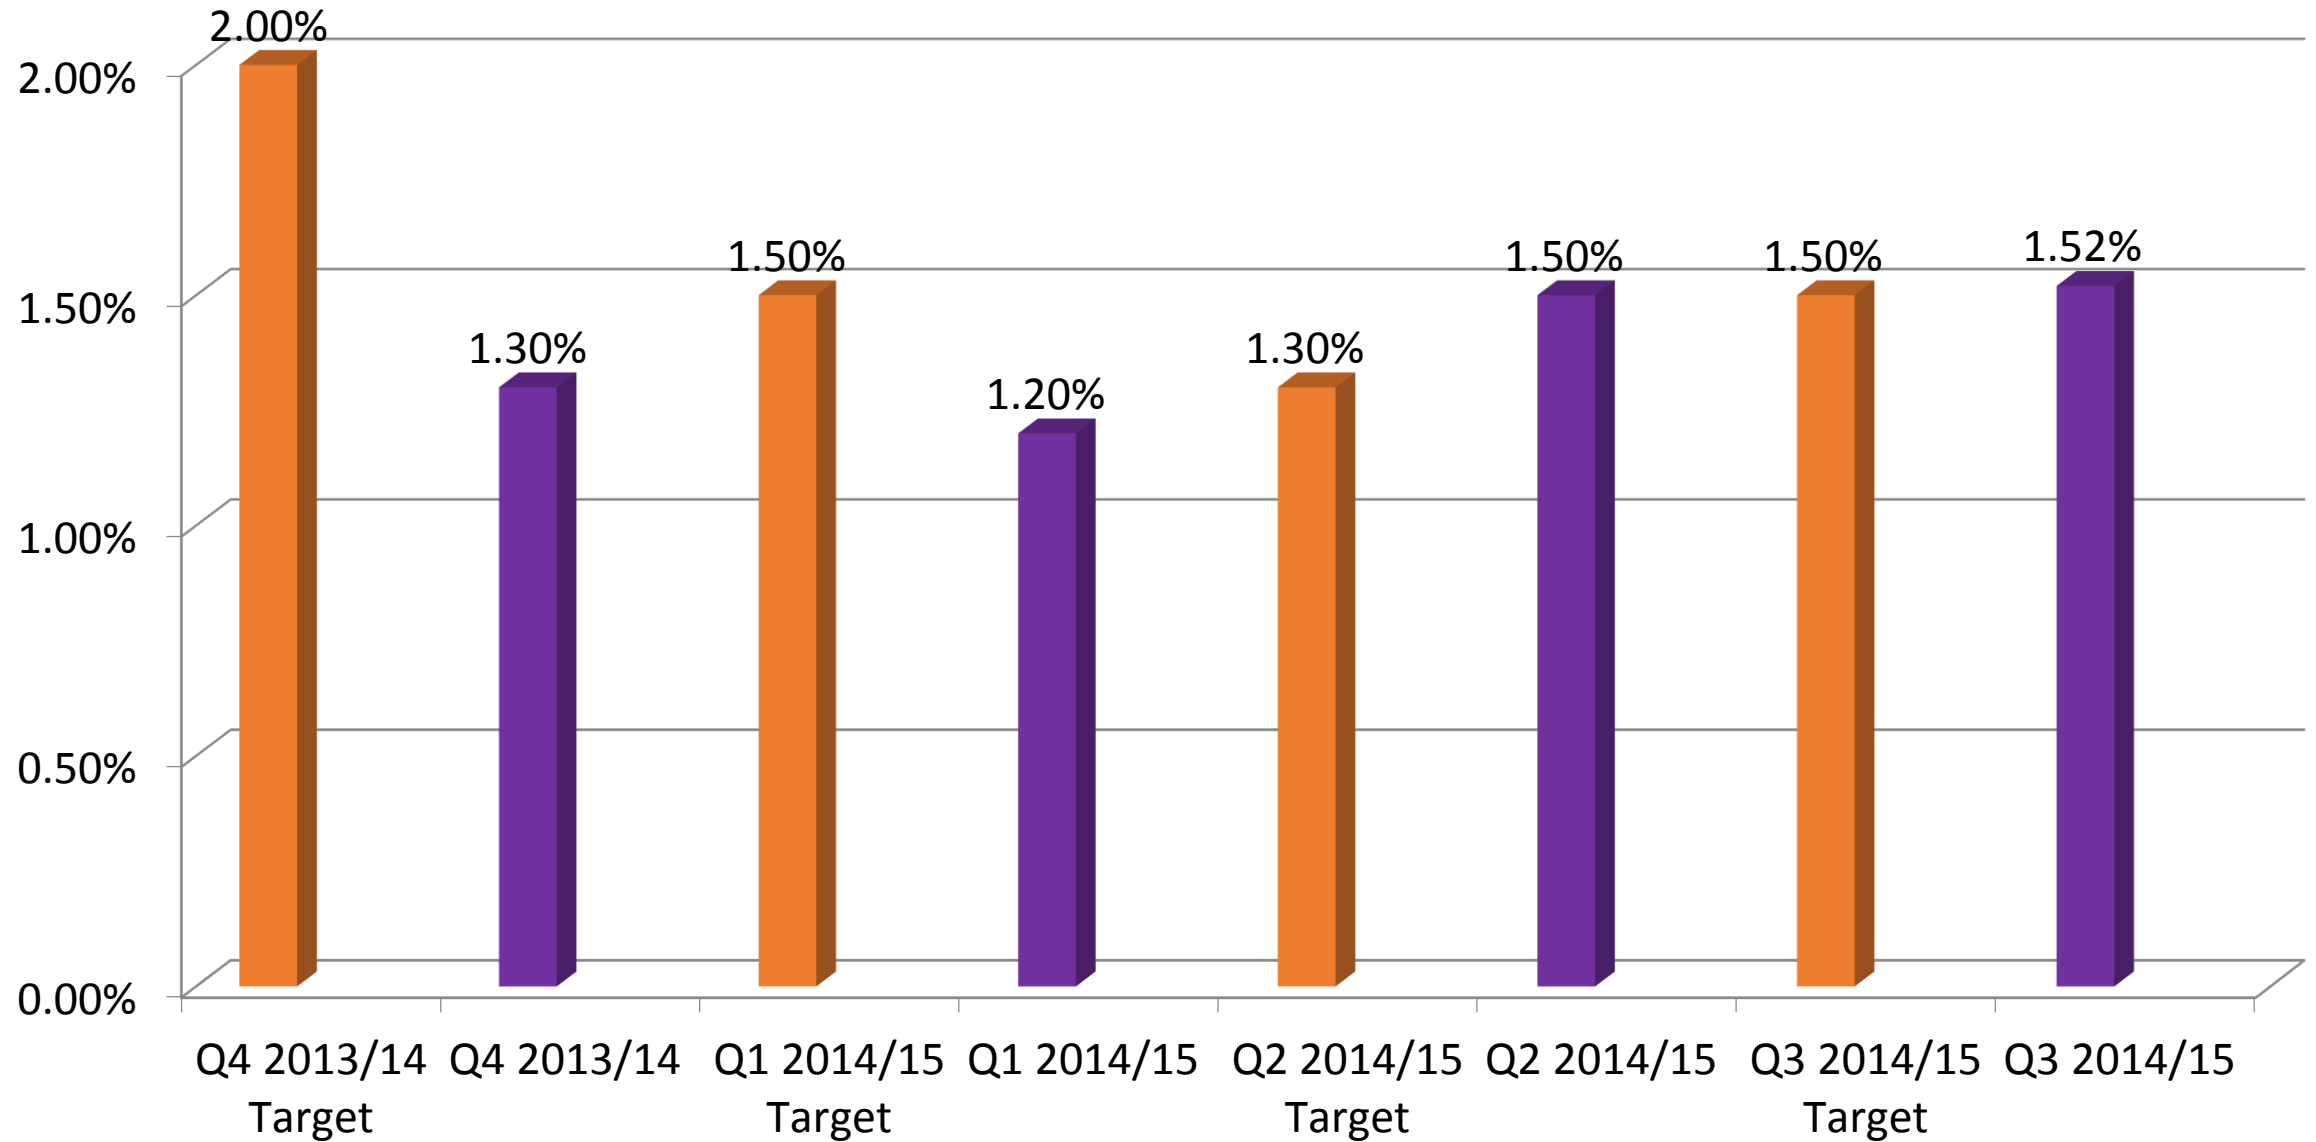

LIFE SKILLS

- The District together with Department of Arts and Culture has a programme of engaging with maidens at a Local level in order to prepare them for Umkhosi Womhlanga
- The Programme called Siyaya emhlangeni is where we engaged with all maidens in a form of campaigns to curb teenage pregnancy
- Siyaya Emhlangeni happens quarterly in all Local Municipalities then the main campaign is held in August at a District level shortly before Umkhosi Womhlanga
- Such platforms also helps maidens to get career guidance

PCR Positive around 6 weeks Rate

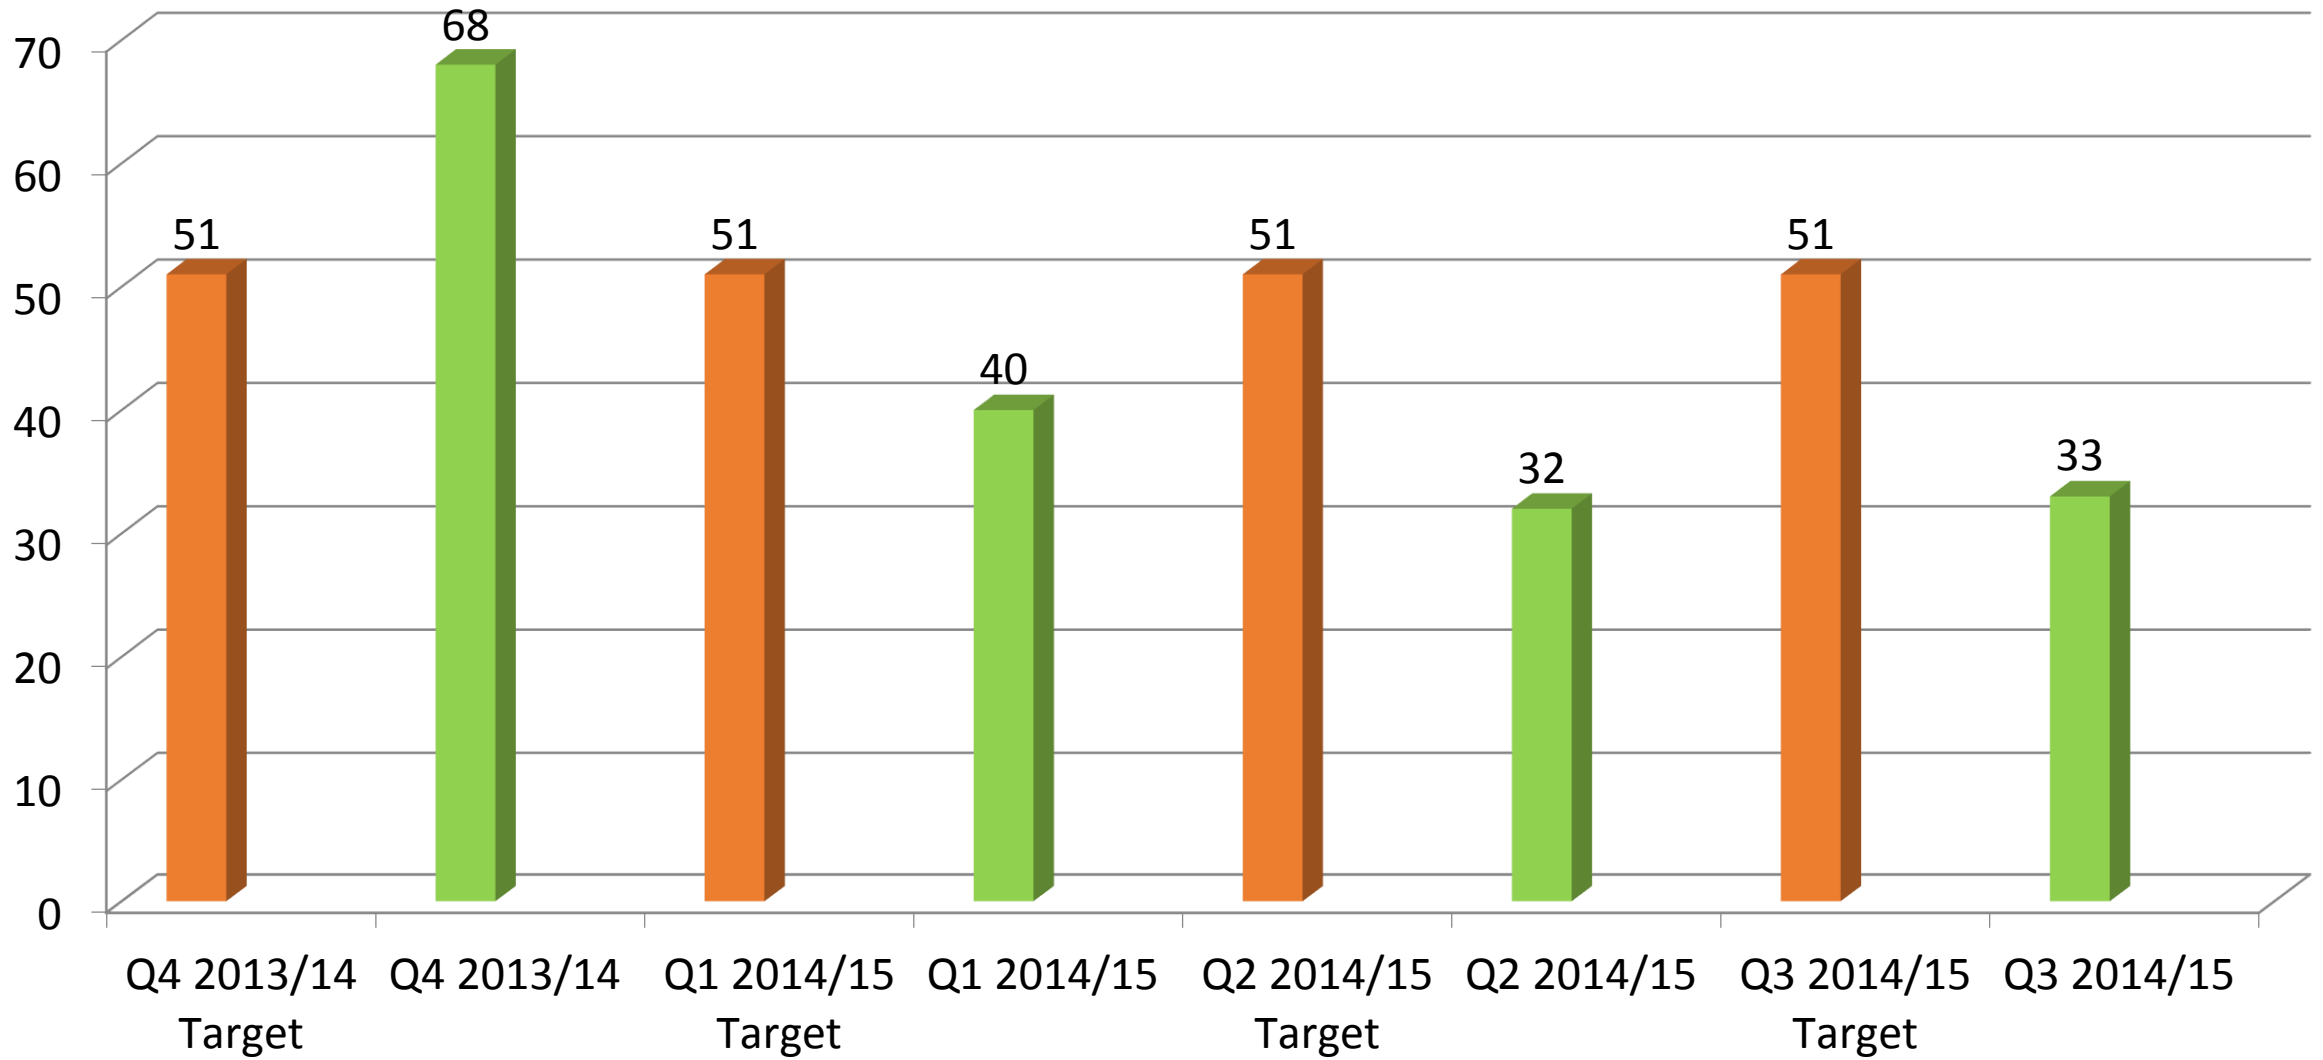

Baby HIV antibody test positive at 18 months rate

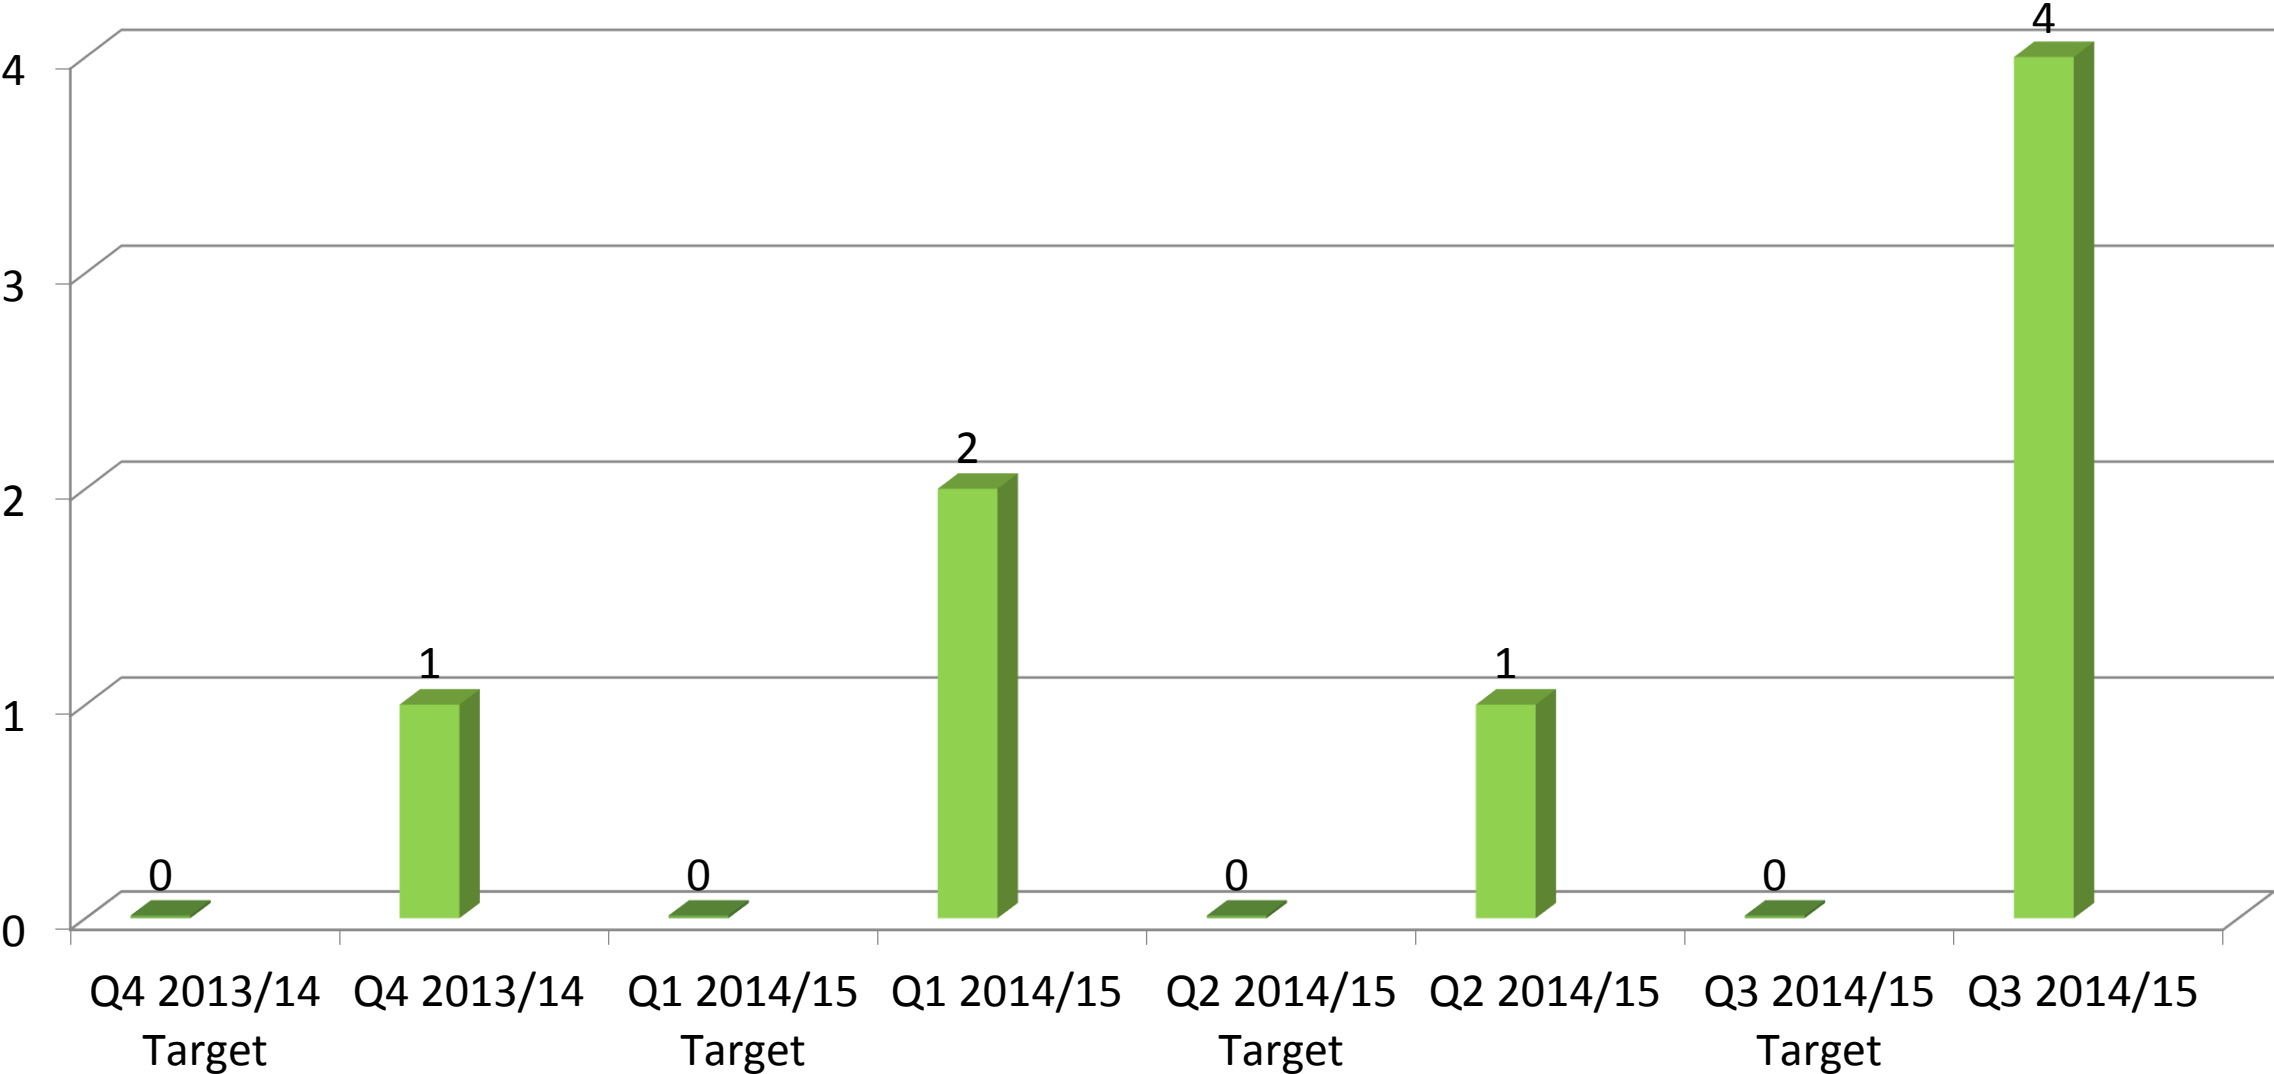

- The increase in number of infants testing positive for PCR around six weeks in quarter 3 is due to a number of factors:
 1. Women who fail to adhere to the ART Programme.
 2. Women who are cross border patients.
 3. Women who initially test negative for HIV and they later test positive.
- The implementation of the revised ART Guideline will commence in January these will assist in addressing some of the challenges within the PMTCT programme.

- District has appointed District Clinical Specialist Team that support all clinics to ensure that proper equipment and guidelines are available.
- During community awareness days community is educated on danger signs of pregnancy and being discouraged to take un prescribed medication during pregnancy.
- Community members have been requested to report any death of woman in the community during pregnancy and after delivering of the baby.

Number Of Infant Deaths In Public Health Facilities

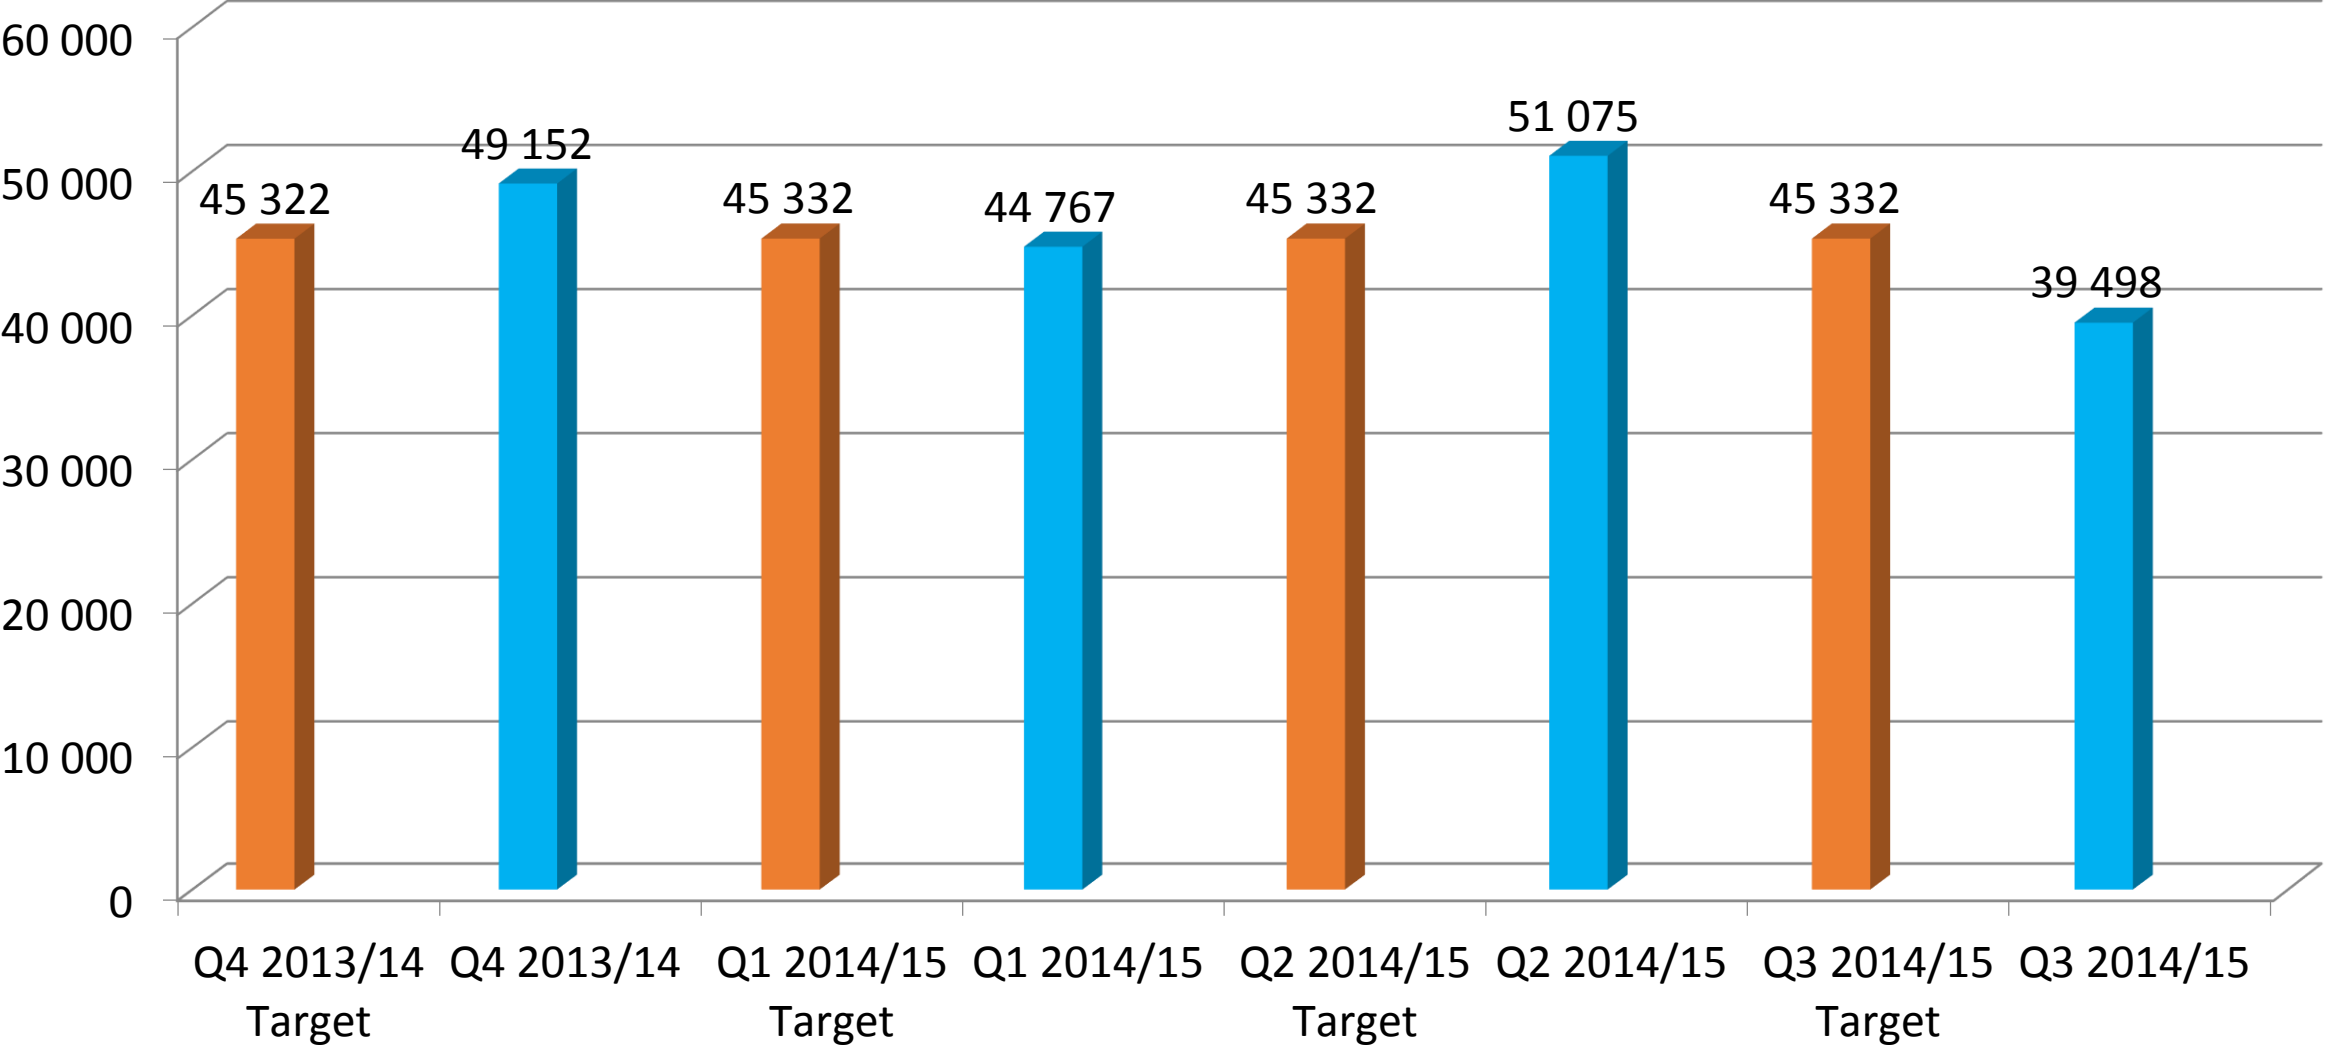

Number of Maternal Deaths in Public Health Facilities

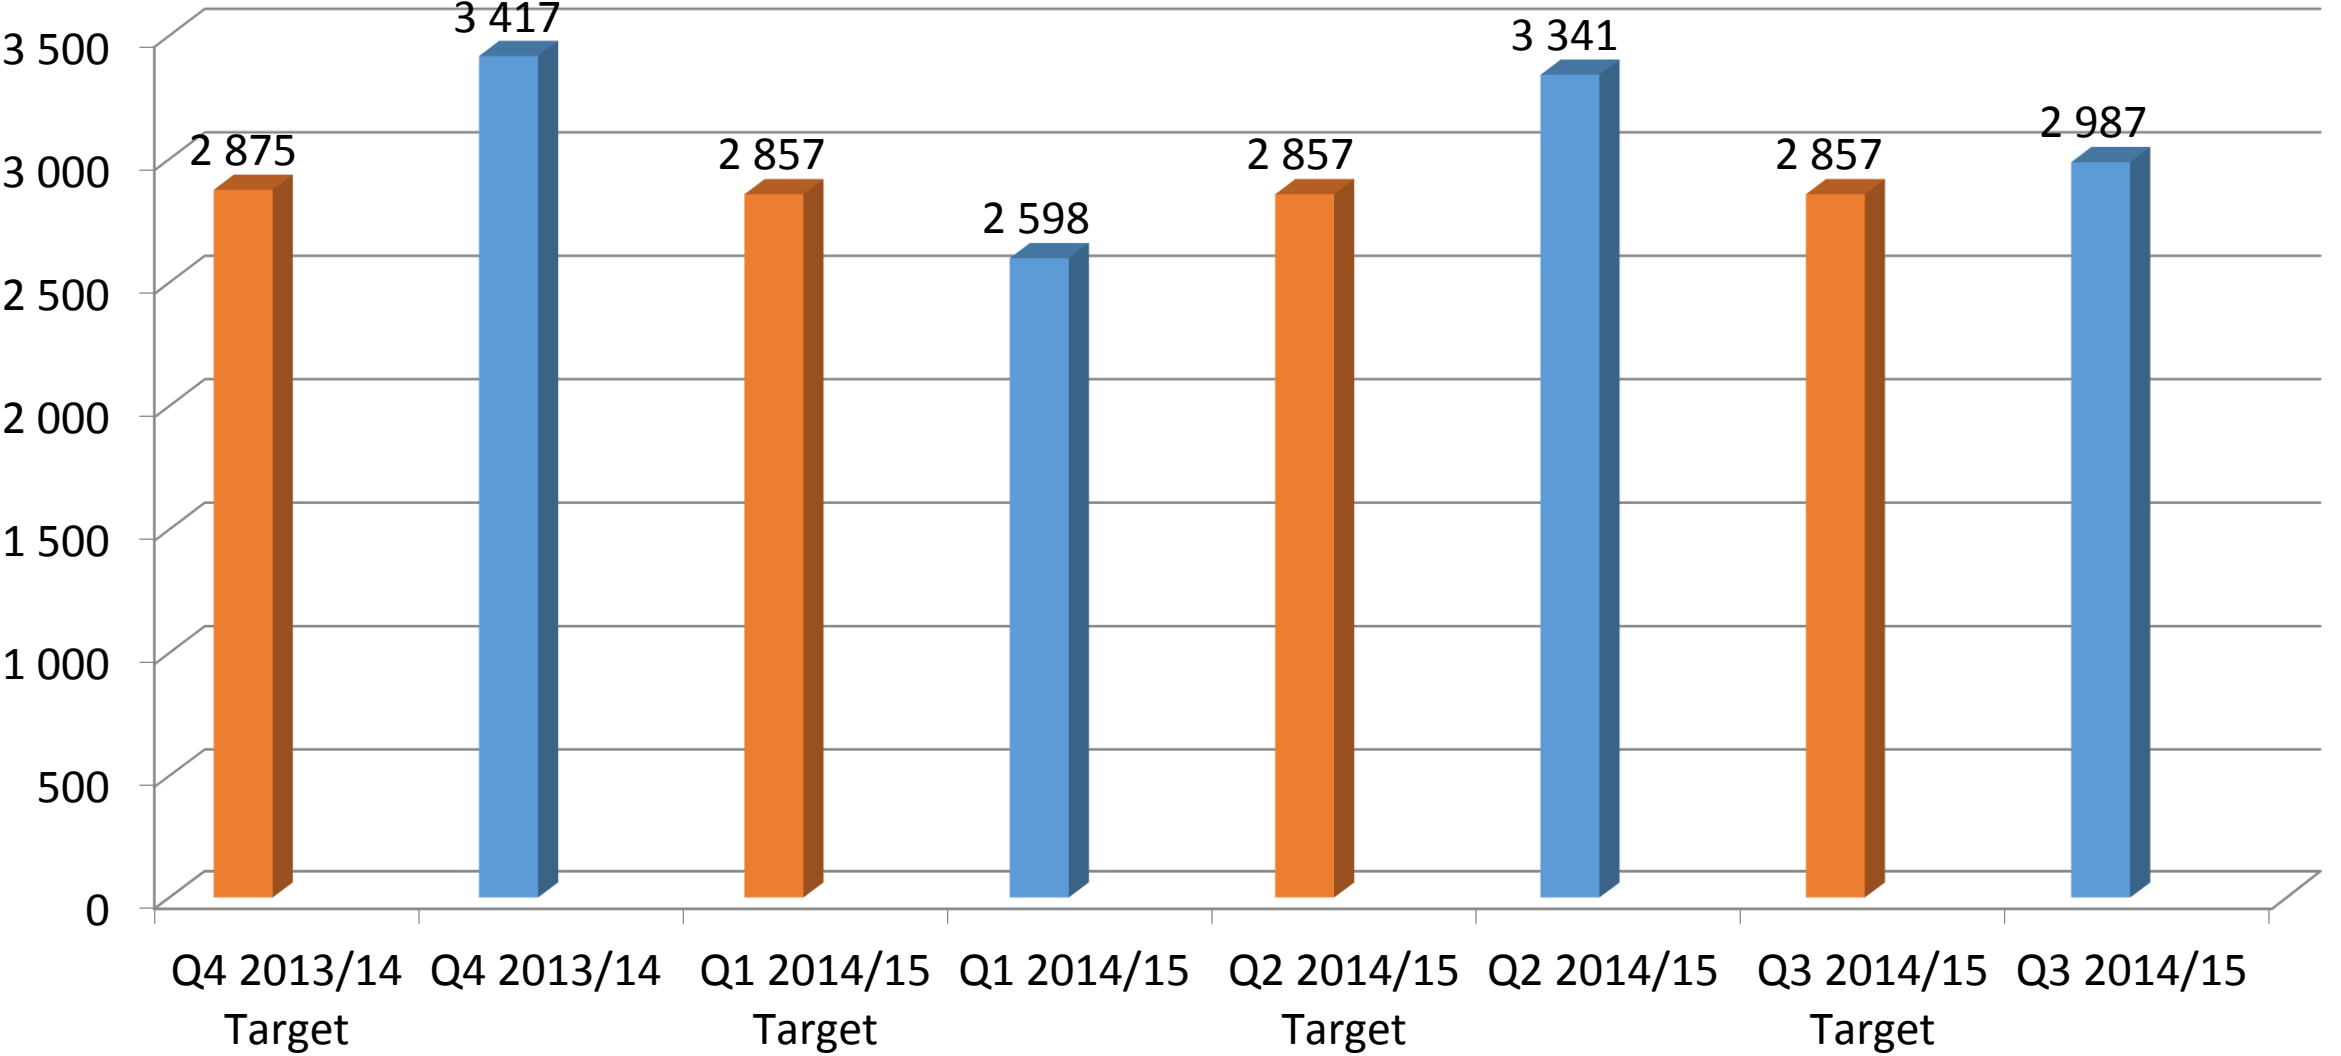

MATERNAL DEATHS

- There was an increase in the number of maternal death these were due to avoidable and unavoidable causes.
- The district will be holding a PHC Indaba to address these issues.
- The District Clinical Specialist (Midwife) will be providing additional support to PHC Facilities to ensure adherence of all our PHC facilities to the Basic Antenatal Care Manual.

Number of HIV tests conducted

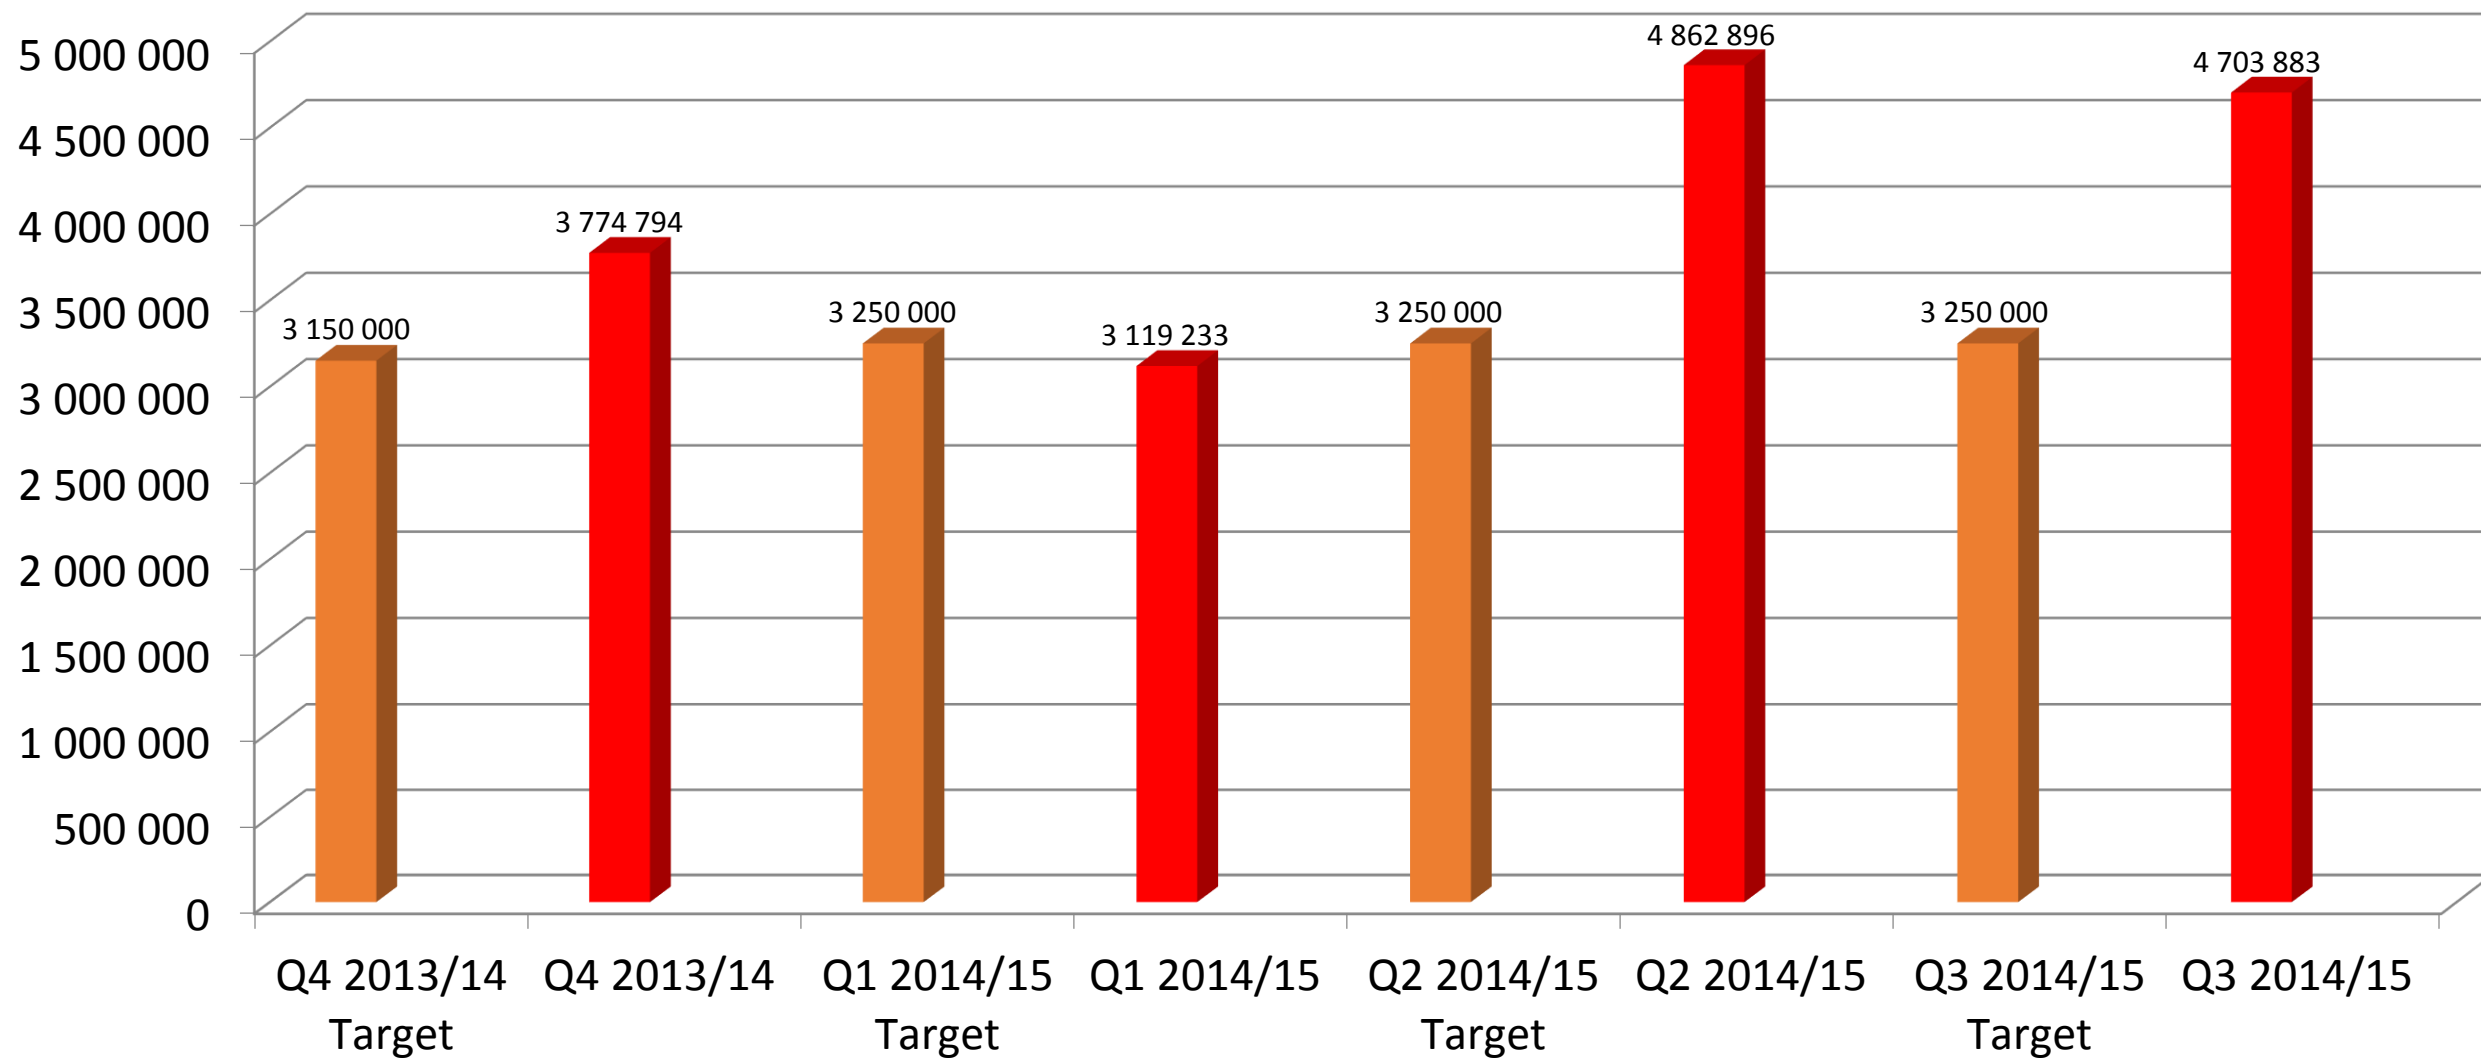

Number of HIV positive cases

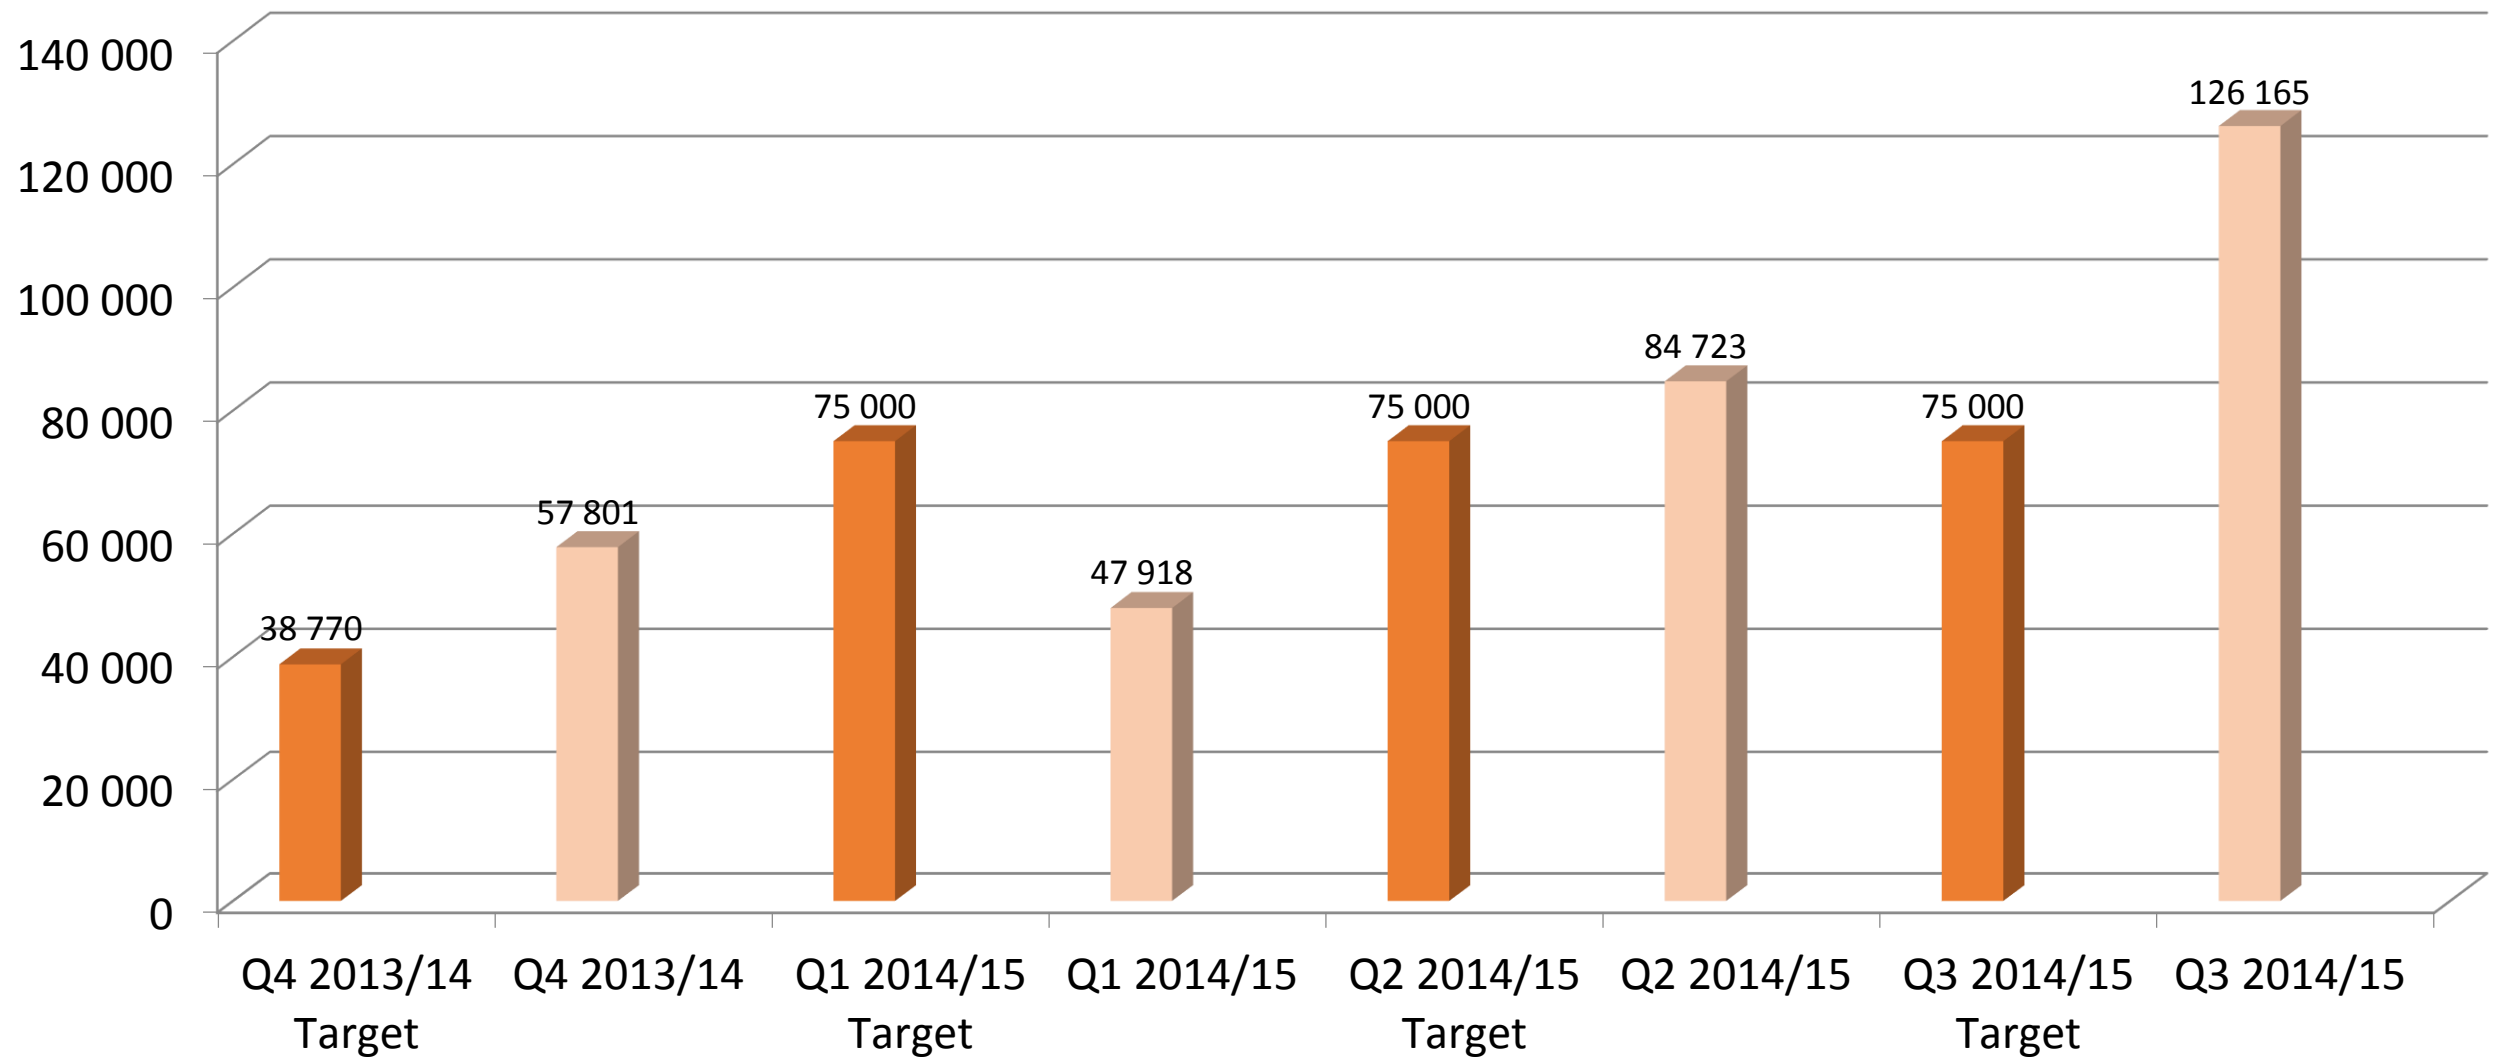

- Hlola Manje Zivikele Campaigns have increased the number of clients that test for HIV.
- HCT services have been accelerated to FET Colleges and taxi ranks within the district that is Amajuba FET College and Mtashana FET College.
- Private nursing school are also provided with HCT.
- Philanjalo and Umvoti Aids NGO are the main NGO that are doing TB new case finding in the District
- All clients that are done HIV counseling and testing are screened for TB.

Number of Male condoms distributed

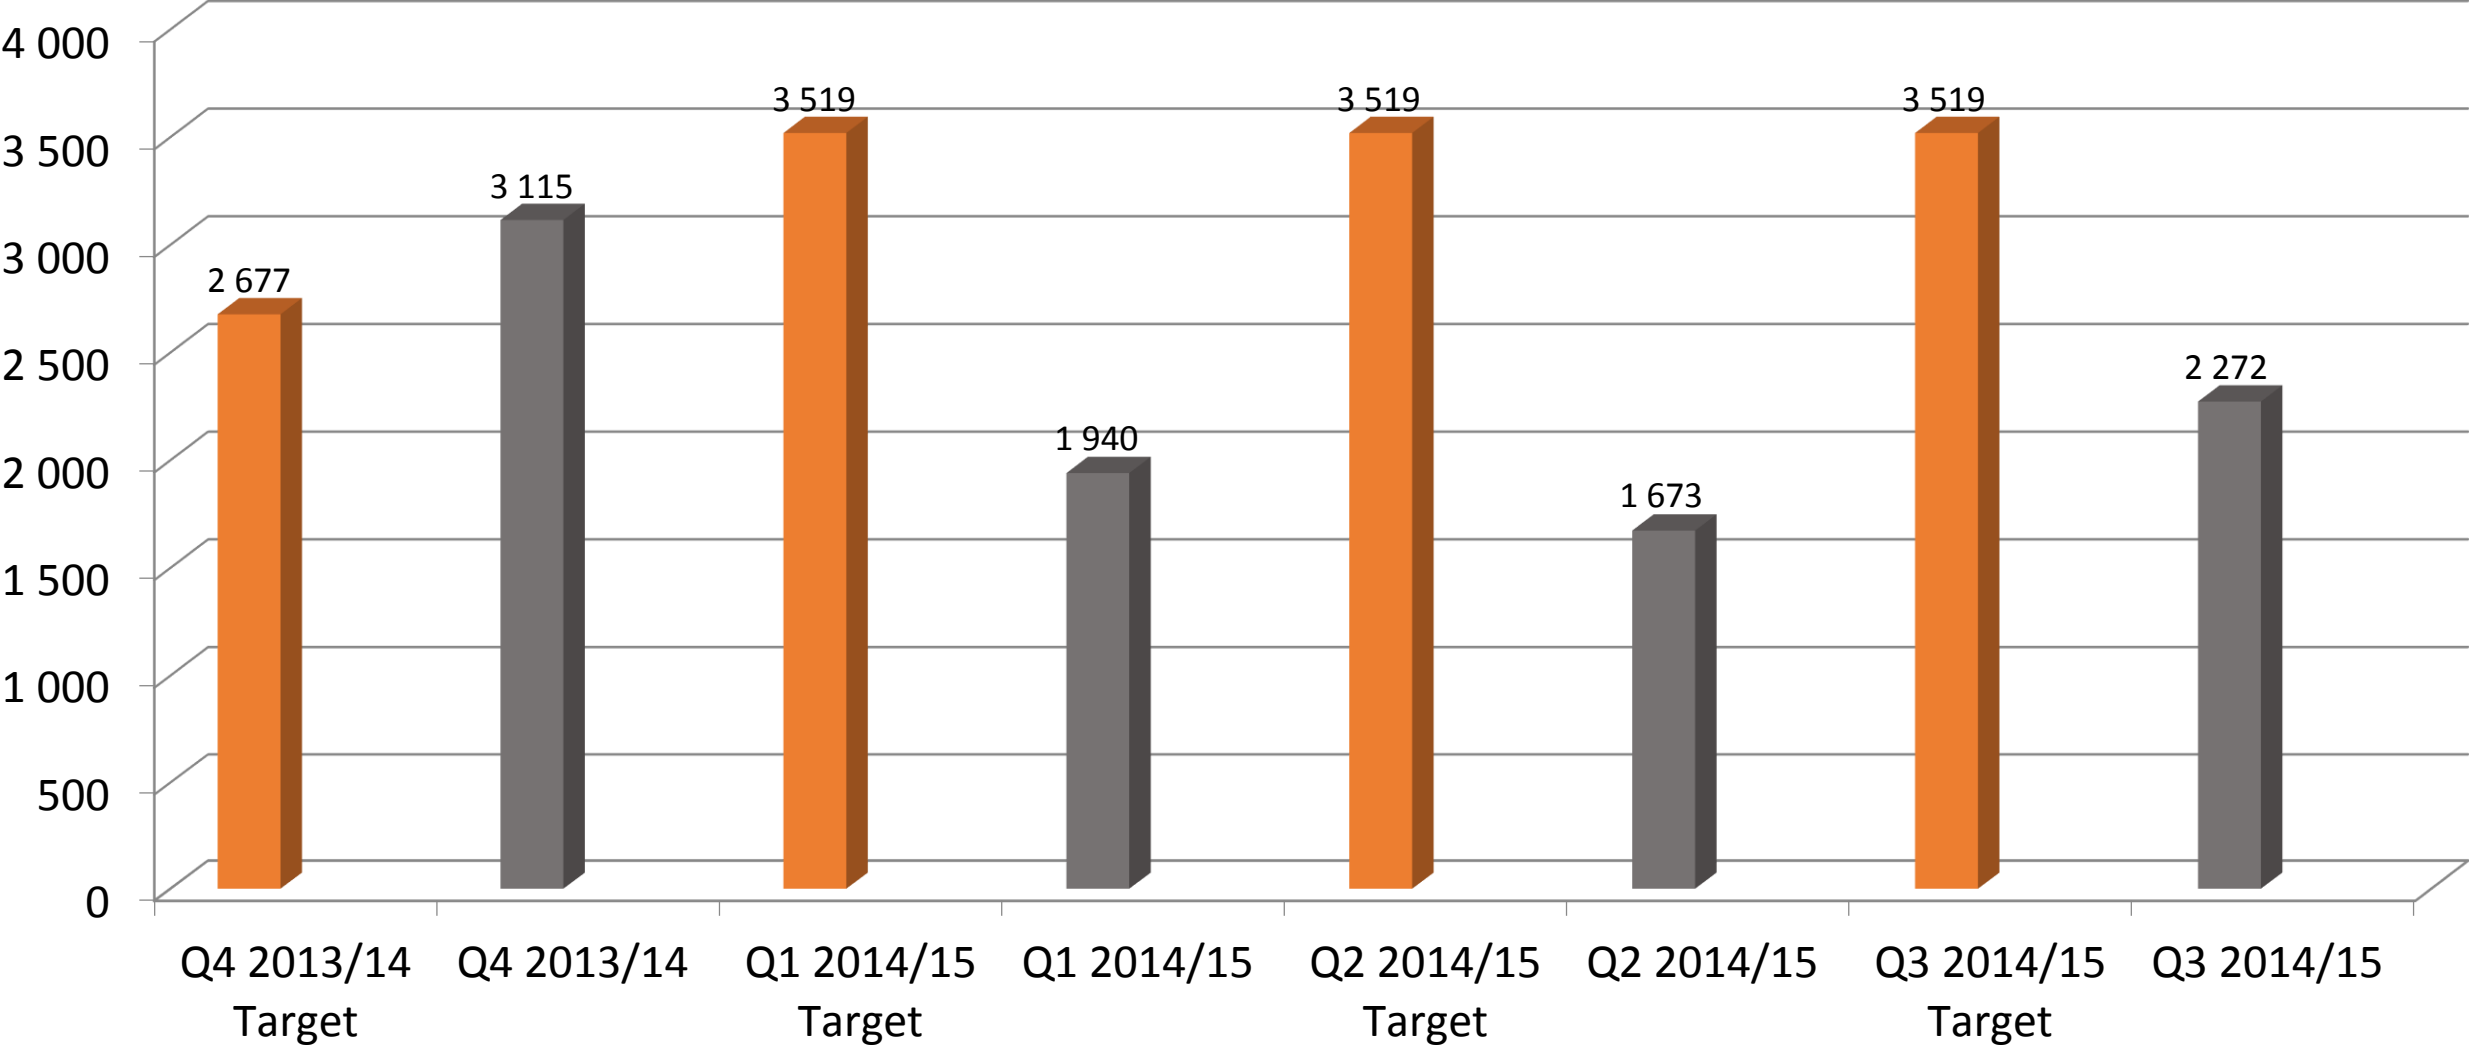

Number of Female condoms distributed

Condoms Distributed

- Currently there are 240 secondary distribution sites that includes the 65 clinical sites (includes hospitals and PHC facilities), and a further 175 includes taverns, shops, industrial sites, prisons, NGOs and taxi ranks.
- Patients accessing PHC services are issued with 50 condoms that are pre-packed with their medication.
- CCGs' and other field workers further assist with condom distribution they distribute 200 condoms per day.

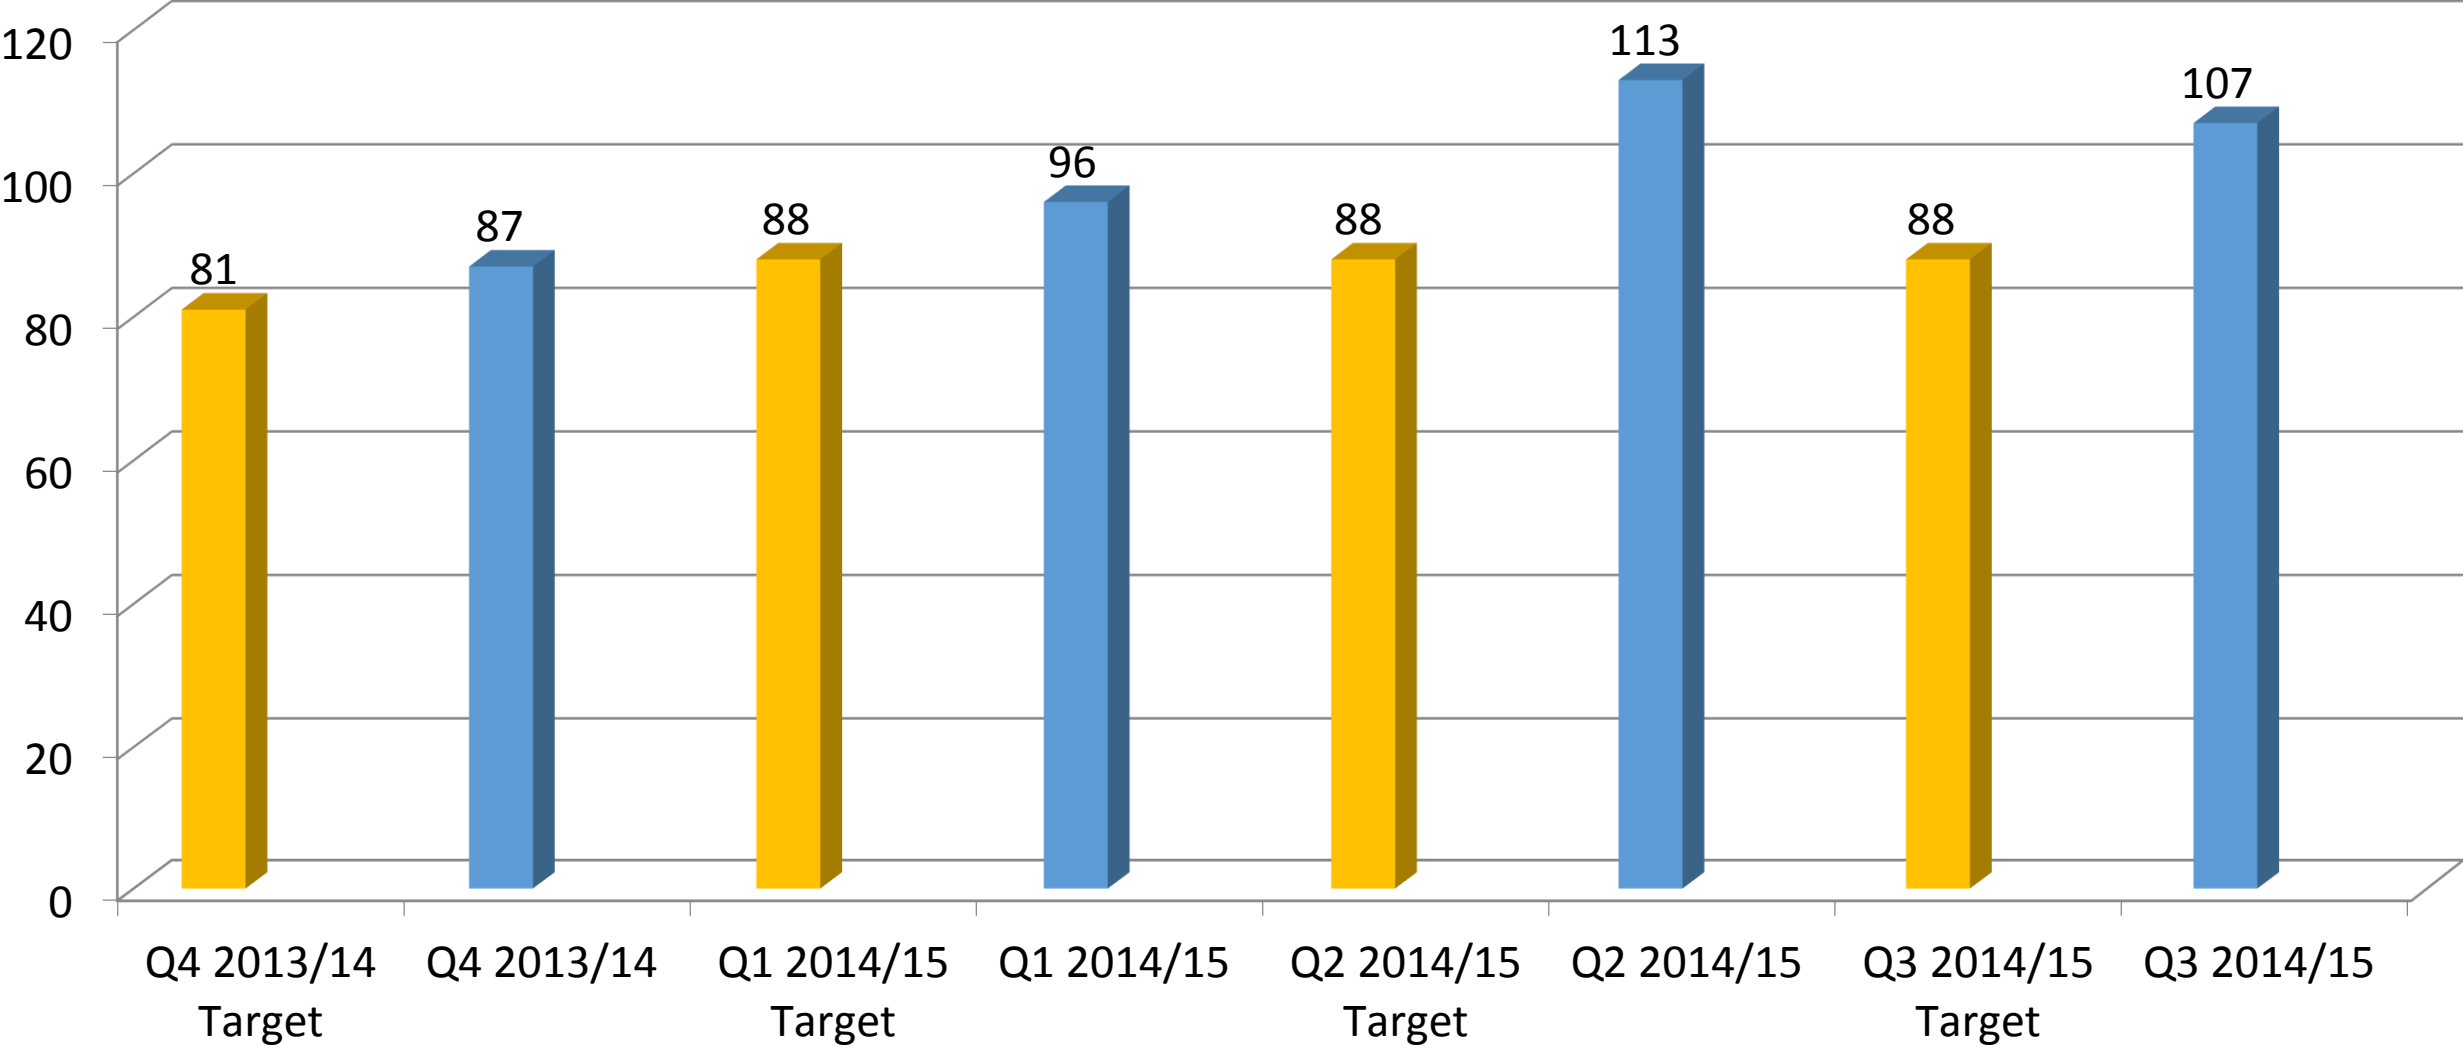

Number of males aged 15-49 circumcised

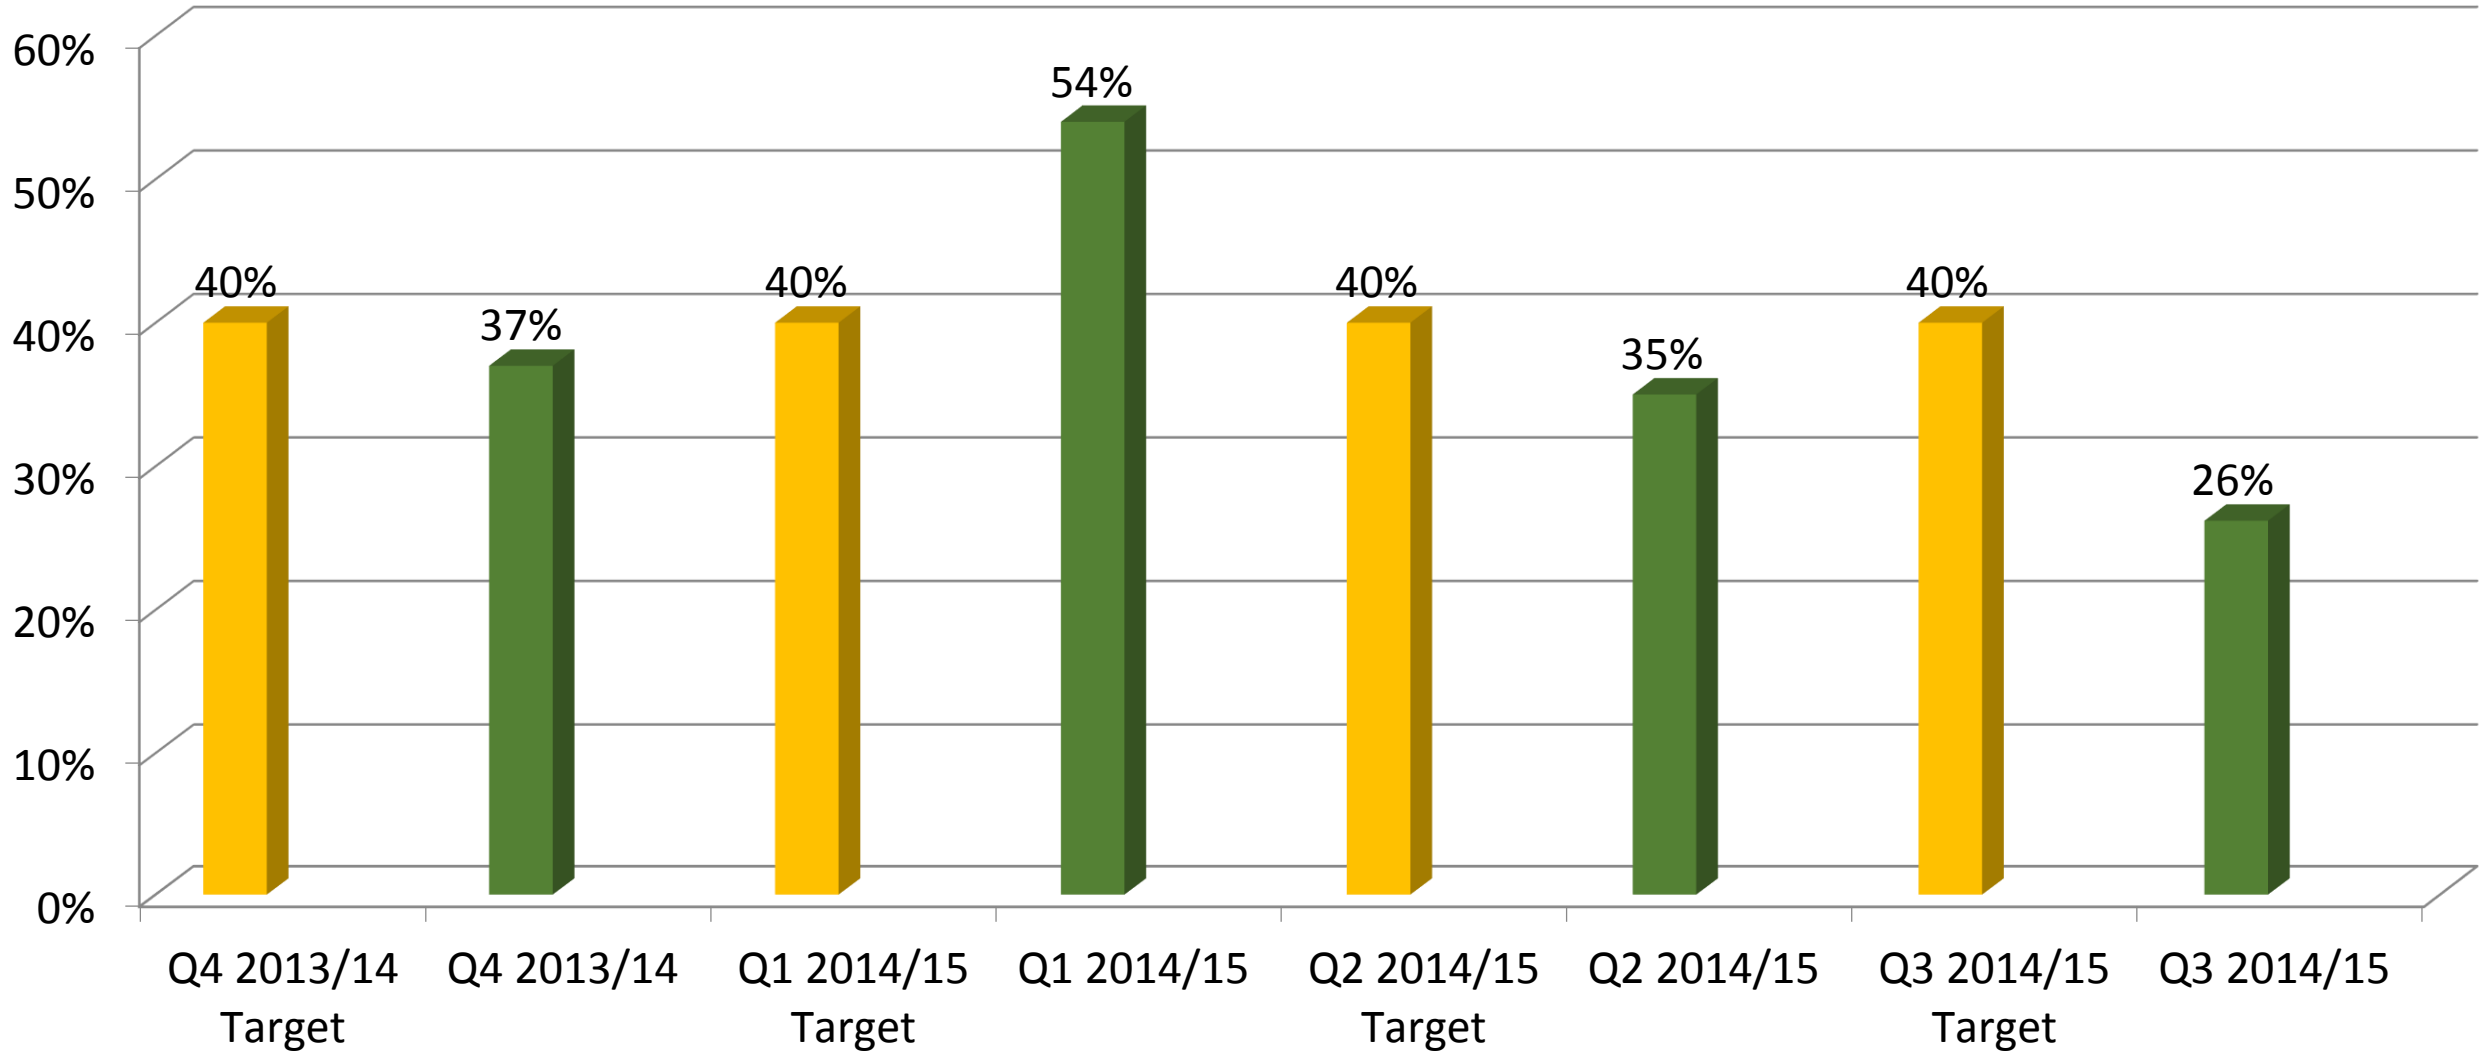

Activities/Interventions moving forward

- Male medical Circumcision remains a challenge.
- Currently District is embarking on a strategy to recruit more males with our partner NGO Umvoti AIDS Centre.
- Traditional MMC Coordinators have been addressed by MEC to accelerate recruitment.
- Amakhosi are also supporting MMC and services for MMC is rendered in all District events

Number of sexual assault cases

Children under 12 years sexually assaulted rate

Activities/Interventions moving forward including plans to curb sexual crimes as per SAPS Data

- There is a decline in sexual assault of children.
- Matter has been escalated in war rooms to make community aware.
- Engagement of key leaders was done and campaigns have been scheduled to create awareness on Sexual Assault issues.
- Community Dialogues with all stakeholders

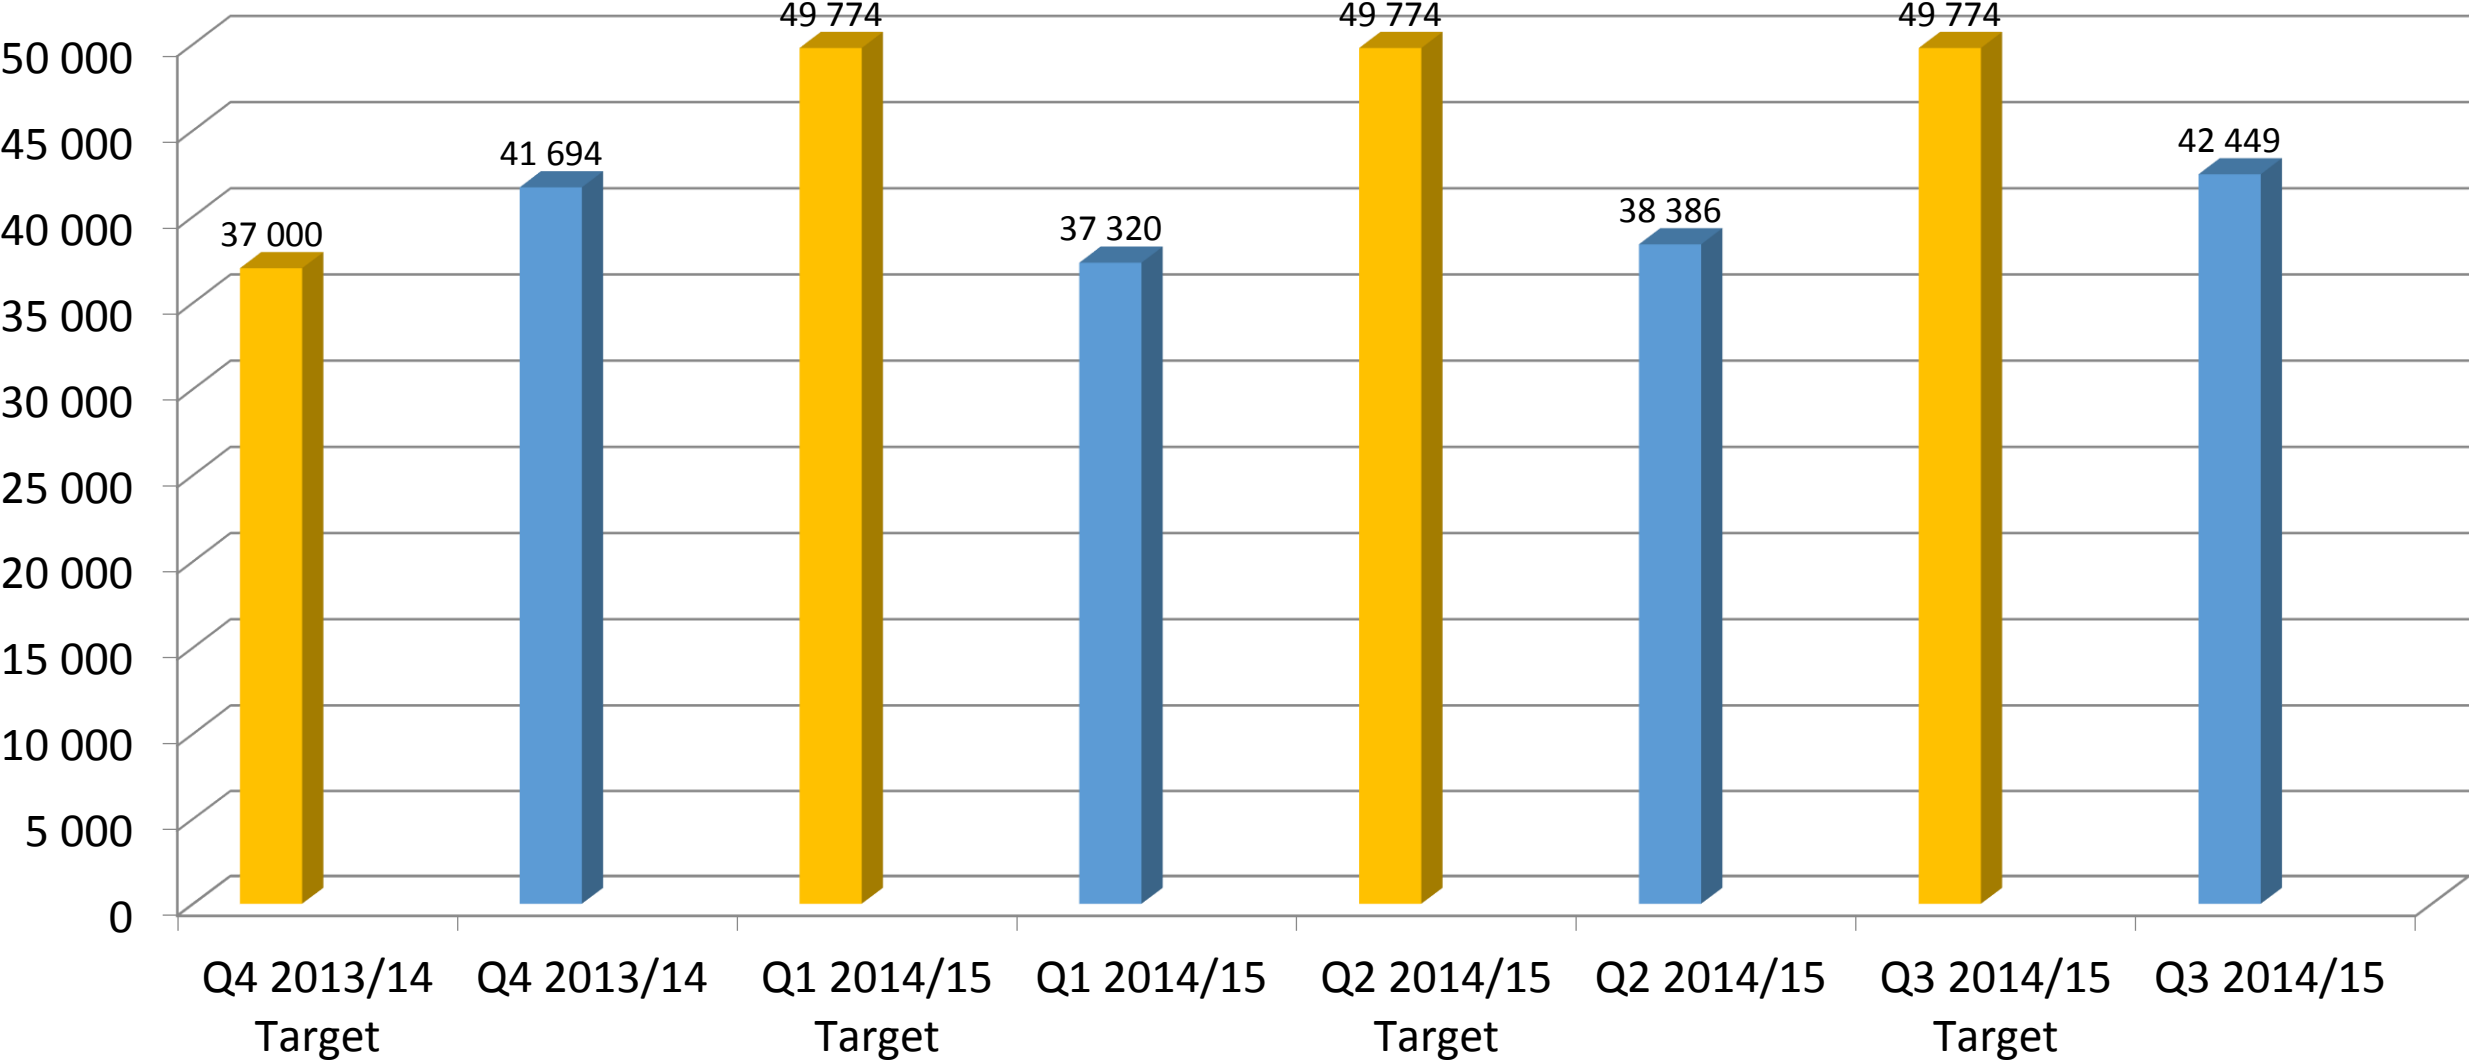

SEXUAL ASSAULT

- Following the need for intervention on the high prevalence of sexual assault in the District since Umzinyathi was the highest in the last quarter
- The District has engaged with SAPS, Community Safety, Amakhosi and religious leaders to eliminate the issue of sexual assault within the District.
- District also supported workshop by Cogta where all Amakhosi were addressed on the issue of Ukuthwala (Forced marriage)
- District Aids Council has come up with a consolidated Action Plan on how to eliminate sexual assault cases as well and prevention

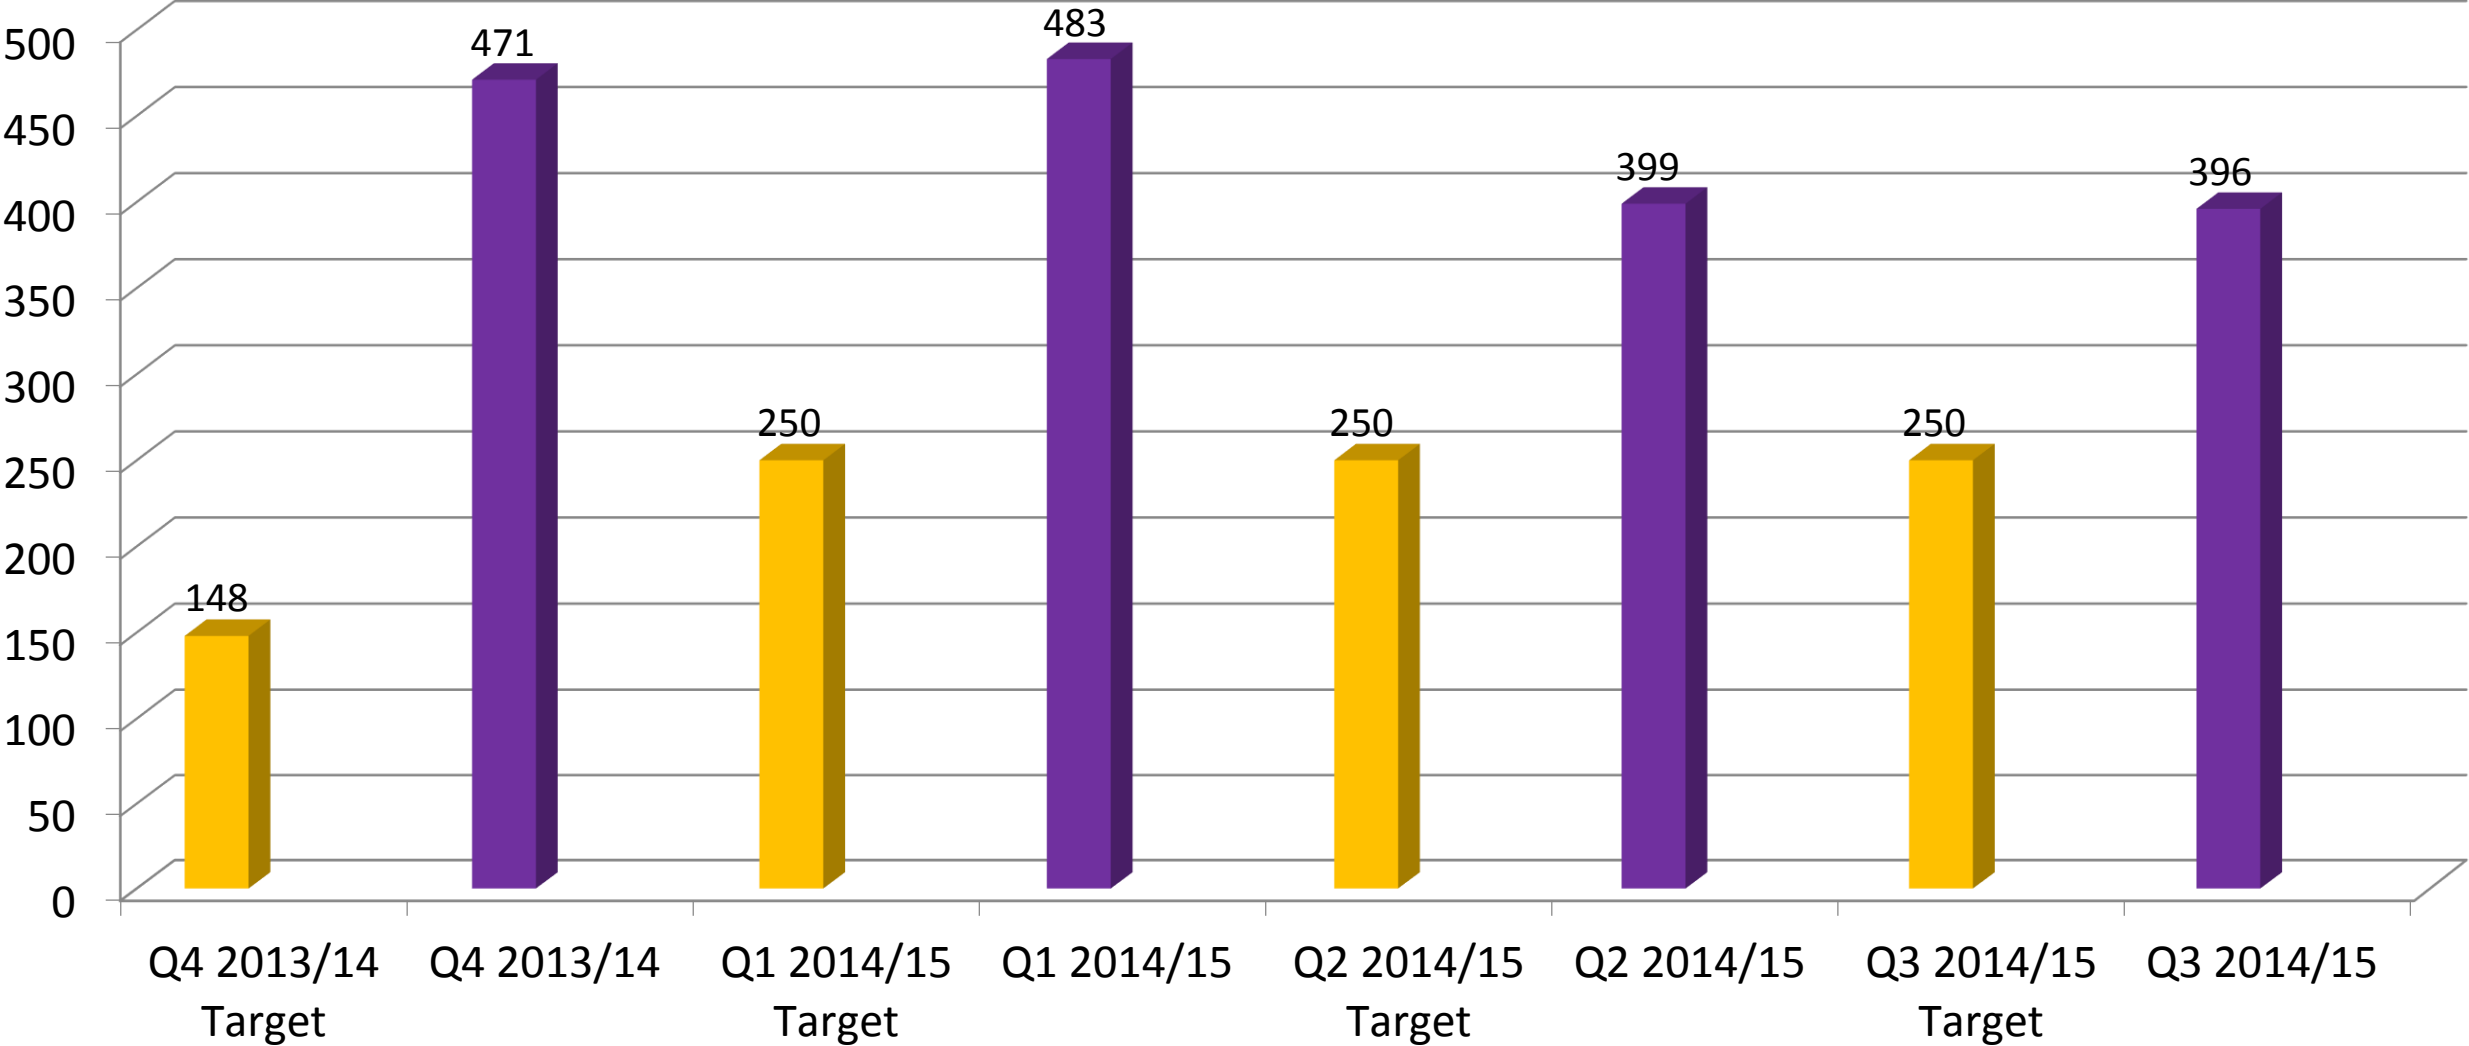

Sexual Assault

- Through community engagements the issue of sexual assault will be dealt with in ensuring that communities understand sexual assault reporting options
- Some of the cases are not reported due to families and Inkosi coming into agreement.
- As the District Mayor I have a programme of engaging with amakhosi quarterly in order to remind them not to entertain negotiations from families (izinhlawulo) culprits should go to jail
- Amakhosi should ensure that those who commit cases of sexual assault in their communities are held accountable

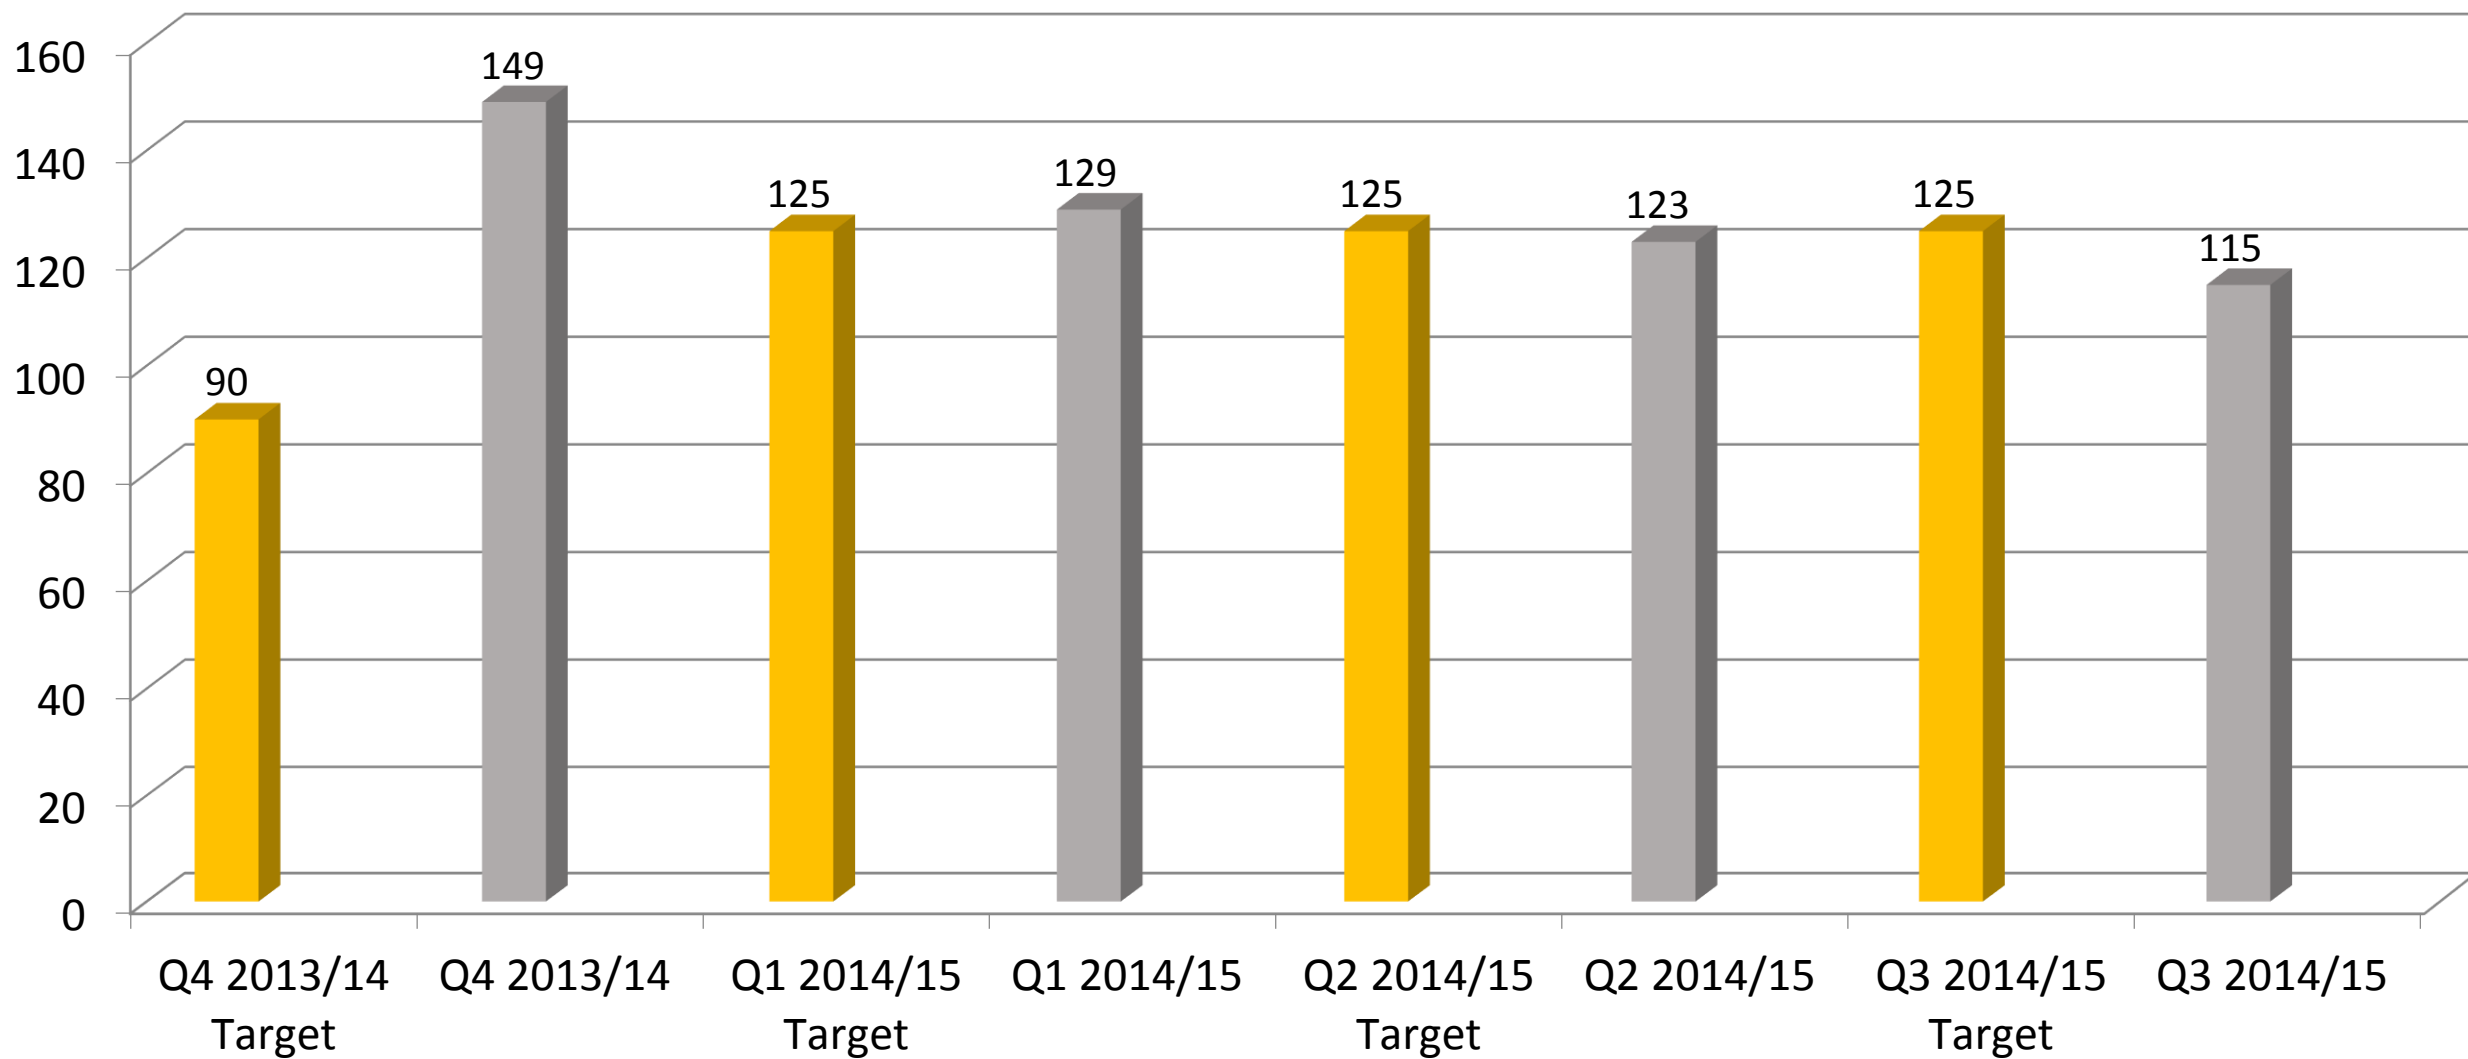

Total number of patients on ART

Number of ART clients de-registered due to loss to follow up

Number of ART clients de-registered due to death

Activities/Interventions moving forward

- Tracing Teams and CCGs are used to trace for defaulters
- The number of patients on ART remains low this has to change when the implementation of the revised ART guidelines is commenced in January, whereby all clients with CD4 count below 500 will be commenced on ART.

Intervention Area: Coordination, Monitoring & Evaluation

Indicator	Quarter 4 2013/14 Target	Data for Quarter 4 2013/14	Quarter 1 2014/15 Target	Data for Quarter 1 2014/15	Quarter 2 2014/15 Target	Data for Quarter 2 2014/15
Number of LACs submitting reports to DAC	4	3	4	3	4	3

Intervention Area: Coordination, Monitoring & Evaluation

Indicator	Quarter 3 2014/2015 Target	Data for Quarter 3 2014/2015	Quarter 4 2014/15 Target	Data for Quarter 4 2014/15		
Number of LACs submitting reports to DAC	4	3				

Intervention Area: Coordination, Monitoring & Evaluation

Indicator	Quarter 4 2013/14 Target	Data for Quarter 4 2013/14	Quarter 1 2014/15 Target	Data for Quarter 1 2014/15	Quarter 2 2014/15 Target	Data for Quarter 2 2014/15
Number of WACs submitting reports to LAC	53	15	91	32	59	42

Activities/Interventions moving forward

- The Challenge with Ward Aids Committees is that of stipend they are hesitant to work since the ward Committees are receiving stipend so they also expect to get remuneration
- The Local Municipalities together with the District cannot cater for such due to limited budget
- Support groups are capacitated to replace WAD moving forward

COORDINATION CONTI

- The District will be launching sector for people living with HIV/AIDS at the District level
- Some Municipalities have launched the sector for PLHIV though there are ward aids committees that are still not yet trained but Nquthu and uMsinga have trained most of the support groups
- We are waiting for the confirmation from the office of the Premier to train Amakhosi and Religious leaders
- The participation of stakeholders in District Aids Council has improved

COORDINATION MONITORING AND EVALUATION INTERVENTIONS

- Only 3 Municipalities are submitting reports, Nquthu and Msinga however
- Endumeni has recently improved with new focal person appointed and budget allocation for HIV/AIDS program
- Umvoti still lacking behind but the DAC is assisting them.

Cordination

- With HIV/AIDS community dialogues happening in all Municipalities we have identified a challenge of stigma at Umvoti Municipality
- The District is planning to engage more dialogues and focus more on that area since there are lot of challenges in as far as social issues are concern
- The 16 days of Activism against women and children event was also held in that area last year in order to address gender based violence since number of incident has been reported in ward 2 Matimatolo area

SUCCESS STORIES

- District Aids Launch for People with HIV/AIDS to be launched in April
- District Health Indaba held in February addressing teenage pregnancy and substance abuse
- District HCT nerve centre is now functional we are in a process of facilitating the functioning of HCT nerve centre in other LMs
- World Aids Day was a huge success as well as build up activities that were happening in our 4 Local Municipalities
- Sexual Assaults plan is in place
- Deputy Chairperson for DAC from Civil Society sector was elected

OPERATION SUKUMA SAKHE

- We are in a processes of strengthening war rooms to focus on the issues dealing with HIV&AIDS,TB and STI
- My office working with Department of Health is working on a programe of ensuring that HIV/AIDS statistics are displayed in all war rooms
- I have started the programe of visiting every war room in the District in order to ensure that such statistics are displayed
- In every District event we request Department of Health to render services so that as leaders of Umzinyathi we walk the talk

**THANK YOU
THUTHUKA MZINYATHI**
