DISTRIK MUNISIPALITEIT

# Achievement...

☐ 90–90–90 – CITIES  
FAST TRACK  
STRATEGY, Msunduzi  
Municipality -  
launched in 2014,  
aims to greatly step  
up the HIV response  
in low- and middle-  
income countries to  
end the epidemic by  
2030.

90%

of all

living with HIV will know  
their HIV status

90%

of all

living with HIV will receive  
antiretroviral therapy

90%

of all

receiving antiretroviral  
therapy will have viral  
suppression

# Achievements: Our response & findings

## uMgungundlovu 90-90-90 targets

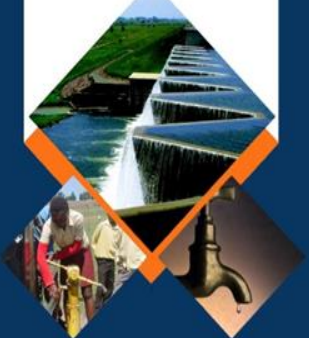

Using the HIPSS first baseline collected between June 2014 to July 2015 to the 2<sup>nd</sup> cross sectional data July 2016 to June 2016 we compared the changes in uMgungundlovu.

The HIPSS results indicate a positive improvement towards achieving 90 90 90 targets over the last 12 months. **HIPSS** HIV Incidence and Prevalence Surveillance System Project

What is concerning is that a third of women and 40% of men still do not know their HIV positive status and cannot be put on treatment to improve their health and prevent transmission of the virus.

# Achievements: Our response through partnership & support

Voluntary Medical Male Circumcision  
for HIV Prevention

uMGUNGUNDLOVU

DISTRIK MUNISIPALITEIT

## Achievements: Our response through strategic partnerships & support

❑ uMgungundlovu District – recipient of a DREAMS Programme.

❑ The seven family of Local Municipalities are beneficiaries of a DREAMS Programme.

-

DISTRICT MUNICIPALITY  
DISTRIK MUNISIPALITEIT

## Achievements: Functional Civil Society

- ❑ Sector (PLWHIV) involvement & representation in Coordinating Structures (DACs & LACs)
- ❑ Civil Society Chairperson for the DAC has been elected.
- ❑ Civil Society for all 7 Local AIDS Councils is existing & functional.

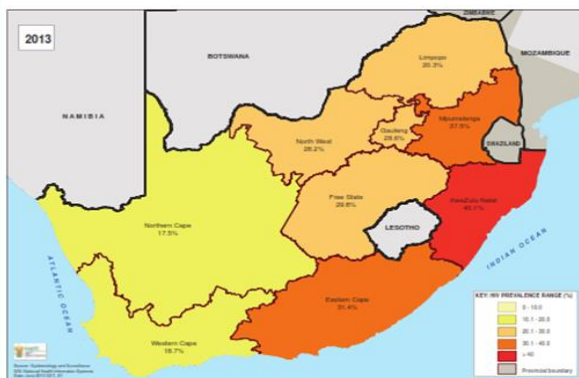

## Achievements: Strategic DAC Projects

- ☐ Greater involvement of Youth on HIV response through BCC Campaigns.
- ☐ Introduction & Launch of Teenage Health Mentors (THMs) in Schools. (Incorporated into DREAMS' Initiatives & programmes targeting Adolescent Girls & Young Women in and out of school)
- ☐ THMs working in collaboration with DREAMS implementing partners.
- ☐ CMT / UMDM Partnership on Teenage Health Mentors starting on 01<sup>st</sup> of July 2017

# Achievements: Geo-Hot Spot Mapping of HIV.

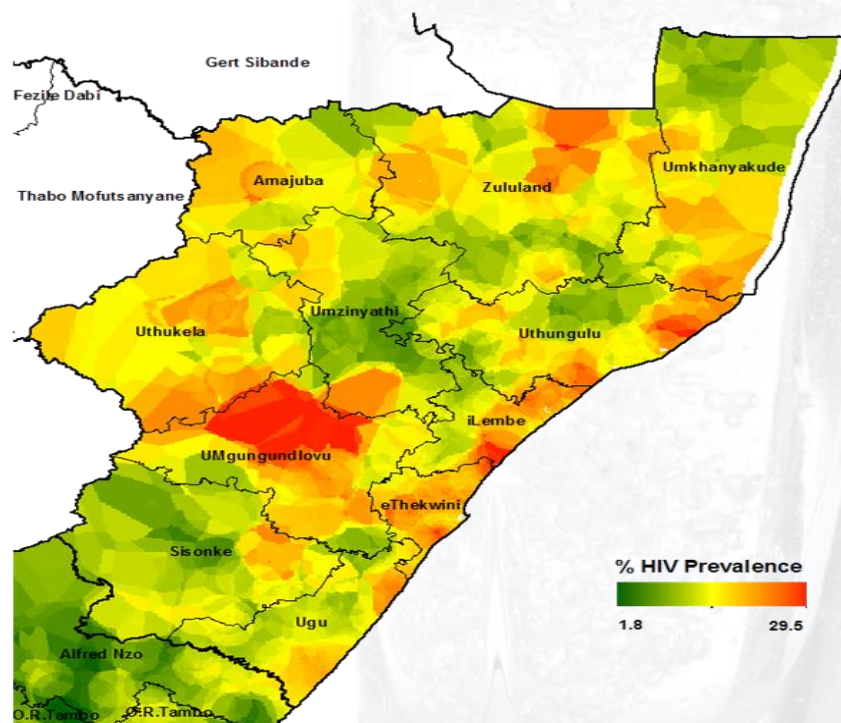

## HIV Burden

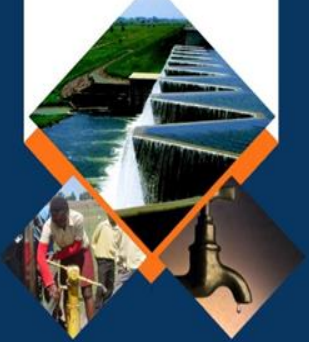

Geographically describe and visualize the patterns in distribution of HIV using routine facility PHC level data to identify high burden areas.

High burden areas in uMgungundlovu have been identified and a package of interventions have been packaged accordingly.

## Visual Patterns of HIV Distribution

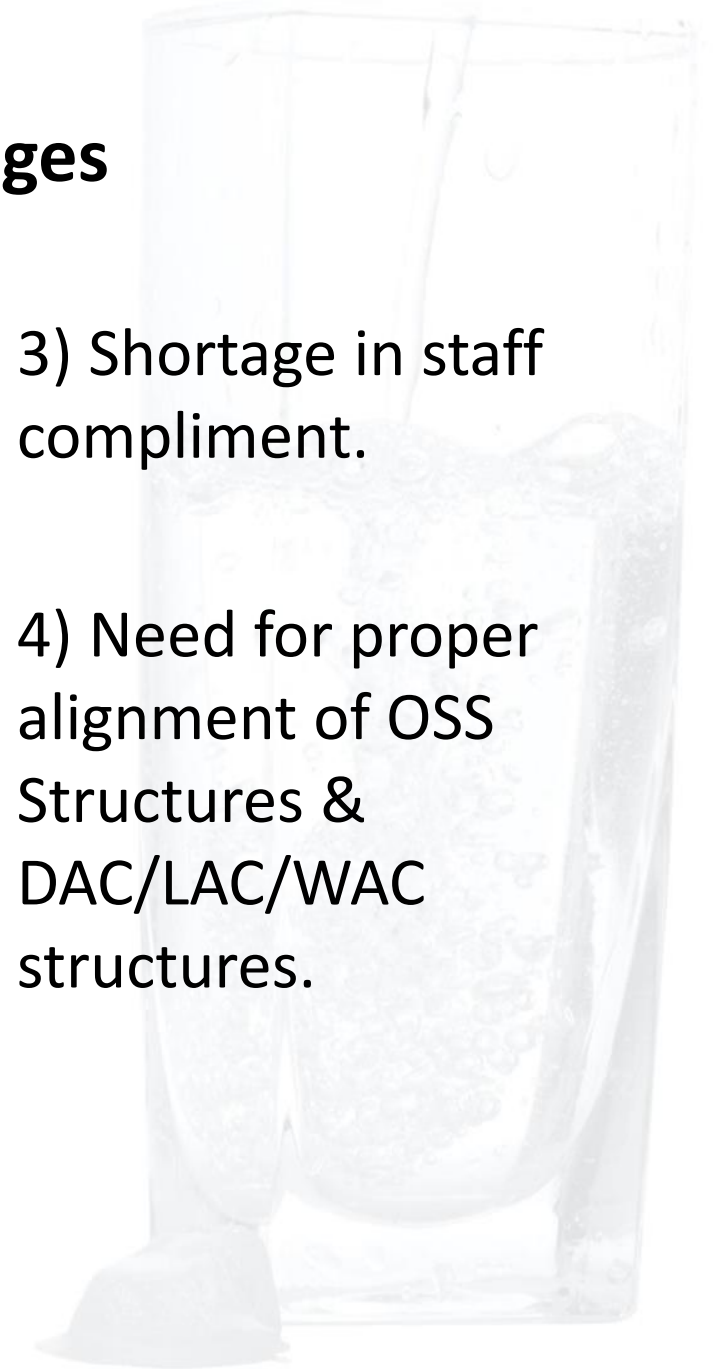

## Challenges

- 1) Poor attendance of government department officials in both DAC & LAC structures.
- 2) Budget Constraints – no budget is sufficient enough to address the plight of HIV in the District.
- 3) Shortage in staff compliment.
- 4) Need for proper alignment of OSS Structures & DAC/LAC/WAC structures.

# Staff Compliment

## DAC Secretariat ( x1 Permanent)

### LAC Secretariats:

- |    |                                       |              |
|----|---------------------------------------|--------------|
| 1. | uMngeni                               | x1 Permanent |
| 2. | uMshwathi                             | x1 Permanent |
| 3. | Mkhambathini                          | x1 Permanent |
| 4. | Msunduzi                              | x1 Permanent |
| 5. | Mpofana                               | x1 Permanent |
|    | (with other programmes to coordinate) |              |
| 6. | Richmond                              | x1 Permanent |
|    | (with other programmes to coordinate) |              |
| 7. | Mpendle                               | x1 Permanent |
|    | (with other programmes to coordinate) |              |

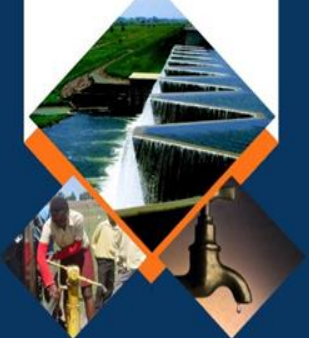

There is a great need for a properly constituted staff compliment with emphasis on:

- **M&E at a District level**
- **Office Administration**

Currently, the District is utilizing support from the M&E Dreams / Programmes Administrator for DREAMS.

DISTRIK MUNISIPALITEIT

## In Conclusion

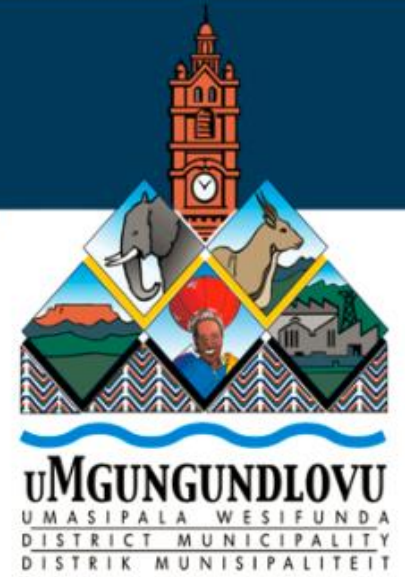

1. The uMgungundlovu at large has certainly improved life expectancy, reduced maternal mortality and mother-to-child transmission of HIV. Moreover, we have & continue to offer ART to those living with HIV.
2. Enhanced & strengthened coordinating structures on HIV.
3. Strengthened strategic partnership with civil society, NGOs and government departments.
4. Remain appreciative and thankful of the partners working in collaboration with the DAC and a family of Local AIDS Councils in the District.
