# PRESENTATION OUTLINE

Mandate of the PCA

Progress report as per 08 Goals of the PIP

PCA Key Projects 2022/23

Recommendations

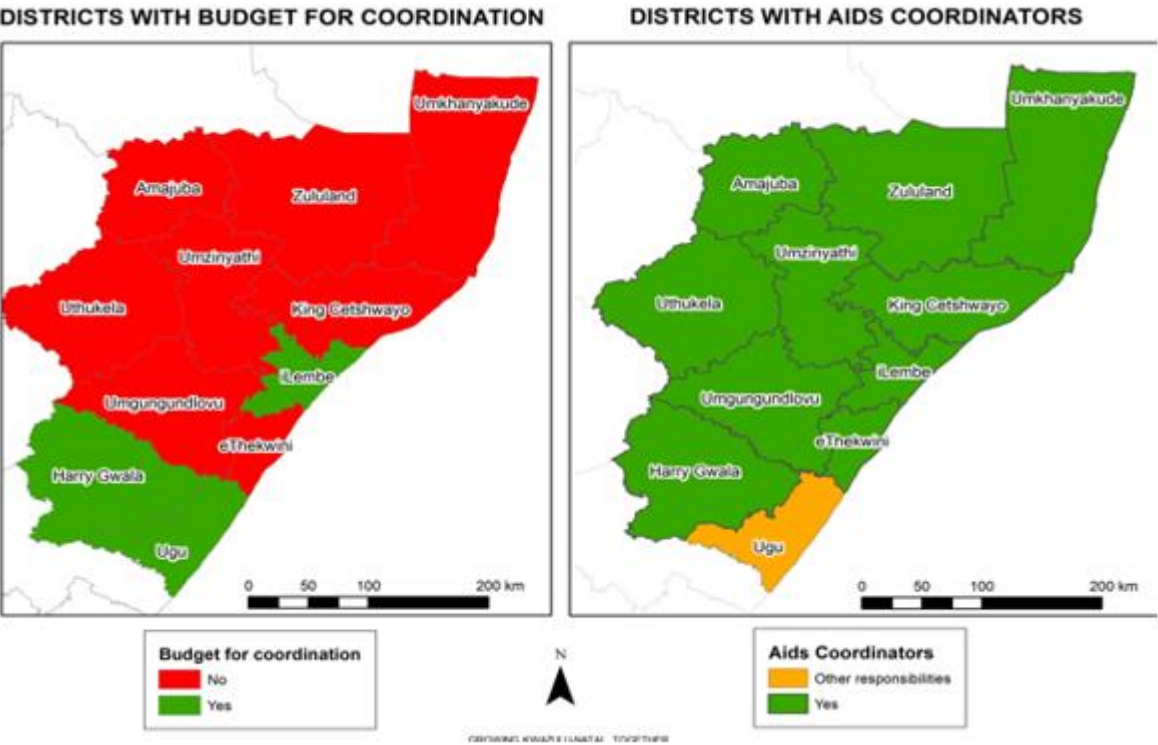

# PCA MANDATE IN THE HIV AND AIDS, TB AND STIs MULTISECTORAL RESPONSE

- Coordinate the development of the Provincial and District Implementation Plans for HIV, TB and STIs (PIP & MDIPs) every five years
- Deliberate and recommend changes to the plans after each mid-term review.
- Monitor the progress being made quarterly in the achievement of the targets and make recommendations for addressing underachievement of the objectives of these plans.
- Advocate for policy proposals from civil society, provincial and local governments, the private sector and technical experts and partners.
- Foster accountability among all structures, partners and stakeholders in the response.
- Mobilize resources for the response.

**The PCA Secretariat consists of Department of Health, Department of Social Development, Department of Education, Social Partners and Civil Society. This secretariat prepared this report for presentation to Provincial Council of AIDS through meetings arranged by Head of Secretariat residing in the Office of the Premier**

# HUMAN RESOURCES AND FUNDING FOR DISTRICT LEVEL CO-ORDINATION

- **10/11** districts with dedicated District AIDS Coordinators.
- **8/11** districts with zero funding for coordination activities.
