OTHER KEY CHALLENGES AND MITIGATION INTERVENTIONS

KEY CHALLENGES	MITIGATION INTERVENTIONS
1. Late submission and non submission of quarterly reports by Sector Departments and LACs to the DAC secretariat.	<ul style="list-style-type: none">• To clearly stipulate the time frames for submission of reports, including monitoring and evaluation thereof.
2. Non functionality of some WAC's in most municipalities.	<ul style="list-style-type: none">• Ongoing engagements with all key sectors to conscientise them about the importance of well established WAC's.• All municipalities to ensure that items on LAC's and DAC's become standing agenda items in all IGR Meetings.• Identification of champions in all local municipalities to provide hands on support in all Ward Aid Councils (WAC's)
3. Capacity challenges in some of the WAC's	<ul style="list-style-type: none">• Identification of other fieldworkers at a local level, to augment the current capacities in all Wards.• Ongoing training programmes in all WAC's to stakeholders, on their expected roles and responsibilities

PRIORITIES AND ACTION PLAN FOR THIS QUARTER 4

- Monitor 95 – 95 – 95 goals for district
- Monitor the High numbers of Teenage Pregnancy Special age 10 to 19 years old working with all the four Local AIDS Councils.
- Behavioral Change Campaign focusing on programs against GBV , High Teenage Pregnancy raters in District, Isibaya samadoda and youth Dialogues
- Consultation and Mobilization of all Community stakeholders to Support strategic programs.
- Continuer conducting door to door programs and visiting all the low performing facilities working with District Civil Society.
- Strengthening and reviving of all Ward AIDS Committees
- Visit all Local AIDS Councils Road Shows and induction for all Ward Councils'
- Welcome back loss to follow up campaigns

THANK YOU

The background features abstract, overlapping green geometric shapes, primarily triangles and polygons, in various shades of green, creating a modern and dynamic visual effect. The shapes are layered, with some appearing more prominent than others, and they extend towards the corners of the frame.
