WORLD AIDS DAY 2022 COMMEMORATION

REPORT TO THE PROVINCIAL COUNCIL ON AIDS

PRESENTED BY MRS GC SHABANGU

GROWING KWAZULU-NATAL TOGETHER

WORLD AIDS DAY THEME

Human figures in different shades, holding out their hands, touching at the cross section of the AIDS ribbon to demonstrate integration and equalisation.

The tale disintegrates just before the theme words to depict various challenges that still exist in the HIV response, necessitating the need to “equalise and integrate” in order to end AIDS by 2030.

The end of the tale of the ribbon is a solid line on the other side of the theme wording to demonstrate a solidified, equalised, and integrated HIV response.
