# Ward Aids Committee Functionality

- The district is not doing well when it comes to WAC functionality. Thus we resolve to revisit the functionality of ward aids committee in order to strengthen the fight against social ills. All the 4 LM'S will do the assessment, only Ulundi is doing well.
- Ward Councillors to be capacitated on their role as WAC chairpersons.

# Deliveries in facilities 10 -14 years

There is a concern of kids getting pregnant at any early age:  
Renormalizing Teenage Pregnancy through;

- Awarenesses has been strengthen to primary schools and advocate about the challenge on parents meeting.
- We have Learner Support Agents in schools working well with TBHIV on educating the kids

- -

# Deliveries in facilities 15 -19 years

**There is a concern on high numbers of teenagers delivering at an early age**

- There are dialogues taken in place on all five local municipalities - all stakeholders involved
- We also educate learners about the use of contraceptives (led by AYP Champion). Civil Society Forums are actively involved on awareness's in the community
- We had youth camp at uPhongolo on June which catered the whole district led by Arts and Culture and all stakeholders.
- The District Civil Society Chairperson has started the facilitation or capacity building to maidens and encouraging young to be part of uMkhosi womhlanga within the district.

# ART loss to follow on reporting period

- This is one indicator which worries the district

There are teams from HST which are assisting the district by tracing clients and on other instances they gave the wrong addresses and one has picked that we still have people coming from our neighboring country whom it is not easy to access them especially uPhongolo and eDumbe.

- The relevant department is working closer with leadership encouraging people to give true addresses when visiting the health facility

The background features abstract, overlapping geometric shapes in various shades of blue, ranging from light sky blue to deep navy blue. These shapes are primarily located on the left and right sides of the frame, creating a modern, dynamic feel. The central area is a plain, light grayish-white, providing a clean backdrop for the text.
