

Group 1: Biomedical Factors	
Risk Factors	STATUS IN YOUR WARDS / SUB-DISTRICT?
Modes of Transmission and Vulnerable Populations <ul style="list-style-type: none"> • <i>How is HIV being mainly transmitted in your community?</i> • <i>Who is getting mainly infected in your community?</i> 	
Biomedical interventions	
ARV treatment <ul style="list-style-type: none"> • <i>Are ARV's available?</i> • <i>Are there gaps in knowledge about ART?</i> • <i>Are there barriers to accessing ART?</i> • <i>Is Adherence strong or not?</i> • <i>Is there loss to follow-up?</i> • <i>Has there been a change over time? Reasons for the trends</i> 	
Tuberculosis <ul style="list-style-type: none"> • <i>Is there knowledge of TB in the community?</i> • <i>Is TB infection increasing or decreasing and why?</i> • <i>Does the community know how to prevent TB infection?</i> • <i>Is TB treatment effective?</i> 	
Circumcision <ul style="list-style-type: none"> • <i>What is the status of both medical and cultural circumcision?</i> 	
Condoms and lubricants <ul style="list-style-type: none"> • <i>Is there access to both male and female condoms?</i> • <i>Do people use them</i> • <i>Is there access to Lubricant and do people use them</i> 	
PrEP <ul style="list-style-type: none"> • <i>Is there access to PrEP?</i> • <i>Does the community know about PrEP?</i> • <i>Who uses PrEP?</i> 	
PEP <ul style="list-style-type: none"> • <i>Is there access to PEP?</i> • <i>Does the community know about</i> 	

Group 1: Biomedical Factors	
<i>PEP?</i> <ul style="list-style-type: none"> • <i>Who uses PEP?</i> 	
Other biomedical risk factors in your community not mentioned above?	
Knowing you HIV status <ul style="list-style-type: none"> • <i>What is the availability of HIV testing in the area</i> • <i>Who in the community is testing? Why?</i> • <i>Who in the community isn't testing? Why not?</i> 	
Knowing your TB status <ul style="list-style-type: none"> • When do community members test to know if they could have TB? • Where do they test for TB?
